OPERATING REVENUES, EXPENSES & STATISTICS

STEAM RAILWAYS OF CANADA

WITH ANNUAL OPERATING REVENUES OF \$500,000.

FOR THE MONTH OF NOVEMBER, 1930

Gross revenues for November of Canadian railways amounted to \$35,474,326, which was \$6,006,641 or 14.5% less than in 1929 and was also the smallest revenue earned in any November since 1920, the first year covered by these reports. Prior to 1928 November revenues have been exceeded only by October revenues and in some years were the highest, but in 1929 and 1930 they were lower than for any previous month except January and February. Operating expenses amounted to \$27,895,807 or \$4,456,054 less than in 1929 and the operating income amounting to \$6,525,547 was less by \$1,164,178. The decrease in freight traffic was only 5.5 per cent but the average revenue per ton mile was ten per cent less than in 1929 resulting in a reduction in freight revenues of 14.8 per cent, and passenger traffic decreased by 26.4 per cent.

For the eleven months January - November, gross revenues amounted to \$416,948,652 as against \$489,161,488 in 1929 and the operating income amounted to \$55,905,213 as against \$80,505,162.

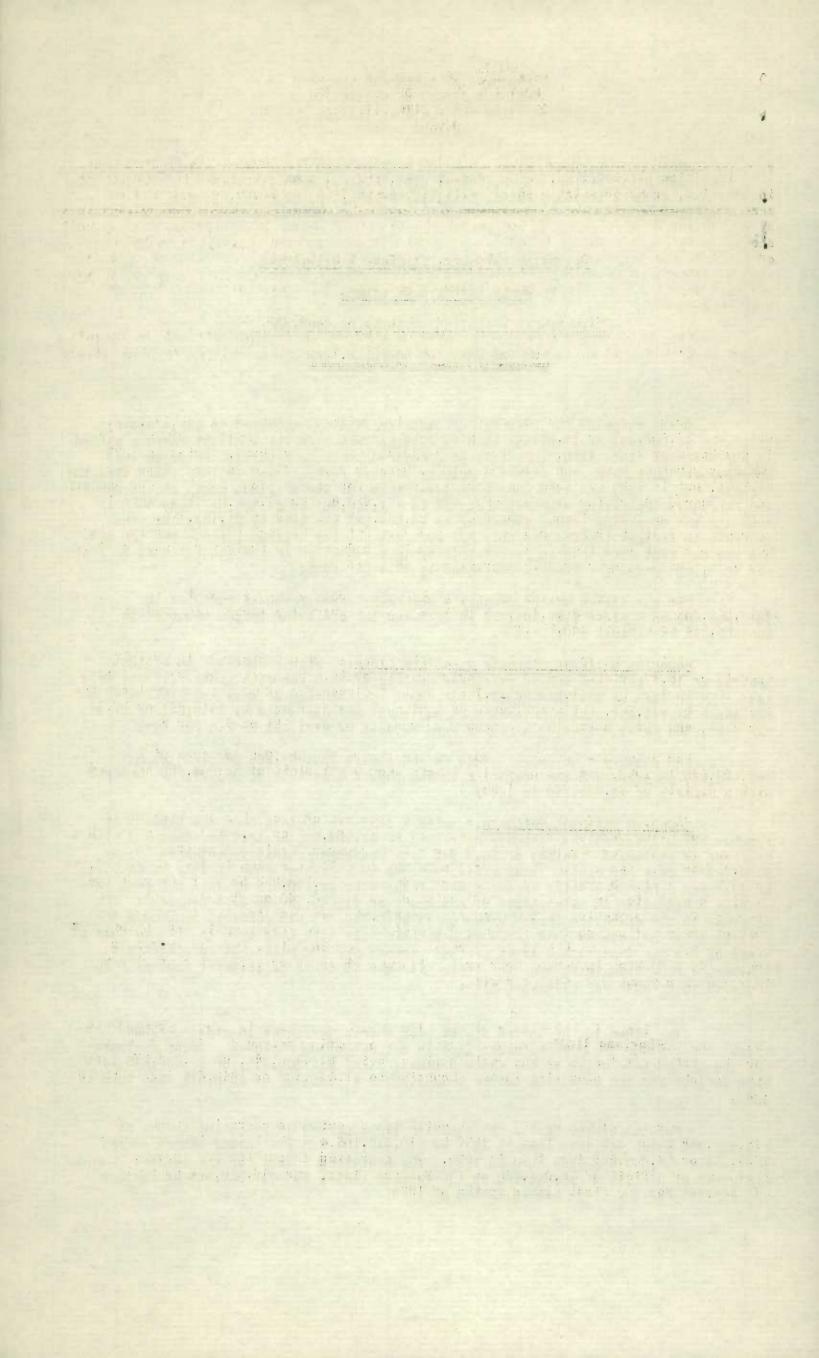

CANADIAN NATIONAL RAILWAYS - EASTERN LINES. - With a decrease in freight traffic of 15.7 per cent and in passenger traffic of 25.5 per cent gross revenues were less than in 1929 by \$341,817 or 14.1 per cent. Maintenance of ways and structures was increased by \$44,454, but maintenance of equipment was decreased by \$146,641 or 27.1 per cent. and total operating expenses were reduced by \$171,181 or 6.6 per cent.

