MONTHLY TRAFFIC REPORT OF RAILWAYS OF CANADA
 FOR
JANUARY, 1932

The classification of commodities for this report has been revised, effective January 1, 1932. Canned meats are now included with "Dressed meats, (cured-salted-canned)." Eggs and butter, formerly reported under one item, are now reported separately. Copper ores and concentrates have been segregated from "Other Ores and Concentrates" and reported separately. Sand and gravel constitute one item and stone, (crushed, ground, broken) another item; previously they were combined with clay which is now included with "Other Mine Products." Cordwood and firewood are now reported separately having been segregated from "Logs, Posts, Poles, Cordwood." Also gasoline has been segregated from "Refined Petroleum and its Products." The paper, printed matter and books group has been broken up into, (a) Newsprint paper, (b) Other paper, (c) Paper board, pulp-board and wallboard (paper). Printed matter and books were transferred to "Other Manufactures and Miscellaneous." In computing increases and decreases to and from data for previous months, the new subdivisions have been combined where possible.
