MONTHLY TRAFFIC REPORT OF RAILWAYS OF CANADA

OCTOBER, 1949

Domestic and foreign revenue freight transported by Canadian railroads in October totalled a new record of 14,872,613 tons, an increase of 11.8 per cent or 1,502,688 tons above the revised total of 13,411,613 tons in the same month of 1948 and 177,164 tons better than October, 1948 with 14,872,613 tons. Newfoundland traffic is included for the current month and October, 1949. The total for October is only 26,380 tons below the all time high for the month reached in 1947. Canadian stations reported 11,262,605 tons loaded during the period compared with a revised 10,619,761 tons one year earlier, an advance of 642,824 tons, or 6 per cent, while foreign receipts for domestic points climbed from 1,450,721 to 2,135,015 tons, reflecting heavy imports. Intransit traffic improved from 1,341,510 to 1,599,159 tons.

In total freight carried, October posted gains in Mine Products up 22.8 p.c. or 1,108,230 tons to 5,975,407 tons, Forest Products advancing 445,821 tons over the preceding October to 1,600,584 tons and in the Manufactures and Miscellaneous group which increased from 5,785,499 to 4,304,360 tons, a betterment of 13.7 p.c. or 518,861 tons. With a delayed grain movement, Agricultural Products dropped 462,420 tons to 2,880,508 tons and Animals and Animal Products declined 25,527 tons to 256,118 tons due mainly to lower livestock shipments.

Among the agricultural products, wheat moved decreased 391,299 tons from the previous October to 1,092,945 tons, and oats, rye, flaxseed and other grains were considerably lower. Apples and other fruits were reduced while potatoes dropped from 104,856 to 52,566 or by one half. Corn, barley, as well as flour, cotton and other agricultural products posted good gains but could not offset the large declines in wheat, oats and potatoes. Livestock totalled 72,342 tons for the month or 24,087 tons below the previous October's loadings while sheep, hogs and meats were also lower. Eggs dropped sharply from 6,653 to 1,471 tons. Horses, butter, wool and non-edible products moved in larger volume.

All mine products except crude petroleum registered increases over October, 1949. The decline in crude from 160,024 to 144,794 tons was due entirely to the operation of the new western pipeline which began to take oil early in the month. The movement of coal rose considerably with anthracite up 85,109 tons to 524,519 and bituminous increasing 280,524 tons to 1,422,658 tons. Strikes in the United States had lowered 1949 volume. Iron ores and concentrates totalled 513,221 tons or nearly double the previous October for the same reason. Other ores rose 166,093 tons to 785,622 tons. Most building products continued very active during the month with sand and gravel up 115,368 tons to 438,256, stone up 57,001 tons and asphalt increasing 12,036 tons. Other mine products grossed 746,181 tons or 94,555 above October 1949.

The forestry group had a very active month. Lumber shipments rose to 906,988 tons, a gain of 305,666 tons or 50 p.c. Pulpwood was in heavy demand and 458,466 tons were carried, nearly 111,000 more than in the previous October. Logs, posts and poles rose 24,901 tons to 126,690 tons.

Among manufactured items, gains predominated with petroleum oils and products up 46,797 tons to 264,904 tons. Iron, pig and bloom increased strongly, 42,181 tons to 100,928, while iron and steel posted an advance of 67,520 tons to 222,214 tons for the month. Gains were also shown in castings, brick and artificial stone, and in lime and plaster. The automobile industry had a bumper month both in Canada and the United States, with 247,146 tons moved by rail, some 59,447 tons more than in October, 1949. Newsprint paper rose 18,034 tons to 310,464 tons for the month while other paper in brisk demand advanced 15,826 tons to 82,566 tons. Furniture, fertilizers and wallboard also increased. Woodpulp jumped 65,185 tons to 217,691. Other manufactures and miscellaneous totalled 1,288,545 tons or 197,586 tons above the similar period one year earlier. L.C.L. merchandise recorded a noteworthy gain of 19,862 tons to 345,909 tons. Lighter movements were indicated for gasoline, sugar, cement off 23,082 tons to 172,967, and in implements, beverages and fish. Some of the loss in the transport of beverages was to motor carriers.

The ten months total at 118,219,164 tons shows a recession from 1949 of 512,757 tons in all revenue freight carried. This decline of only 0.4 p.c. was covered in the last two months of the year.

A review of provincial traffic during October reveals gains in all provinces except Prince Edward Island, Saskatchewan and Alberta. Newfoundland traffic advanced from 68,906 to 119,796 tons, Quebec from 2,251,289 to 2,813,555, up 25 p.c. The Ontario total rose 954,572 tons or 18 p.c. to 6,152,768 tons, Manitoba volume improved from 799,155 to 964,297 tons and British Columbia from 925,801 to 1,121,652 tons. The record demand for mine and forest products bolstered traffic in those provinces favoured with vast woodlands and buried wealth.

COMPARATIVE SUMMARY

Total Freight Loaded and Received from Foreign Connections

| Provinces | OCTOBER | SEPTEMBER | OCTOBER | OCTOBER |
