MONTHLY TRAFFIC REPORT OF RAILWAYS OF CANADA

OCTOBER, 1949

All revenue freight carried by railways in Canada during October aggregated 13,543,427 tons compared with 14,872,613 tons in the corresponding period of 1948 and the record 15,029,157 tons in October of 1947. A decline of 10.3 p.c. or 1,529,186 tons is indicated from 1948 volume. Loadings at Canadian stations receded from 11,116,243 to 10,551,554 tons, off 5.1 p.c., while receipts from foreign connections dropped much more sharply to 2,792,095 tons compared with 3,756,370 tons in October of 1948. Freight destined to Canadian points was down 675,428 tons at 1,450,785 tons for the month, while intransit traffic shrank from 1,630,169 to 1,341,510 tons. Most of this contraction in foreign receipts was directly attributable to the continued strangulation of coal production in the United States. Coal receipts dropped from some 1,181,000 to 663,000 tons or 518,000 tons less than October of 1948, with miners having been on strike in the States throughout the month and during most of September.

Total freight carried showed recession from the preceding October in all main groups. Agricultural products were down 57,101 tons to 3,342,181 with a gain of 208,847 tons in wheat more than counterbalanced by decreases in barley, rye, flaxseed and other items. Animal products weighed 26,182 tons less at 261,444 with live stock, horses, meats and dairy products off sharply. Hog shipments, hides and leather and other packing house products advanced over October 1948. Mine products registered the largest drop from 5,631,472 to 4,843,287 tons, down 788,185 tons. The anthracite movement was 156,470 tons lighter while bituminous declined 350,608 tons to 1,133,233 even though Canadian output perked up. Forest products were down from a total of 1,445,166 tons in October of 1948 to 1,134,735 tons, a decrease of 310,435 tons. All items were lighter with pulpwood sagging from 500,025 to 320,387 tons and lumber, etc. off 89,120 tons or 12.6 p.c. Among manufactures only 6 of the 25 commodity classes registered advances and the total declined from 4,129,067 to 3,761,782 tons. Cement, rails and fastenings, fertilizers and sugar resisted the general decreases, with cement up 45,375 tons to 195,871 tons as hydro development demand remained strong. Pig iron, iron and steel, castings, building products, implements, automobiles, beverages, woodpulp, canned goods, miscellaneous manufactures and L.C.L. were down sharply from the preceding October. Iron and steel affected by U. S. strikes, decreased from 256,487 to 154,506 tons. Other manufactures and miscellaneous shrank from 1,211,526 to 1,089,925 tons and L.C.L. was 37,634 tons lighter at 515,243 tons for the month.

Loadings at Canadian stations during October registered gains in the agricultural group over the same month of 1948 in wheat up from 1,236,982 to 1,446,804 tons, and in corn, oats, other grain, cotton, apples, potatoes up from 68,682 to 91,095 tons, and in other agricultural products. Declines were heaviest in barley, rye, flaxseed which dropped from 175,655 to 25,826 tons. Hogs, other packing house products, leather and other animal products increased but live stock, horses and other items of the animal and animal products group showed reduced loadings.

Canadian coal and coke loadings were heavier than in the previous October, the total for the five fuel items rising 102,601 tons or 7.4 p.c. Sand and gravel shipments were down from 494,955 to 295,274 tons but crude petroleum jumped from 59,955 to 155,286 tons.

All products of Canadian forests moved in reduced volume during the month as compared with October 1948. Pulpwood was down 168,591 tons to 326,507 while lumber slipped from 615,596 to 540,800 tons.

Among manufactures and miscellaneous loadings were heavier in gasoline, pig iron, rails, cement, fertilizers and furniture, while iron and steel, agricultural implements, brick, beverages, woodpulp, canned goods, miscellaneous and L.C.L. merchandise were considerably lighter in the month under review.

By provinces loadings were down from the preceding October in all areas except Prince Edward Island, Alberta and Saskatchewan. Alberta showed a worthwhile gain of 134,877 tons to 1,534,993 tons.

In the first ten months, a total of 118,058,214 tons of revenue freight were carried by railways in Canada, a decrease of 9,765,619 tons or 7.6 p.c. from the record established for the similar period of 1948.

COMPARATIVE SUMMARY

Total Freight Loaded and Received from Foreign Connections

| Provinces | October | September | October | October |
|--------------------------------|-------------------|-------------------|-------------------|-------------------|
| | 1949 | 1949 | 1948 | 1947 |
| | Tons | Tons | Tons | Tons |
| Prince Edward Island | 24,369 | 11,957 | 17,712 | 38,428 |
| Nova Scotia | 945,619 | 891,396 | 966,879 | 882,662 |
| New Brunswick | 385,987 | 305,261 | 406,135 | 426,506 |