For January - November gross revenues were \$26,257,085 compared with \$27,904,539 in 1929, and the operating income showed a deficit of \$5,034,355 compared with a deficit of \$3,641,710 in 1929.

CANADIAN NATIONAL RAILWAYS. - With a decrease of less than one percent in revenue ton miles, freight revenues decreased by \$1,907,566 or 14.7 per cent and with a decrease in passenger traffic of 26.9 per cent passenger receipts decreased by \$496,767 or 26.2 per cent. Total gross revenues were lighter than in 1929 by \$3,019,732 or 17.2 per cent. Operating expenses were reduced by \$2,110,253 or 14.1 per cent including a reduction in maintenance of equipment of \$1,200,980 or 31.3 per cent. The decrease in the operating income amounted to \$816,776. It was possible to reduce the freight train mileage so that revenues per train mile were less than in 1929 by only 57 cants or 9.2 per cent with a lower average revenue per ton mile, but for passenger trains the reduction in revenue per train mile was 38 cents or 18.3 per cent with an increase in revenue per passenger mile.

The lines in the United States also showed decreases in gross revenues and except the New England lines decreases also in net operating revenues. Gross revenues for the system (exclusive of the Eastern Lines) being \$17,169,986, or \$3,693,273 less than in 1929 and the operating income amounting to \$1,544,106 or \$840,312 less than in 1929.

For the eleven months the Canadian lines earned an operating income of \$18,363,998 which was less than in 1929 by \$10,435,108,and the United States earned \$694,929 or \$6,357,838 less than in 1929. The operating income for the system, exclusive of deficit of \$5,034,355 on the Eastern Lines, was \$19,058,927 as against \$35,851,873 for the first eleven months of 1929.

