OPERATING REVENUES, EXPENSES & STATISTICS

STEAM RAILWAYS OF CANADA

WITH ANNUAL OPERATING REVENUES OF \$500,000

FOR THE MONTH OF JANUARY, 1930

Gross revenues of Canadian railways for January amounted to \$33,864,007 which was a decrease from 1929 of \$4,556,727, or 11.9 per cent. Operating expenses were reduced by \$1,906,020 and the net operating revenue amounted to \$1,987,156, as against \$4,637,863 for January, 1929. Freight traffic was lighter than in 1929 by 28.9 per cent and passenger miles showed a decrease of 1.3 per cent.

EASTERN LINES- CANADIAN NATIONAL RAILWAYS: Although freight traffic was lighter than in 1929 by 22.5 per cent, a higher average receipt per ton mile produced a decrease of only \$56,325, or 3.6 per cent, in freight revenue. Passenger traffic was heavier and the revenues increased by \$11,526, or 3.4 per cent. Total revenues were only slightly less than for January, 1929, (- \$11,754) but an increase in operating expenses of \$235,980, or 9.3 per cent, increased the operating deficit by \$247,734. The average loading per freight train was lighter by 89.3 revenue tons but the earnings increased by 9 cents per train mile.

CANADIAN NATIONAL RAILWAYS: A reduction of 18.4 per cent in the revenue ton miles produced a reduction in freight revenues of \$931,865, or 8.7 per cent, the decrease in traffic being largely in grain. Passenger revenues also decreased and total gross revenues were less by \$908,813, or 6.1 per cent. With a slight increase in operating expenses, net operating revenues were reduced by \$1,000,183. The pay roll was slightly higher than in 1929 but the number of employees decreased by 1,559, or 1.8 per cent.

The New England lines showed larger gross and net revenues, but the Duluth, Winnipeg and Pacific and the Grand Trunk Western both earned smaller gross revenues, and their net operating revenues were approximately only half of the 1929 net revenues.

For the system (excluding Eastern Lines) net operating revenues amounted to \$733,912 as against \$2,084,740 for January, 1929.

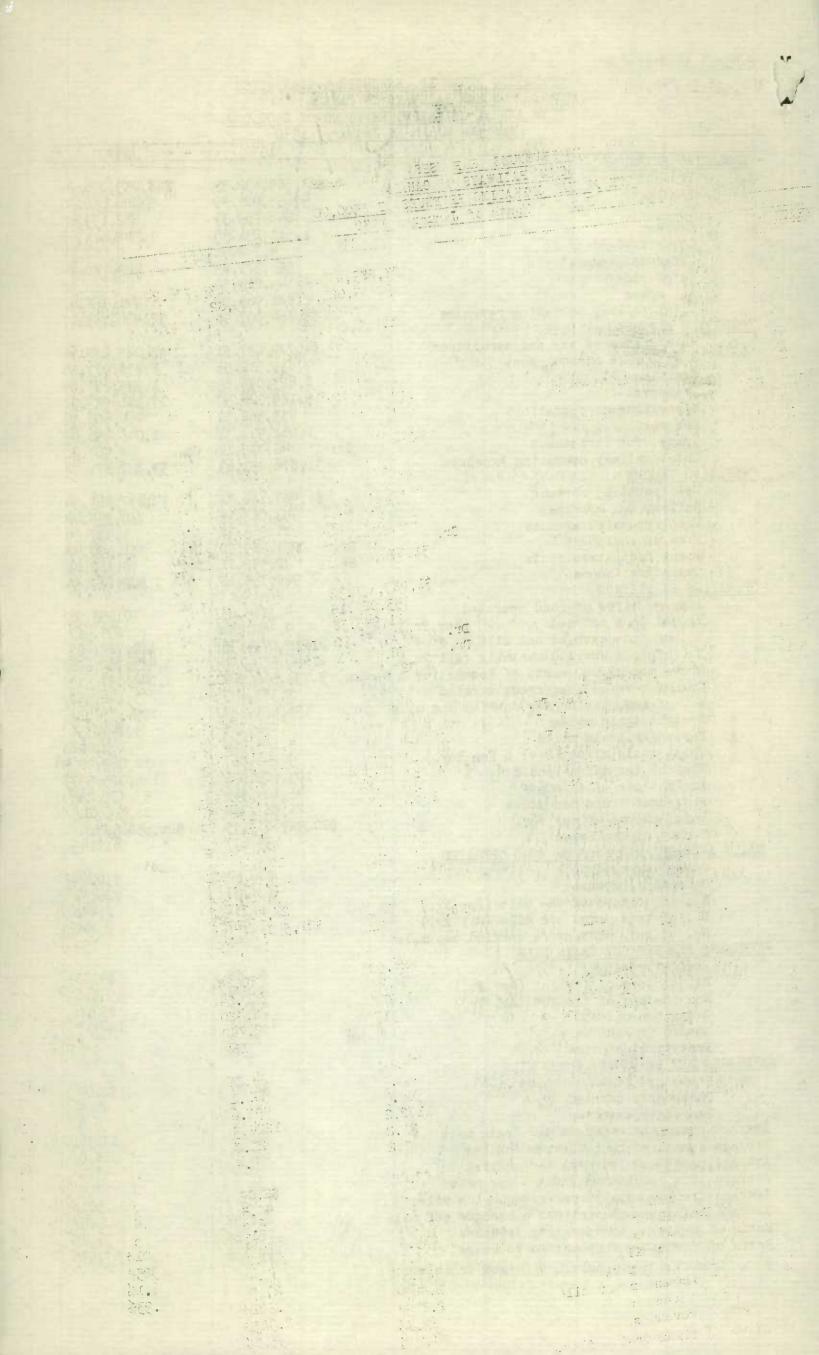

CANADIAN PACIFIC RAILWAY: Freight traffic was lighter than for January, 1929, by 43.2 per cent and freight revenue decreased by \$3,161,035, or 26.6 per cent. Total gross revenues amounted to \$12,748,062, or \$3,239,571 less than in 1929. Operating expenses were reduced by \$2,038,542, or 14.7 per cent, and the net operating revenue was reduced from \$2,159,945 for January, 1929, to \$958,916. The pay roll was reduced by \$643,246 and the number of employees by 5,342. The light grain traffic was largely responsible for these decreases and the average haul was also affected, decreasing from 499.7 miles in 1929 to 339.5 miles in January, 1930.
