PERATING REVENUES, EXPENSES & STATISTICS
RAILWAYS IN CANADA

WITH ANNUAL OPERATING REVENUES OF \$500,000 OR OVER 20-4140

JAMUARY, 1948

Operating revenues of Canadian railways during January were \$60,450,702 compared with \$57,565,026 in the same month of 1947 to register an increase of 5 p.c. or \$2,885,676. Freight revenues continued to advance, the increase being 6.8 p.c. over January 1947 to \$47,921,371. Passenger revenues declined 8.7 p.c. to \$6,287,866 against \$6,884,680. Increased operating expenses more than offset the gain in earnings, rising \$3,605,571 to \$58,980,145 from \$55,374,574 up 6.5 p.c. Operating income deficit, due principally to C.N.R. operations, increased from \$508,611 in January 1947 to \$1,239,907 or by \$731,296. Increases of \$1,186,647 in maintenance of equipment and \$2,311,095 in transportation expenses were the main factors in the larger debits. Revenue freight ton miles rose nearly 1 p.c. but revenue passenger miles was off 11.1 p.c. from January 1947 and average journey declined from 83 to 79 miles. Number of employees reached 175,005 earning \$34,879,675 compared with 170,419 receiving \$33,906,092 in the same month last year. This is a new record payroll for any January. This is a new record payroll for any January.

Operating revenue per mile of road operated increased from a daily average of \$43.64 in January 1947 to \$45.33 but operating expenses climbed from \$41.98 to \$44.71 in the twelve months.

CANADIAN NATIONAL RAILWAYS: While operating revenues of Canadian lines rose \$656,300 to \$28,820,500 or by 2.3 p.c. over January 1947, operating expenses were \$1,744,745 heavier at \$29,824,258 and the operating income deficit for the month increased \$1,327,484 to \$1,767,802. Freight revenues at \$22,155,000 were up 3.5 p.c. but passenger revenues dropped 8.4 p.c. to \$2,969,900 against \$3,241,700 in January of the preceding year. Transportation charges were \$1,105,435 heavier while maintenance of equipment rose \$672,108 over the same month of 1947. Payroll was up \$570,278 at \$18,933,326 with 3,680 more employees concerned. Taxes were up \$137,165. The deficit of \$1,767,802 in the month's operations is exclusive of monthly interest charges which average about \$3,500,000 for the system and other credit and debit items. While revenue freight tonnage carried declined 1.7 p.c., mileage was greater.

The United States lines of the system despite improved earnings had a debit of \$314,293\$ for the month compared with a credit of \$151,695 in January 1947. Operating income for the entire system showed a deficit of \$2,082,095 compared with \$288,623 one year previous.

CANADIAN PACIFIC RAILWAY COMPANY: Gross operating revenues showed an improvement of 5.5 p.c. over January 1947 at \$24,926,201 compared with \$23,602,732, while operating expenses rose \$1,537,551 or 6.9 p.c. to \$23,887,845. Consequently the credit on operating income was reduced from \$187,034 to \$103,341. Freight revenue increased \$ p.c. contrasting with a decline of 9 p.c. in passenger revenue from one year previous. Pay roll increased \$400,319, transportation charges rose \$688,084 or by 6.1 p.c., while maintenance expenses were up some \$773,000 over January 1947. Tons of revenue freight carried advanced 160,326 tons or by 3.6 p.c., but average length of haul was down from 458 miles to 445. Average passenger journey declined from 92 to 87 miles. Employees were up 2.3 p.c. or 1,506 over January 1947 at 66,866 earning \$13,728,085, as against 65,360 receiving \$15,327,766.