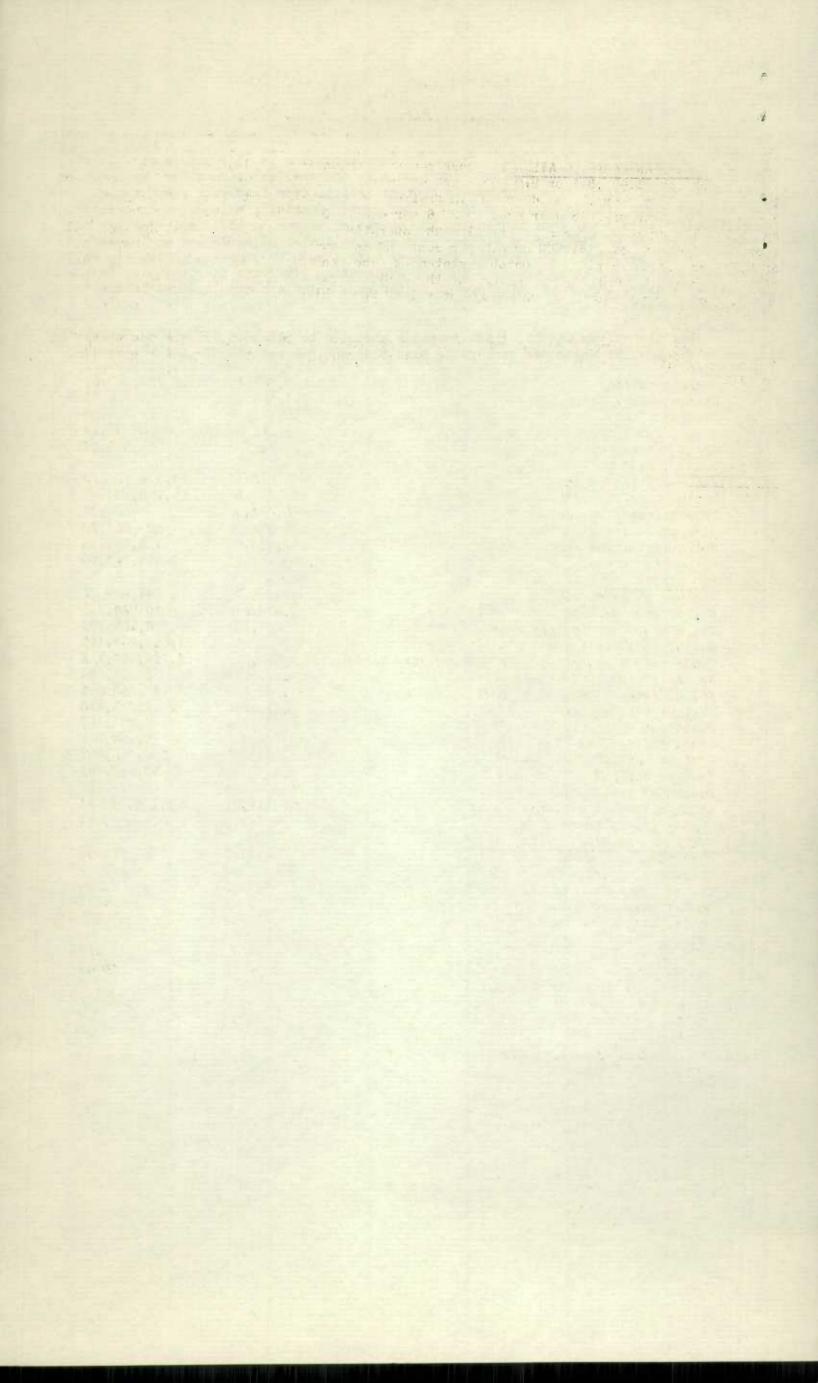

- 2 -

CANADIAN PACIFIC RAILWAY: Gross revenues amounting to \$14,725,762 were less than in 1929 by \$1,462,841 or 9.0 per cent and were the smallest earned for any November in the past eight years. The decrease in freight traffic from last year was 5.4 per cent and passenger traffic decreased by 27.6 per cent. Operating expenses were reduced by \$1,590,168 or 14.3 per cent increasing the operating income by \$371,963. The pay roll showed an increase of \$181,308 or 2.5 per cent and the number of employees an increase of 2,771 or 5.2 per cent. The October statement also showed an increase in the pay roll with a decrease in operating expenses and the explanation given was the inclusion in the pay roll of a large amount of unemployment relief work which was not included in the operating expenses.

For the eleven months, gross revenues amounted to \$165,836,992 and the operating income to \$34,087,139 which are comparable with \$196,183,499 and \$39,991,275 respectively for 1929.
