AUE 19 1987

Dominion Statistician, HERBERT MARSHALL

Director, Transportation Division, G.S. Wrong

20-4140

## OPERATING REVENUES, EXPENSES & STATISTICS RAILWAYS IN CANADA WITH ANNUAL OPERATING REVENUES OF \$500,000 OR OVER

OCTOBER, 1948

Canadian railways earned a record \$82,859,900 from operations during October compared with the previous monthly high of \$79,481,745 in September and \$69,820,158 in the preceding October, representing increases of 4.2 p.c. and 18.6 p.c., respectively. October is normally the most active month of the railway year. Freight revenues improved \$12,516,659 or by 22.3 p.c. to \$68,587,004, although car loadings increased but fractionally. Freight earnings were more than double October, 1939, when the total was \$53,167,647. Passenger account showed a minor decrease from the same month of 1947, while mail and express revenues advanced, express rising by \$480,084 or 18.7 p.c. to \$5,046,791 for the month — a new peak.

Operating expenses were also on the upgrade, climbing from \$58,675,819 in October, 1947, to \$69,655,066, an increase of 18.7 p.c. or \$10,979,247. All expenditure accounts were heavier with maintenance up \$4,867,170 to \$28,807,101. Transportation costs increased \$5,885,113 or by 20 p.c., mainly as a result of augmented wage payments.

Wet operating revenue showed a gain of \$2,040,495 over the same month of 1947 at \$15,184,854, but increased taxes and hire of equipment charges reduced this total to an operating income of \$9,864,305 compared with \$8,427,989 one year earlier. While the townage of revenue freight transported was down slightly from the previous October, mileage carried rose by 2.9 p.c., and average freight receipt per revenue to mile advanced from 0.975 cents to 1.161 cents. The number of revenue passengers declined 116,945 but the length of the average journey increased from 94 to 96 miles. Passenger train mileage was up 1 p.c., and empty freight car miles rose 6.6 p.c. against an increase of 1.7 p.c. in loaded mileage.

Total pay roll for 181,191 employees reached \$42,668,761 during the month and included \$445,482 of retroactive pay. This represents a rise of over \$7,070,000 without backtime compared with October, 1947. Pay roll chargeable to railway operating expenses advanced from \$52,712,677 to \$59,729,455 including the back pay while the number of employees was up 7,000 or 4 p.c.

For the first ten months of 1948 all railways had operating revenues of \$708,315,212 against \$641,294,172 one year earlier, while expenses rose from \$568,986,145 to \$660,648,220. Operating income consequently declined from \$58,546,526 to \$16,524,896 - far from sufficient to meet interest obligations which aggregated over \$66,000,000 for the year 1947.

CAMADIAN HATIONAL RAILWAIS: The Canadian lines reported revenues of \$40,454,500 for the month, up \$7,395,100 or 22.4 p.c. over the previous October with an improvement of \$6,992,000 or 26.8 p.c. in freight earnings. Passenger account was up \$91,900 or by 5.5 p.c., and express advanced by \$322,052 or 18 p.c. over October, 1947. Operating expenses kept pace with earnings, increasing 22.5 p.c. or by \$6,690,554 to \$56,418,863. Maintenance costs ware up over \$5,022,000 and transportation rose \$5,428,255 to \$18,828,335. Bet operating revenues totalled \$4,035,437 and were reduced by heavier tax and hire of equipment charges, resulting in an operating income of \$3,065,601 against \$2,761,164 one year earlier. The American lines of the system showed revenues of \$6,455,700 and expenses of \$4,837,137, while operating income netted \$1,069,356 to give an operating income of \$4,152,957 for the entire system during October. In the ten month summary a credit of \$4,511,274 in operating income from United States lines helps to offset the deficit of \$4,695,002 for the Canadian divisions, leaving a net debit of \$585,728.

CANADIAN PACIFIC RAILWAY COMPANY: An increase of \$4,439,435 or 14.7 was shown in October earnings of the company as compared with the total of \$50,015,526 credited in the same month of 1947. Of this improvement \$4,294,507 appears under freight revenue which rose from \$24,621,717 to \$28,916,024 or by 17.4 p.c. Passenger revenues declined slightly and express was up 12.9 p.c. or by \$83,942 from the previous October. Operating expenses were \$5,822,988 or 16.1 p.c. heavier at \$27,497,076 as against \$25,674,088. Maintenance expenditures increased \$1,884,860 and transportation charges \$1,957,045 to \$13,705,586. Tax accurals and equipment rentals advanced, and operating income revealed a gain of \$460,226 at \$5,671,587 for the month under review. Tomage of revenue freight carried increased by less than 1 p.c. or 42,256 tons, but freight mileage declined fractionally. There were \$5,876 fewer passengers carried as compared with the previous October and average journey was unchanged. Pay roll statistics showed 68,724 employees receiving \$16,509,222 against 65,484 on staff earning \$15,709,140 in October, 1947. Railway operations were charged with \$15,651,470 and \$12,911,082 respectively. In the period January — October, total operating revenues for the Canadian Pacific Railway Company were \$290,089,997 against expenses of \$266,568,217. Operating income, however, was \$11,486,412 for the ten months compared with \$15,615,805 in the same period of 1947.
