## OPERATING REVENUES, EXPENSES & STATISTICS RAILWAYS IN CANADA WITH ANNUAL OPERATING REVENUES OF \$500,000 OR OVER

AUGUST, 1935

Gross revenues of Canadian railways for August increased from \$25,201,460 last year to \$25,520,022, or by \$318,561, but operating expenses increased by \$487,904 reducing the net operating revenue from \$2,254,808 to \$2,085,465 and the operating income from \$1,179,773 to \$1,134,486. Freight traffic showed an increase of 1.9 per cent and passenger traffic an increase of 9.3 per cent, but passenger revenues were less than one per cent over last year's and passenger car miles increased only 1.0 per cent. Low rate excursion traffic was probably the main factor in these increases. The total pay roll increased from \$13,627,367 to \$14,780,797, or 8.5 per cent, for an increase in the number of employees of 3,369, or 2.7 per cent.

For the eight months, January-August, gross revenues amounted to \$191,145,398 in 1935 and \$190,600,718 in 1934 and the operating incomes were \$11,668,919 in 1935 and \$15,715,897 in 1934, or \$4,046,978 less to meet interest and other income charges than last year.

CANADIAN HATIONAL RAILWAYS: Canadian Lines earned \$12,006,170 in August as against \$11,595,916 last year. This was an increase of \$410,254 and, with operating expenses heavier by only \$30,924, the net operating revenue was increased by \$379,329 and the operating income by \$396,967, or from a debit in 1934 of \$306,157 to a credit of \$90,810. Freight traffic increased by 3.5 per cent and passenger traffic (passenger miles) by 17.5 per cent.

All lines in the United States showed improvements in net operating revenues and all but the Duluth, Winnipeg and Pacific showed improvements in the operating incomes although the Central Vermont was the only one of the four to show a credit. The operating income of the four United States lines was a debit of \$70,845 as against a debit last year of \$164,086 and for the system including both Canadian and United States lines it was a credit of \$19,964, as against a debit of \$470,244 last year.

For January to August gross revenues increased from \$107,022,440 in 1934 to \$109,229,058, but operating expenses increased also and the system operating income was a debit of \$674,857, as against a credit of \$373,403 in 1934, or a decrease of \$1,048,260 for the system.

CANADIAN PACIFIC RAILWAY: With a decrease in gross revenues of \$76,974, or from \$11,001,127 in August, 1934, to \$10,924,153, and an increase in operating expenses of \$565,392, the net operating revenue was reduced by \$642,366 and the operating income by \$562,293, or from \$1,070,633 to \$508,339. Freight traffic was only slightly heavier than in 1934 and freight revenues decreased by \$42,102. Passenger traffic increased by \$.3 per cent and passenger revenues by 1.7 per cent.

For January-August gross revenues declined from \$79,056.817 in 1934 to \$78,393.690, operating expenses increased from \$65,439,630 to \$67,687,404, and the operating income decreased from \$10,636,527 to \$8,096.540, or by \$2,539,987.
