## OPERATING REVENUES, EXPENSES & STATISTICS RAILWAYS IN CANADA

WITH ANNUAL OPERATING REVENUES OF \$500,000 OR OVER

APRIL, 1949

Canadian railways reported operating revenues of \$72,669,825 for April, an increase of 2.6 p.c., or \$1,827,993 over the corresponding month last year. Operating expenses, however, rose nearly 10 p.c. from \$61,569,256 to \$67,661,050, or some \$6,092,000. The current month includes Newfoundland operating revenues and expenses and operating income for the first time, but other operating statistics are not yet available. The monthly totals were of minor importance and do not affect comparisons with 1948 to any significant degree. About \$500,000 of revenues and \$860,000 of expenses are attributable to Newfoundland operations. All operating revenue accounts registered improvement over the previous April. Freight revenues levelled off from last year at \$57,622,641 compared with \$57,528,004 as rates came to the same basis as one year earlier. Passenger revenues were up 12.4 p.c., or \$755,698, to \$6,852,192, due mainly to increased tariffs and longer average journey which was 95 miles compared with 85 miles one year earlier. Express revenues advanced 15.9 p.c., while water line and all other account showed good gains.

Maintenance expenses required \$29,091,620 during the month, an increase of \$4,032,173 over April 1948, with way and structures up 20 p.c., and maintenance of equipment advancing 15 p.c. Transportation expenses rose some 5 p.c. to \$52,540,551, while all other accounts were heavier.

Tax accruals dropped \$888,244 to \$1,554,987, and hire of equipment charges were down \$245,760. Operating income which had been \$5,558,910 in April last year was reduced to \$2,437,043, an amount far from sufficient to meet even interest payments on funded debt.

Revenue freight carried during the month declined 7.4 p.c. in tonnage but only 1.9 p.c. in ton mileage. Revenue passengers numbered 2,699,490 compared with 2,821,333 but passenger mileage improved by 4.5 p.c. Total pay roll reached \$59,576,189 for 172,223 employees as against \$54,286,286 for 172,795 employees one year earlier, a per capita advance of some 15 p.c.

CANADIAN NATIONAL RAILWAYS: Operating revenues totalled \$35,218,200 for April, off some \$410,500 or 1.2 p.c. from the same month last year, while operating expenses rose from \$31,984,945 to \$54,251,018, up 7 p.c. April, 1949 data include Newfoundland. Without Newfoundland, operating revenues were off 2.2 p.c., and expenses advanced 4.5 p.c. Freight revenues receded \$1,674,000, or 5.8 p.c., to \$27,255,000 compared with \$28,927,000 during the first month of the increased rates in 1948. Passenger revenues improved 17.6 p.c., however, or \$489,400 due to higher net fares and Easter travel. The federal tax of 15 p.c., which had been repealed, was added to the fare structure. Express receipts were up 25.6 p.c. to \$2,256,811 for the month. A minor increase was shown in expenditures allotted to maintenance of way and structures, suggesting, in the face of increased costs, a reduction in actual volume of work. Maintenance of equipment rose 14.6 p.c., while transportation charges were up 5.5 p.c., in line with advances in all other accounts. Tax accruals increased \$42,032 to \$610,714 for the month, but hire of equipment costs eased \$43,469. Operating income which had been \$2,841,490 in April,1948, was reduced to a mere \$176,353. Operations in Newfoundland showed an estimated page 430 in April, 1240, was reduced to a mere \$1.0,000. Operations in newstandard showed an estimated deficit of at least \$364,000 during the month. Operating statistics which do not include Newfoundland reveal that tomnage of revenue freight carried was down 11.6 p.c. to 5,108,561, while ton miles eased 7 p.c. Revenue passengers declined 4 p.c. in number, but average journey advanced from 75 to 80 miles. Loaded freight car mileage eased 5.2 p.c., while empty car mileage dropped 8 p.c. Total pay roll climbed 14.1 p.c. over April, 1948, to \$21,217,856, while the number of employees was down 2.5 p.c. to 93,785. The United States lines, which are not included above, had an operating income of \$112,406 during the month, compared with a deficit of \$148,148 in April, 1948. For the four months ended April 50th, the entire system, including Newfoundland and United States lines, shows a deficit on operations of \$5,541,449 as against only \$55,958 in the same period last year.

CANADIAN PACIFIC RAILWAY COMPANY: Operating revenues were \$30,186,788 for April, an advance of 9.5 p.c., or \$2,616,295 over the same month of 1948. Freight revenues improved 9.5 p.c. to \$24,184,448, while passenger travel, reflecting increased fares and the Eastertide movement, showed receipts of \$3,158,445 compared passenger travel, reflecting increased fares and the Eastertide movement, showed receipts of \$5,158,445 compared with \$2,852,513 one year earlier. All other accounts except mail registered geins. Operating expenses were considerably heavier at \$25,205,651 against \$24,547,932, a rise of 14.9 p.c. Maintenance of way and structures increased \$1,934,017, or 41.2 p.c., to \$6,629,280, while equipment maintenance was up 14.9 p.c. to \$6,395,258. Transportation charges were \$12,416,680 compared with \$11,806,502, an advance of 5.2 p.c. Tax accruals dropped from \$1,406,770 to \$456,875, while hire of equipment and joint rents eased considerably. Operating income which had been \$1,323,564 in April, 1948, was reduced to \$1,304,755, but the decrease was cushioned by tax reduction.

Net revenue from operations was actually some \$1,041,426 below that of April last year when net operating revenue had been \$2,972,565. Tomnage of revenue freight was down slightly from the previous April but ton miles improved 6.5 p.c. Revenue passengers totalled 1,015,827 against 1,083,289, while average journey increased from 99 to 115 miles, with total passenger mileage carried up 9.7 p.c. Employees rose 3 p.c. to 68,865, and pay roll climbed 16.8 p.c., or \$2,287,365 over April, 1948, to \$15,740,371. APRIL. 1949
