OPERATING REVENUES, EXPENSES & STATISTICS

RAILWAYS IN CANADA

WITH ANNUAL OPERATING REVENUES OF

\$500,000 OR OVER

JULY, 1948

Revenues of Canadian rallways climbed to an all-time monthly high in July at nearly \$74 million but operating expenses, including some \$10.3 million retroactive pay, source to \$78,472,583, leaving a net operating deficit of \$4,500,685. With the addition of tax accruals, hire of equipment and joint facilities rant debits. the deficit in operating income reached \$7,016,397 for the month compared with a credit of \$6,028,194 in July of

Freight receipts increased nearly \$7 million or 13.8 p.c. over the same month last year at \$57,017,024 while passenger revenues were down 7.3 p.c. from \$9,906,862 to \$9,179,289. All expense items were heavier reflecting in part greatly increased wage payments during the month. Maintenance of way and structures rose \$5.1 million to \$17,949,871 while maintenance of equipment account advanced some 24 p.c. to \$14,805,250 from \$11,951,753 in the preceding July. Transportation expenses soured to \$38,951,765 up 39.3 p.c. or \$10,992,592 in the same comparison. The Canadian National included retroactive wage increase payments of \$10,125,000 (covering the period March 1st to June 30th) in both operating expense accounts and in pay rolls for July; whereas the Canadian Pacific had charged \$4,686,400 for the period March 1st to May 51st to June expenses without a corresponding debit in June pay rolls. The effect on pay rolls of the increased rates of pay for the Canadian Pacific will be shown subsequently. Revenue freight carried by Canadian railways during July totalled 13,896,033 tons against 14,542,190 tons one year earlier, a drop of 4.4 p.c., while ton mileage was down 5.9 p.c. The reduced movement of grain, grain products and live stock was the main reason for the decline.

The number of revenue passengers receded from 5,624,907 to 3,422,732 or by 5.6 p.c. despite an increase of 1.6 p.c. in passenger train miles. Loaded freight car riles were reduced by 4.5 p.c., while empty mileage rose by 1 p.c.

Pay roll chargeable to reilway operating expenses increased \$15,637,661 to \$48,491,528 and included \$10,256,389 of retroactive wage increase covering the period March 1st to June 30th. The number of employees was 184,772 against 177,180 in the preceding July.

The first seven months of the current year showed total operating revenues of \$472,850,185 as against \$440,055,476 to the end of July, 1947, while expenses rose from \$593,101,894 to \$452,305,796. Operating income which had been \$23,001,959 in the same months last year shrunk to only \$5,559.

CANADIAN NATIONAL RAILWAYS: Revenues of Canadian lines were \$36,522,800 in July, up \$5,059,900 or 9.2 p.c. over the same period of 1947, but operating expenses advanced \$16,211,375 or by 55.5 p.c. to \$45,427,956 and include \$10,123,000 of retroactive pay. Freight revenues of \$27,644,000 improved by \$3,247,000 or 15.5 p.c., while passenger earnings were off 2.7 p.c. at \$4,350,900. All expense accounts increased steeply, maintenance up \$6,552,000, transportation \$8,859,145 and general \$527,422. Taxes were \$108,646 heavier at \$565,254 for the month. Operating income registered a debit of \$9,962,618 against a credit of \$5,011,629 in July, 1947. The effect of wage increase payments for the period March to June was concentrated in July, and subsequent months should show a less unfavourable comparison with last year. United States lines of the system reported operating income of \$258,565 compared with a debit of \$14,571 one year earlisr. The seven month totals for the entire system give revenues of \$270,265,000, operating expenses of \$267,482,000 and an operating loss of \$6,881,137 compared with an income credit of \$11,900,262 in the same period of 1947.

CANADIAN FACIFIC RAILWAY COMPANY: Operating revenues improved by \$1,714,715 or 6.1 p.c. over July, 1947, with freight account up 15 p.c. or \$2,655,542 to \$23,058,262 and passenger down \$452,560 or 9.8 p.c. at \$4,175,398. Maintenance expenditures totalled \$11,910,374 compared with \$10,716,808, while transportation expenses, reflecting in part higher wage rates rose from \$10,822,684 to \$12,666,899 or by 17 p.c. Total operating expenses were up \$5,349,914 at \$27,430,370. Taxes, however, dropped \$1,274,690 from July, 1947, to \$407,240 and operating income was \$1,765,012 as against \$1,958,491 one year earlier. The western grain movement was considerably lighter this year and ton mileage declined 6.9 p.c. from 2,000 million to 1,870 million ton miles. The number of passengers carried was down 8.9 p.c. or 124,848 to 1,284,444 with the average journey 136 miles against 141 in the preceding July. Total pay roll was up 7 p.c. with 69,781 employees earning \$14,357,926 compared with 65,651 receiving \$13,417,852. Average freight receipts per revenue ton mile were 1.232 cents against 1.014 cents in July, 1947. To the end of July, operating revenues totalled \$190,646,588, up \$10,563,000, while operating expenses rose \$21,220,000 over the same months of 1947 to \$181,997,650. Operating income which had been \$8,590,415 in 1947 declined to \$1,601,409 for the first seven months of the current year.
