Information Canada
Ottawa

INTRODUCTION

The Airport Activity Statistics annual report was introduced in 1968 to provide detailed information on Canada's twenty-five leading air terminals.

The ranking criterion is based on the total number of arriving and enplaned passengers recorded at an airport. Passengers continuing enroute on the same aircraft but with a different flight number, are counted as both arriving and enplaned.

In 1974 the top twenty-five airports in Canada were ranked as follows:

<u>Airport</u>	<u>Rank</u>
<u>Aéroport</u>	<u>Ordre d'importance</u>
Toronto International	1
Montreal International	2
Vancouver International	3
Calgary International	4
Winnipeg International	5
Ottawa International	6
Edmonton International	7
Halifax International	8
Edmonton Industrial	9
Quebec	10
Regina	11
Saskatoon	12
Victoria International	13
St. John's, Nfld. - Saint Jean (T.-N.)	14
Thunder Bay	15
St. John, N.B. - Saint Jean (N.B.)	16
Windsor	17
Sydney	18
Moncton	19
Fredericton	20
Prince George	21
London	22
Sept Isles	23
Gander	24
Fort St. John	25

Where necessary, figures have been updated from those published in the service bulletins.

Further information can be obtained from Mr. R. Watson, Aviation Statistics Centre, 275 Slater Street, Ottawa, Ontario K1A ON9 (telephone: 613-995-9897).

INTRODUCTION

Le présent rapport sur les activités aéroportuaires qui fut instauré en 1968 a pour but de fournir une statistique annuelle plus détaillée sur les vingt-cinq aéroports les plus importantes au Canada.

Le nombre total des passagers qui arrivent et qui embarquent à un aéroport sur des vols à horaire fixe sert de critère pour établir l'ordre d'importance. Les passagers qui poursuivent leur trajet dans le même avion mais ayant un numéro de vol différent sont dénombrés comme étant "arrivés" et "embarqués" à cet aéroport.

En 1974, les vingt-cinq aéroports les plus importants du Canada ont été classés comme suit:

<u>Number of arriving and enplaned scheduled passengers (000)</u>	<u>Nombre de passagers arrivés et embarqués sur vols à horaire fixe (000)</u>
9,837.7	9,837.7
7,515.9	7,515.9
4,321.3	4,321.3
2,382.7	2,382.7
2,051.3	2,051.3
1,696.8	1,696.8
1,344.1	1,344.1
1,335.3	1,335.3
644.7	644.7
587.9	587.9
541.8	541.8
475.8	475.8
424.2	424.2
387.5	387.5
368.5	368.5
314.9	314.9
313.0	313.0
294.3	294.3
285.3	285.3
280.6	280.6
278.5	278.5
254.3	254.3
253.0	253.0
224.4	224.4
223.1	223.1

Au besoin, les données provenant des bulletins de service ont été révisées pour tenir compte des corrections soumises par les transporteurs aériens.

Prière d'adresser toute demande de renseignement concernant les données de ce bulletin au soin de M. R. Watson, Centre des statistiques de l'aviation, 275, rue Slater, Ottawa, Ontario, K1A ON9 en signalant (613) 995-9897.

Collection of Data

The data regarding international flights were collected on a census basis from the individual carriers concerned. Data from domestic flights were collected on a combined census and sample (fifteen per cent) basis. Each day of the week was sampled twice each quarter and there was at least one sample day in each week. This resulted in fourteen sample days per quarter and fifty-six sample days for the year.

The carriers contributing data concerning international flights are as follows:

Aeroflot Soviet Airlines	Irish International Airlines
Aeronaves de Mexico	Japan Air Lines
Air Canada	KLM Royal Dutch Airlines
Air France	Lufthansa German Airlines
Air Jamaica (1968) Ltd.	Nordair
Alitalia	North Central Airlines
Allegheny Airlines	Northwest Orient Airlines
American Airlines	Olympic Airways S.A.
British Airways	Pacific Western Airlines
British West Indian Airways	Qantas Airways
C.P. Air	Scandinavian Airlines System
Czechoslovakian Airlines	Sabena Belgian World Airlines
Delta Air Lines	Swissair
Eastern Air Lines	TAP Portuguese Airlines
EI Al Israel Airlines	United Air Lines
Frontier Airlines	Western Air Lines
Hughes Airwest	Wien Air Alaska
Iberia Air Lines of Spain	

The carriers contributing data concerning domestic flights are as follows:

Air Canada
Alitalia
British Airways
C.P. Air
Eastern Air Lines
Eastern Provincial Airways
KLM Royal Dutch Airlines
Lufthansa German Airlines
Nordair
Pacific Western Airlines
Quebecair
Transair

If a carrier lands at a gateway (first Canadian airport) and departs to another Canadian airport, the arrival at the gateway is classified as an international flight while the departure is classified as a domestic flight.

