OPERATING REVENUES, EXPENSES & STATISTICS
RAILWAYS IN CANADA

WITH ANNUAL OPERATING REVENUES OF

\$500,000 OR OVER

JUNE, 1945.

20-4140

BIELIOTH

STATISTICS

ATISTIQUE

CAHADA

146

The earnings of Canadian railways for June at \$69,861,147 was a new high record, exceeding the June, 1944, revenues by \$2,851,143 and the previous record made in August, 1943, by \$46,229. Passenger revenue was less than in 1944 by \$235,463 and has been exceeded in six other months, but freight revenues increased by \$2,511,387 over June, 1944, and was exceeded only in November, 1943, and March and October, 1944.

Operating expenses increased from \$49,504,077 in 1944 to \$52,747,889, and the operating income was increased from \$12,577,194 to \$13,499,870, taxes being reduced by \$1,120,028 and hire of equipment and joint facilities rents also showing decreases

Freight traffic measured in revenue ton miles was heavier than in 1944 by 8.5 per cent and was 50,382,000 ton miles or 0.86 per cent above the previous record made in November, 1945, and was 3½ times the June, 1939 volume. Passenger miles declined from 1944 traffic by 2.6 per cent, but passenger train miles increased by 4.2 per cent and passenger train car miles by 4.3 per cent. The number of employees increased from 167,048 to 171,159 or by 2.5 per cent, and the total pay roll increased from \$29,109,364 (adjusted for rate increases) to \$29,924,717 or by 2.8 per cent.

The average freight haul was increased from 372 to 404 miles and the average passenger journey from 130 to 141 miles, but after deducting commuter traffic the average journey was the same in 1944 and 1945 at 157 miles.

For the six months gross revenues declined from \$383,126,924 in 1944 to \$380,134,393, operating expenses increased from \$294,759,777 to \$306,651,150 and the operating income was reduced from \$61,941,780 to \$53,852,524. The 1944 expenses do not include all wages earned under the increased rates awarded in July, 1944. The total pay roll originally reported for January to June, 1944, was \$159,258,918 as against the restated amount of \$171,495,397, a difference of \$12,256,479. Some of this was chargeable to capital account but the greater part was chargeable to operating expenses and, consequently, if the accounts for both years were on the same besis the operating income for the first half of 1945 would show an increase over that for 1944 instead of a decrease.

CANADIAN NATIONAL RAILWAYS: Operating revenues of Canadian lines increased from \$35,212,700 in June, 1944, to \$55,398,500, operating expenses increased from \$25,661,807 to \$26,843,164 and the operating income was increased from \$7,025,024 to \$8,039,171. The United States lines showed increased revenues and expenses but decreased operating income, raising the system operating revenue to \$59,657,000 and the operating income to \$8,568,414 from \$37,589,000 and \$7,466,484 respectively for June, 1944. For January - June system operating revenues were increased from \$215,579,000 in 1944 to \$213,869,000, operating expenses were increased from \$172,596,000 to \$174,471,000 and the operating income was reduced from \$35,200,383 to \$33,763,549.

CANADIAN PACIFIC RAILWAY COMPANY: Operating revenues were increased to \$28,154,266 from \$26,885,319 in June, 1944. Operating expenses were increased from \$19,316,805 to \$21,463,748 and, due mainly to a reduction in taxes of \$844,887, the operating income was increased from \$4,538,457 to \$4,652,677. For January - June operating revenue was reduced from \$155,369,104 in 1944 to \$155,263,935, operating expenses were increased from \$115,988,116 to \$126,619,979 and the operating income was reduced from \$22,680,415 to \$17,219,998.
