BIELIOTHÈQUE

OPERATING REVENUES, EXPENSES & STATISTICS

RAILWAYS IN CANADA

WITH ANNUAL OPERATING REVENUES OF

\$500,000 OR OVER

AUGUST, 1945.

20-4140

Canadian railways earned \$66,783,994 in August as compared with \$68,899,784 in August, 1944, and \$70,913,046 in July. Operating expenses declined from \$68,580,609 last year to \$53,434,410, but certain allowances for back pay were included in the August, 1944, expenses. The net operating revenue was thus increased from \$5,319,175 to \$13,349,584. Taxes increased by \$1,639,455, and with a small increase in net rents the operating income increased from \$2,207,332 to \$8,596,267. Freight traffic was 4.9 per cent lighter in 1944 and passenger traffic, measured in passenger miles, declined by 3.6 per cent, although passenger train car miles increased by 4.0 per cent. The total pay roll increased by \$1,202,652 or 4.0 per cent after adjustment for increased rates in 1944, and the number of employees increased from 169,680 to 174,670 or by 2.9 per cent.

For January - August operating revenues declined from \$521,052,743 in 1944 to \$517,831,433, operating expenses increased from \$410,145,511 to \$413,546,504, and the operating income declined from \$76,726,303 to \$73,591,669.

CANADIAN NATIONAL RAILWAYS: Operating revenues of Canadian lines declined from \$34,256,500 in August, 1944, to \$33,953,200, operating expenses were reduced by \$2,630,937 and the operating income was increased from \$4,663,025 to \$7,009,591. Total pay roll increased from \$16,354,609 to \$17,196,083, the latter amount including \$200,046 back pay. The United States lines showed an increase in both revenues and expenses and a reduction in operating income. The system operating revenue decreased from \$38,300,000 to \$38,168,000 and the operating income was increased from \$5,027,798 to \$7,207,282.

For January - August system operating revenues increased from \$290,360,000 to \$291,882,000, and the operating income increased from \$48,114,556 to \$49,320,152.

CANADIAN PACIFIC RAILWAY COMPANY: Operating revenues were 10 per cent below August, 1944, revenues, declining from \$28,567,804 to \$26,972,507. Passenger revenues were up by \$336,510, but freight revenues declined by \$1,817,327. Operating expenses show a decrease of \$7,877,066, but the August, 1944, expenses included an allowance for 8 months back pay to take care of the N.W.L.B. wage award made in July. Thus, cumulative figures for the 8 months are comparative but not the August expenses.

For Jamuary - August operating revenues increased from \$211,871,267 to \$211,400,577, operating expenses increased from \$167,383,141 to \$171,808,766, and the operating income was reduced from \$22,230,451 to \$21,952,476.