If a carrier departs from a Canadian airport to a gateway (last Canadian airport) the departure from the previous Canadian airport and the arrival at the gateway are classified as a domestic flight while the departure at the gateway is classified as an international flight.

Characteristics of the Data

At airports where flight numbers changed, all arriving traffic is reported as being deplaned, although this may not actually be the case.

Similarly all departing traffic is reported as being enplaned, where the flight number originated.

"Other International" refers to any international traffic flying to, or from, any international point other than in the United States (including Alaska and Hawaii).

Collecte des données

Les données qui s'appliquent aux vols internationaux ont été réunies à partir d'un recensement auprès de chacun des transporteurs aériens concernés. Les chiffres sur les vols intérieurs ont été rassemblés en partie selon un échantillonnage de 15% et en partie selon un recensement. Chaque journée de la semaine a été prélevée deux fois au cours d'un trimestre et il y a eu un minimum d'une journée d'échantillonnage à chaque semaine. Il s'ensuit donc que l'échantillonnage est constitué de quatorze jours par trimestre et cinquante-six jours pour l'année.

Les transporteurs énumérés ci-après ont soumis des données concernant les vols internationaux:

Aeroflot Soviet Airlines	Irish International Airlines
Aeronaves de Mexico	Japan Air Lines
Air Canada	KLM Royal Dutch Airlines
Air France	Lufthansa German Airlines
Air Jamaica (1968) Ltd.	Nordair
Alitalia	North Central Airlines
Allegheny Airlines	Northwest Orient Airlines
American Airlines	Olympic Airways S.A.
British Airways	Pacific Western Airlines
British West Indian Airways	Qantas Airways
C.P. Air	Scandinavian Airlines System
Czechoslovakian Airlines	Sabena Belgian World Airlines
Delta Air Lines	Swissair
Eastern Air Lines	TAP Portuguese Airlines
EI Al Israel Airlines	United Air Lines
Frontier Airlines	Western Air Lines
Hughes Airwest	Wien Air Alaska
Iberia Air Lines of Spain	

Les transporteurs suivants ont contribué des données concernant les vols intérieurs:

Air Canada
Alitalia
British Airways
C.P. Air
Eastern Air Lines
Eastern Provincial Airways
KLM Royal Dutch Airlines
Lufthansa German Airlines
Nordair
Pacific Western Airlines
Quebecair
Transair

Si un transporteur effectue un atterrissage à un point d'entrée (premier aéroport canadien) et qu'il décolle vers un autre aéroport canadien, l'arrivée au point d'entrée est considérée comme un vol international tandis que son départ est classé comme un vol intérieur.

Par contre si un transporteur décolle d'un aéroport canadien à destination d'un point de sortie (dernier aéroport canadien) le départ du premier aéroport canadien ainsi que l'arrivée au point d'entrée sont interprétés comme vols intérieurs tandis que le départ au point de sortie est considéré comme un vol international.

Caractéristique des données

Avant un changement de numéro de vol à l'un des aéroports, toute arrivée est inscrite comme débarquement, même si cela n'est pas véritablement le cas.

Dans le même ordre d'idée, lorsqu'un nouveau numéro de vol est assigné, toute charge au départ est déclarée comme charge embarquée.

"Autre international" comprend tout trafic international à destination ou en provenance d'un point international autre que les Etats-Unis (compris Alaska et Hawaii).

"Transborder" refers to any international flight going to, or from, the United States (including Alaska and Hawaii).

"International Charter": The International Air Charter Survey is derived from reports filed on a monthly census basis by commercial air carriers performing charter services into and out of Canada. These carriers report all international charter flights performed by aircraft with a maximum take-off weight of more than 18,000 pounds.

Figures derived from the "International Air Charter Statistics" publications concerning passengers and cargo are shown for each airport in this publication.

EXPLANATORY NOTES

1. KLM Royal Dutch Airlines began operating into Toronto in April.
2. As a result of the Canada-United States Bilateral Air Agreement new transborder services were provided at Edmonton International Airport by Hughes Airwest and Northwest Orient Airlines starting in June. In July, Frontier and Western Airlines began providing transborder service to Winnipeg and Edmonton respectively.
3. The Canada-United States Bilateral Air Agreement also resulted in Air Canada providing new services. Québec to New York, Winnipeg to New York, and Edmonton to Calgary to San Francisco flights operated initially in 1974.
4. From a negative point the airport fire fighters rotating strikes in April caused cancellations of flights as well as diversions to airports which remained open.
5. Fuel shortages resulted in reduced services being offered by many carriers.

