OPERATING REVENUES, EXPENSES & STATISTICS
RAILWAYS IN CANADA

20-4140

#### WITH ANNUAL OPERATING REVENUES OF

#### \$500,000 OR OVER

AUGUST, 1948

Operating revenues of Canadian railways during August established a new high for the month at \$73,165,586 compared with \$65,504,805 in August, 1947, an increase of \$7,858,581 or nearly 12 p.c., but were down seasonally \$008,500 from July of this year. The previous peak for August revenues was recorded in 1945. Freight revenues showed the main increase, rising from \$47,431,000 to \$55,855,000 or by 17.7 p.c. Express and water line income also registered improvement over the preceding August but passenger receipts, mail and other revenues were down with passenger account off 7.7 p.c. or \$745,762 to \$8,955,057. Expenses of operation continued well above the same month last year reaching a new peak for August at \$69,104,458, an increase of \$11,095,652 or 19.1 p.c. compared with the revenue gain of \$7,858,581. Maintenance of way and structures rose 25.7 p.c. or \$3,272,000 over August, 1947, to \$16,013,742, while maintenance of equipment was up \$1,857,850 or 15.8 p.c. to \$15,579,357. Transportation account at \$33,363,610 for the month was \$5,355,540 or 19.1 p.c. above the same month of 1947. Increased pay rolls accounted for the major portion of the advances in operating costs.

Reflecting reduced net revenues, some easing in tax accruals was shown, the total for the month receding \$511,425 to \$1,776,648 compared with \$2,088,073 in August, 1947; hire of equipment costs were also reduced over \$278,000. Operating income, exclusive of interest and other payments, was \$1,141,645 as against \$5,811,235 in the previous August, a decline of \$2,669,592.

Statistics of operation show that 13,981,471 tons of revenue freight was transported by all railways during the month, an increase of 1.8 p.c. or 252,735 tons over August, 1947, whereas ton mileage carried rose by 2.2 p.c. The number of revenue passengers was down from 3,669,860 to 3,305,979 or by 10 p.c., while average journey was unchanged at 117 miles. Loaded freight car miles decreased slightly from August, 1947, but empty mileage receded 5.2 p.c. - a saving of 3,819,877 empty car miles. Total pay roll distributed during the month climbed to \$43,442,824, up 24.9 p.c. or \$6,654,858 over August of last year. Employees increased in number from 177,270 to 185,182, so that the average earnings per employee were \$2,345.95 against \$1,962.45 one year earlier.

The first eight months showed total operating revenues of nearly \$546,000,000, up \$40,700,000, while operating revenues rose more sharply some \$70,300,000 to \$521,410,000. Operating income dropped from \$26,813,194 for the period to the end of August, 1947 to \$1,147,002 for the same months of the current year - a loss of some \$25,666,000.

CANADIAN NATIONAL RAILWAYS: Operating expenses on Canadian lines during August exceeded revenues by \$1,061,700 despite an improvement of \$3,167,000 in freight revenues over August, 1947. Total revenues were up \$2,761,300 or 8.7 p.c., but expenses jumped \$6,218,590 or 21.3 p.c. to produce the unfavourable showing. Passenger revenues dropped 11.9 p.c. from \$4,436,400 to \$3,909,400 while express improved by \$225,094 over the same month last year. All expense items were heavier with maintenance accounts rising \$2,936,000 and transportation up \$2,946,466. Taxes were up \$108,647 while hire of equipment eased \$288,041. Operating income registered a debit of \$1,786,564 against a credit of \$1,497,688 in August of 1947.

For the first eight months a deficit of \$10,184,786 is indicated in operating income for the Canadian lines of the system. However, a more encouraging year is reflected in the operations of the American lines which reported operating income of \$2,247,008 to the end of August, reducing the over all deficit on this account to \$7,937,758.

CANADIAN PACIFIC RAILWAY COMPANY: Revenues from operations rose by \$4,051,727 or 15.1 p.c. over the preceding August with freight up \$4,221,495 at \$23,626,936 and passenger revenue down 4.1 p.c. to \$4,261,570. Operating expenses increased by some \$5,886,513 to \$27,976,975 or by 16,1% with all expense items, except traffic, heavier. Tax accruals eased \$445,440 to \$811,548 and operating income improved from \$1,262,078 to \$1,912,745. A reduction of 1,128,160 empty freight car miles indicates more efficient use of facilities. Pay roll increased 26.1 p.c. over August, 1947 at \$16,789,276 while the number of employees rose 6 p.c. from 65,806 to 69,769.

Cumulative totals to the end of August show operating income at \$5,514,152 compared with \$9,642,491 in the same period of 1947. However, there is outstanding against this balance certain debits to cover increased rates of pay for the period March 1st to July 31st, the advance of 17 cents per hour having been charged for the month of August only.
