OPERATING REVENUES, EXPENSES & STATISTICS RAILWAYS IN CANADA WITH ANNUAL OPERATING REVENUES OF \$500,000 OR OVER

MARCH, 1949

Operating revenues of Canadian railways for March totalled \$74,325,139, an advance of 9.1 p.c. or \$6,218,971 over the same month last year, while operating expenses jumped \$9,755,118 or 16 p.c. to \$70,612,242 compared with \$60,857,124 one year earlier. The current totals represent new peaks for any March. Operating income which had been \$3,654,475 in March, 1948, was reduced to \$1,315,330, insufficient by far to pay fixed interest and other charges.

Freight revenues improved 12.5 p.c. over the preceding March, aggregating \$61,610,542 as against \$54,779,467. Although revenue tonnage carried declined 8.6 p.c., revenue mileage rose 1.7 p.c. Passenger revenues dropped from \$6,574,080 to \$5,748,593 or by 12.6 p.c., probably due in part to the incidence of Easter travel in March last year. The number of revenue passengers carried was 2,796,313 as against 3,508,022 one year earlier, but the average journey carried 83 miles compared with 82 miles in March, 1948. Mail revenues improved 2 p.c., while express was up 6 p.c.

Maintenance expenses were considerably heavier this March, way and structures requiring \$12,375,154 compared with \$9,654,241 and equipment \$17,141,674 as against \$13,963,993, representing increases of 28.2 p.c. and 22.8 p.c. respectively over the corresponding period last year. Transportation expenses rose 10.8 p.c. to \$55,233,741, and all other accounts increased.

However, tax accruals reflecting in part reduced income, dropped from \$2,502,947 in March, 1948, to \$1,525,279, while hire of equipment eased \$253,260 to \$720,159. As mentioned above, the net result was an operating income of \$1,315,330, down \$2,539,145 from the preceding March.

Applications for further increases in freight rates and in mail pay are pending. These are designed to offset advances in wage rates and in unit prices of fuel, materials and supplies.

Freight train car mileage during March showed a decrease of 0.5 p.c. in loaded and an increase of 9.7 in empty mileage as compared with the same month of 1948. Employees numbered 174,395 receiving \$41,508,305 as against 172,996 earning \$55,404,056 one year earlier, representing an increase of 0.8 p.c. in number and 16.7 p.c. in pay roll. Pay roll chargeable to railway operations rose 15.7 p.c. to \$58,416,251 from \$55,197,687.

CANADIAN NATIONAL RAILWAYS: Operating revenues rose to \$56,210,700 from \$32,903,100 in March, 1948, an advance of \$5,307,600 or 10.1 p.c. Operating expenses, however, increased by 16 p.c. or \$4,963,618 to \$55,992,520. Tax accruals were up \$124,980 to \$604,665, while hire of equipment charges eased \$151,285 to \$46,014. Operating income which had been \$1,228,491 in the preceding March sank to a debit of \$441,607, a decline of \$1,670,098. The income debit on Canadian operations for the first quarter of this year was some \$5,984,600. Freight revenues, despite a drop of 11.3 p.c. or 707,348 tons in volume carried, improved from \$25,780,000 to \$29,417,000, a gain of 14.1 p.c. over the previous March. Ton miles registered a minor gain of 1.6 p.c. Passenger fares were down 12 p.c. at \$2,766,400, while the number of revenue passengars carried was off 14.4 p.c. at 1,532,954 as against 1,791,522 one year earlier. Total pay roll was \$22,505,831, an increase of 17.3 over March, 1948, and the number of employees rose 1.2 p.c. from 96,908 to 98,061. The United States lines of the system, enjoying higher freight rates, reported an operating income of \$158,007 for March compared with \$275,715 in the corresponding month of 1948. The credit from American lines reduced the system debit from \$441,607 to \$283,600 compared with a credit of \$1,502,206 in the previous March. In the first quarter the system loss on operations was \$5,830,208 as against \$2,729,300 in the same period last year.

CANADIAN PACIFIC RAILWAY COMPANY: March revenues totalled \$30,890,969, up 9 p.c. or \$2,544,828 over the corresponding month of 1948, with freight revenues improving by \$2,778,720 or 12.1 p.c., and passenger revenues declining 14.2 p.c. or \$424,207. Mail revenue was little changed while other accounts showed gains. All expense items were heavier with maintenance of way and structures jumping 35.1 p.c. to \$5,667,027 and maintenance of equipment up 22 p.c. from \$5,917,437 to \$7,220,685. Transportation expenses were \$13,904,986, an increase of \$1,540,785 or 12.5 p.c. over March, 1948. Total operating expenses reached a new peak for the month at \$29,468,297, an advance of 18 p.c. on the \$24,969,185 charged one year earlier. Tax accruals were down sharply from \$1,685,532 to \$457,525, while hire of equipment and rests advanced. The resulting operating income for the month was \$815,924 compared with \$1,565,861 one year earlier. Tourage of revenue freight carried at 4,882,125 was down 5.8 p.c., but ton miles improved 4.5 p.c. Revenue passengers aggregated 1,050,177 compared with 1,279,582, a drop of 17.9 p.c. Average journey increased from 92 to 95 miles. Total pay roll climbed 17.4 p.c. to \$16,421,992 for 66,900 employees as against \$13,986,715 paid to 66,350 employees in March, 1948.