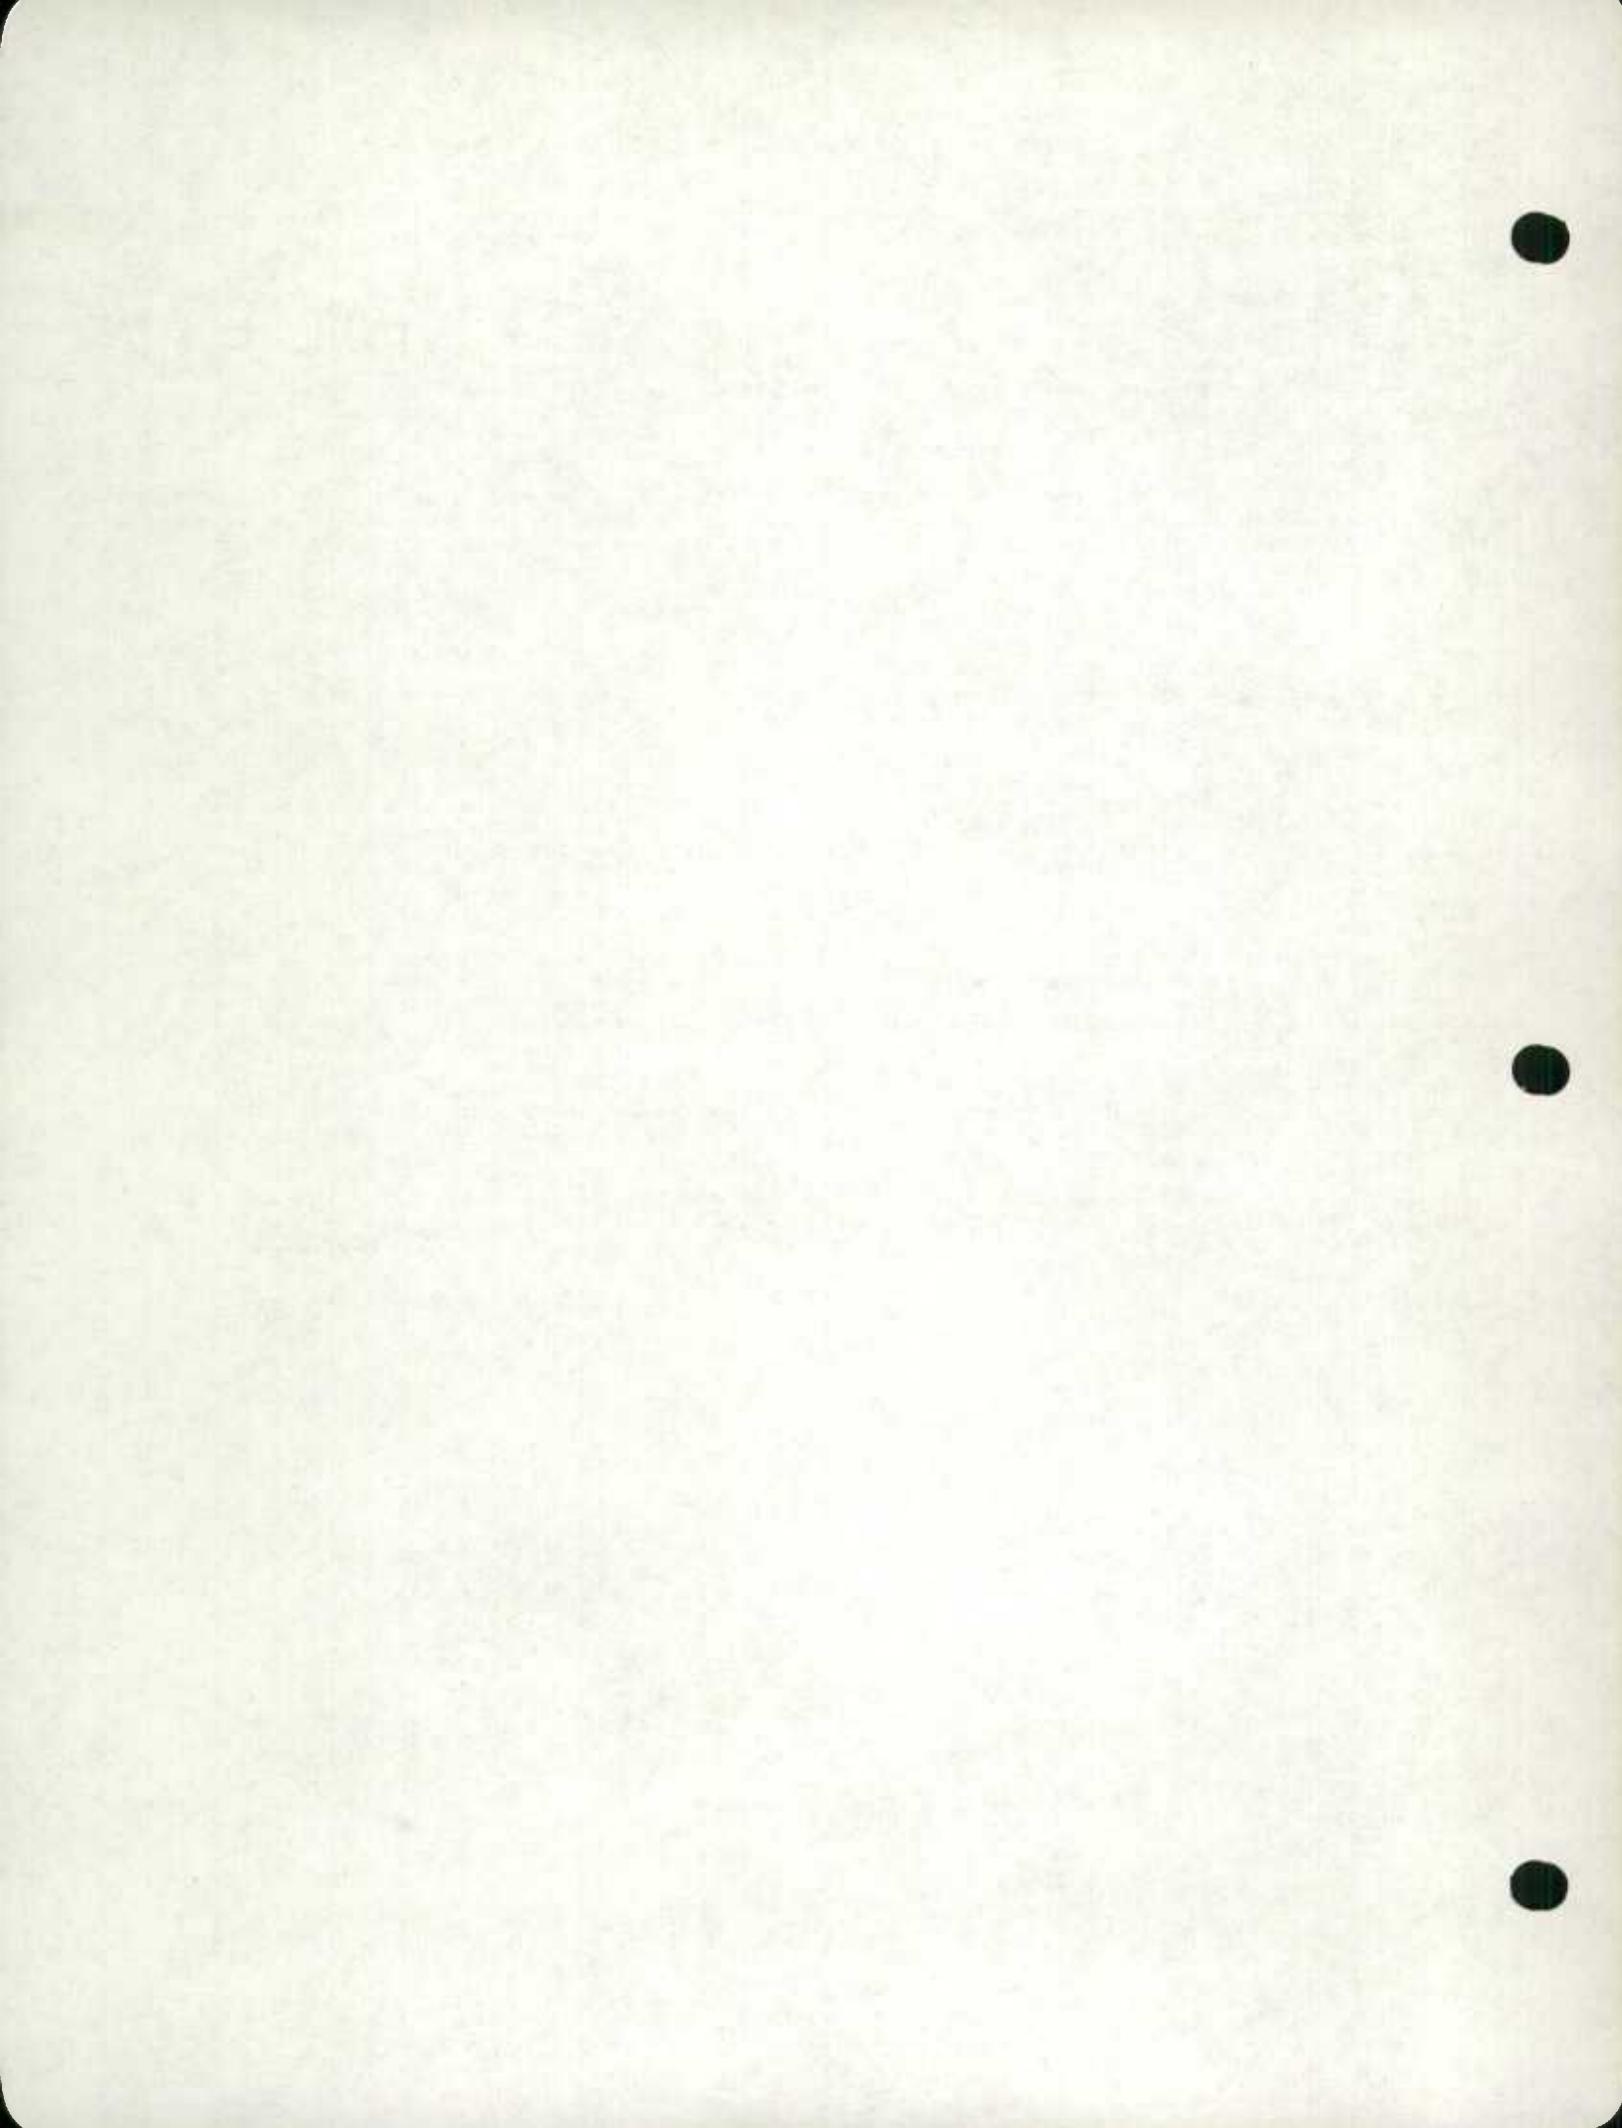

"Transfrontalier" comprend les vols internationaux à destination ou en provenance des Etats-Unis (comportant l'Alaska et Hawaii).

"Affrètement international": L'enquête sur les affrètements aériens internationaux provient des déclarations mensuelles des transporteurs aériens commerciaux qui assurent des services d'affrètement en provenance et (ou) à destination du Canada. Cette enquête est menée d'après un recensement. Les transporteurs déclarent tous les vols d'affrètements internationaux effectués par des aéronefs dont le poids maximum au décollage est supérieur à 18,000 livres.

Les données provenant du rapport "Statistique des affrètements aériens internationaux" qui s'applique aux passagers et aux marchandises sont montrées pour chacun des aéroports dans la présente publication.

NOTES EXPLICATIVES

