## OPERATING REVENUES, EXPENSES & STATISTICS RAILWAYS IN CANADA WITH ANNUAL OPERATING REVENUES OF \$500,000 OR OVER

SEPTEMBER, 1948

Canadian railways had record operating revenues of \$79,481,745 during September compared with \$66,135,735 in the same month last year for an increase of \$15,546,010 or 20.2 p.c. This is the highest revenue total for any month in railroad history. With freight volume up 4.6 p.c. over September last year and rates increased, freight revenues jumped \$12,588,472 to \$63,598,856, up 24.8 p.c. to establish a new peak in this phase of operations. Passenger revenues improved by 3.5 p.c. or \$256,144 to \$7,589,940 and compare with \$5,126,597 in September, 1938. All other revenue accounts showed improvement over the same period last year, express increasing by \$517,224, or up 11.9 p.c.

Operating expenses likewise registered widespread gains over September, 1947, totalling \$69,582,920 as against \$59,199,646, a rise of 17.5 p.c. Maintenance of way and structures and equipment cost some \$30,540,000 during the month, an increase of \$4,985,000 over the same month of last year. Transportation expenses were up from \$28,329,467 to \$35,468,713, or by 18.1 p.o. Increased pay rolls affected all departments.

Not operating revenue improved nearly \$2,965,000 to \$9,698,823 but taxes increased by \$797,755 in comparison with September, 1947. Hire of equipment and joint facilities rent eased \$43,267. Operating income advanced from \$3,105,545 to \$5,313,591.

During September the Canadian National paid \$17,298,709 of backtime pay covering March 1 - June 30 increases, and the Canadian Pacific issued \$11,786,578 extra to cover retroactive pay for the period, March 1st - July 51st. The smaller lines reported \$825,161 retroactive pay, which is included in their September pay rolls. For the two major lines this backtime item, totalling \$29,085,087, was not included in the current statistics but appears only in the cumulative. Pay rolls as now reported monthly are according to the new wage scales.

Revenue freight carried by all railways increased from 14,905,155 tons in September, 1947, to 15,588,601 or by 4.6 p.c., while freight mileage advanced 6.5 p.c. The number of revenue passengers rose by 8,812 to 2,794,070 and the average journey was 111 miles against 109 one year earlier. Average freight receipts per revenue ton mile improved from 1,005 cents to 1.180 cents. In other words, it cost the public an average of just over one cent to haul a ton of freight one mile in Canada during September. Pay roll distributed for the month was \$45,870,612, up \$8,972,199 or 26.1 p.c. over September, 1947, and the number of employees was 4.5 p.c. greater at 185,995 compared with 176,145. An improvement was shown in the ratio of loaded freight car miles vis-à-vis empty mileage run, loaded mileage totalling 189,777,259 against 181,179,790 miles in September, 1947, while empty car mileage dropped from 81,417,667 to 80,217,598 miles.

During the period January to September operating revenues of all railways aggregated over \$625,475,000 compared with \$571,474,000 in the first nine months of 1947. However, expenses, including back pay and increased wage rates payments, rose over \$80 millions in the same comparison climbing from \$510,510,000 to \$590,995,000 and operating income dropped from \$29,918,557 in 1947 to \$6,460,595.

CANADIAN NATIONAL RAILWAYS: Operating revenues on Canadian lines during September reached \$57,616,800, a new monthly record for the system and were 19.5 p.c. or some \$6,155,000 above the same month last year. The gain was principally in freight receipts which improved by \$5,716,000 or over 24 p.c. Revenue freight tonnage was up 5.5 p.c. Operating expenses climbed \$4,959,000 in the same comparison or by 16.8 p.c. to \$54,424,760. Taxes were \$109,246 heavier but operating income improved from \$1,278,156 in September of 1947 to \$2,426,165 in the month under review. Heavier grain, live stock and coal movements increased car loadings by 5.5 p.c. over the same month of last year, while ton mileage carried improved 7.2 p.c. Some 5,521 more passengers were carried, up 0.4 p.c. Total pay roll for the month, excluding \$17,298,709 of backtime covering March lat to June 30th, was \$25,589,092, an increase of \$4,497,185 or 25.8 p.c., while employees rose by 4,151 in number. Operating income on American lines of the system has been more encouraging due to higher freight rates than in Canada, the total for the first nine months showing a credit of \$5,241,958 against an operating loss of \$7,758,605 for the Canadian section. The result is that the entire system had a debit of \$4,516,665 for the period against a credit of \$14,951,767 in the same months of 1947, a decline of some \$19,448,000 in operating income.

CANADIAN PACIFIC RAILWAY COMPANY: Revenues attained a new high of \$55,996,595 in September, up 21.5 p.o., or \$6,024,452 over the same month of 1947. Freight revenue improved by \$5,695,220 and passenger revenue by \$547,655. Expenses rose \$4,217,904 to \$29,096,516, or by 17.0 p.c. Taxes increased by nearly \$452,000 and the resulting eperating income advanced from \$559,951 to \$2,500,675. Revenue freight tomage was up 7.5 p.o. against an increase of 6.5 p.c. in revenue ton mileage. A rise of 46,950 or 4.7 p.o. was shown in the number of revenue passengers carried while average journey rose from 128 to 135 miles. Pay roll stood at \$16,419,589, up \$5,221,966 or 24.4 p.c. over the previous September while employees increased by 5,512 or 5.4 p.c. Ommulative readings to the end of September reveal that C.P.R. revenues advanced \$20,639,000 while operating expenses jumped \$29,525,856 and operating income for the nine month period consequently declined from \$10,602,442 in 1947 to \$5,614,625 this year.