1. La compagnie KLM a initié un service à Toronto à partir du mois d'avril.
2. En juin, suite aux récents accords aériens bilatéraux signés entre Canada et les Etats-Unis, les compagnies Hughes Airwest et Northwest Orient Airlines ont assumé des nouveaux services transfrontaliers à l'aéroport international d'Edmonton. A partir de juillet les compagnies Frontier et Western Airlines ont offert de nouveaux services transfrontaliers aux aéroports de Winnipeg et d'Edmonton respectivement.
3. Ces accords aériens bilatéraux entre le Canada et les Etats-Unis ont permis à la Société Air Canada de fournir de nouveaux services entre Québec et New York, Winnipeg et New York et entre Edmonton, Calgary et San Francisco.
4. D'autre part, durant le mois d'avril, les grèves tournantes des pompiers aux aéroports ont été à l'origine d'annulations de vols et de déroutements vers les aéroports qui demeuraient accessibles.
5. Plusieurs transporteurs ont aussi réduit le nombre de services offerts à cause de la crise d'énergie.

Aircraft Movement Statistics

This section presents the total number of aircraft movements recorded at the previously listed airports.

Further information about the distribution of total aircraft movements at air traffic controlled airports may be obtained from Mr. J. Bekooy, Aviation Statistics Centre (613-995-9894).

Statistiques relatives au mouvements des aéronefs

Cette partie présente le nombre total de mouvements enregistrés aux aéroports enumérés dans la première partie.

De plus amples renseignements relatifs à aéronefs aux aéroports avec une tour de contrôle peuvent être obtenus de M. J. Bekooy au Centre des statistiques de l'aviation (613-995-9894).
