CANADA

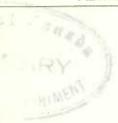

table to Hewfoundland operations in September of this year.

OPERATING REVENUES, EXPENSES & STATISTICS RAILWAYS IN CANADA

WITH ANNUAL OPERATING REVENUES OF

\$500,000 OR OVER

SEPTEMBER, 1949

Operating revenues of Canadian railways for September at \$79,455,281 were little changed from the same month of last year when the total reached \$79,481,745. The decline was thus limited to \$26,462 or a third of one per cent.

Freight earnings dropped \$846,862 or 1.8 p.c. to \$62,551,994, while passenger account suffered a very minor recession of \$5,620 to \$7,584,320. Mail receipts improved 4.5 p.c. to \$749,274 and express continued to gain, up nearly \$448,000 or 15 p.c. to \$5,429,159. Other passenger train revenue and miscellaneous also registered betterment but water line or 15 p.c. to \$5,429,159. Other passenger train revenue and miscellaneous also registered betterment but water line dropped 15.2 p.c. from \$484,450 to \$420,249. Despite unchanged revenues, operating expenses advanced from \$69,582,920 to \$70,850,980, a rise of 1.8 p.c. or \$1,248,060. Maintenance of way and structures eased 1.2 p.c. to \$15,014,957 but maintenance of equipment at \$15,656,245 increased 2.1 p.c. or \$516,185. Traffic expenses advanced some \$159,000 and transportation charges were up 1.7 p.c. to \$54,025,655. General account was also considerably increased. Railway tax accruals were nearly halved last September at \$1,747,355, a figure \$1,704,611 below 1948. Hire of equipment charges rose but joint facilities rents declined. The net result was an operating income of \$5,765,554 for the month compared with \$5,515,591 in September one year ago, an improvement of \$449,745 which was mainly due to reduced tax accruals. The net credit in operating income for the nine month period of 1942 is only \$6,215,174 with which to pay huge interest and other charges. Comparisons with the same month of 1948 are affected by the Newfoundland lines of the Canadian National whose financial statistics only are included this year and the counting of \$825,161 backtime wages and salaries in the expenses for September, 1948. Some \$874,000 of revenues and \$987,000 of operating expenses were estimated as attribu-

Net tons of revenue freigh carried by the reporting lines in September totalled 15,857,970 tons, a decline of 10.4 p.c. from the volume for the corresponding month last year. Ton miles receded less sharply by 4.5 p.c., as average length of haul increased from 548 to 572 miles. Revenue passengers numbered 2,565,427, off 8.2 p.c., but average journey dropped from 111 to 105 miles and revenue passenger mileage decreased 15 p.c. Fare increases served to maintain passenger receipts in the face of the above declines, with average receipts 2.805 cents per mile against 2.441 cents one year earlier. Loaded freight car miles dropped 1.2 p.c., but empty mileage rose 12.5 p.c.

Total pay roll for the month covering 178,846 employees was \$41,555,952 compared with \$45,570,812 (including \$825,161 of backtime) for 185,995 employees on the rolls in September last year. Employees were thus 5,149 fewer, a drop of 2.8 p.c.

CANADIAS NATIONAL RAILWAYS: Operating revenues from lines in the tem provinces totalled \$59,820,700 in September, a gain of 5.9 p.c. or \$2,205,900 over the same period of 1948. About \$874,000 of revenues accrued from Newfoundland so that the increase was some \$1,550,000 for the rest of Canada. All accounts registered betterment over the same month of last year, freight receipts rose 5.8 p.c., or \$1.151,000 to \$50,542,000, passenger improved 8.7 p.c. or \$295,500, express 16 p.c. or \$544,108 to \$2,494,475, and mail, other passenger train and miscellaneous receipts were Expenses of operation were up \$1,855,571 or 5.4 p.c. over the previous September, the accounts for which do not nigher. Expenses of operation were up \$1,000,074 or 5.4 p.c. over the previous september, the accounts for which do not include \$17,298,709 of backtime for the peried March 1 - June 50th of 1948, resulting from wage increases and which was dispensed in that month. Of the \$1,855,571 increase, over half or some \$987,000 was expended in Newfoundland. All operating accounts showed advances over the preceding September. Maintenance was up \$204,555 while transportation charge rose from \$17,242,209 to \$18,562,580 or by 7.7 p.c. Net operating revenue at \$5,542,569 registered a gain of \$350,529 over September, 1948, but increased taxes, hire of equipment and rents reduced this to an operating income of \$2,600,588, a total \$174,425 above that for the corresponding month last year. Canadian lines were still \$7,558,842 in \$2,600,588, a total \$174,425 above that for the corresponding month last year. Canadian lines were still \$7,558,642 in the red on the first 9 months perstions but some \$400,000 better than in the same period of 1948 despite the acquisition or Newfoundland lines. Operating statistics, which do not yet include the new province, show a decline of 3.7 p.c. in tons of revenue freight carried as compared with the preceding September. Ton miles declined only 1.5 p.c. as average hall improved from 395 to 425 miles. Revenue passengers at 1,552,572 ware 7.1 p.c. or 101,289 fewer this September, and average journey was down 2 miles at 96. Total employees were reduced by 6.2 p.c. from 104,158 to 97,660 but total pay roll eased only 4.2 p.c. to \$22,405,411. Pay roll chargeable to railway operating expenses increased l.7 p.c. over September last year. United States lines of the system were adversely affected by coal and steel strikes and had an operating deficit of \$119,372 in September compared with a credit of nearly \$995,000 in the same period last year. However, in the first 9 months a credit of \$1,044,266 is shown in their operating income against one of \$5,241,938 for the similar months of 1948. Class 1 reilways in the United States show a decline of over one third in net reilway operating similar months of 1948. Class I railways in the United States show a decline of over one third in net railway operating income in the 9 month period. The System results, including Sewfoundland and United States lines, indicate a loss of same \$6,514,400 in the first three quarters of the current year compared with \$4,516,700 last year.

CANADIAN PACIFIC RAILWAY COMPANY: Total revenues at \$32,355,708 were down 4.8 p.c. or \$1,644,885 from September last year while operating expenses were up slightly from \$29,096,516 to \$29,150,611. Tax accruals shrank from \$2,585,970 to \$858,584, while rents were reduced \$90,580. Operating income consequently suffered a minor decline from \$2,500,673 to \$2,215,656, off \$85,057 or 5.7 p.c. Freight revenue receded 5.5 p.c. to \$26,105,550, a decrease of \$1,504,902, while tone carried dropped 10.4 p.c., and ton miles were off 6 p.c. Passenger receipts were 6.6 p.c. less as numbers declined 10.5 p.c. to 937,757 for the month. Increased net fares this year brought receipts per passenger mile up from 2.463 to 2.755 cants, but average journey stood at 126 miles compared with 135 miles one year earlier. Express and other passenger train revenues registered gains. Maintenance of equipment expenses were heavier this September at \$6,805,227, up 7.4 p.c. Traffic expenses also increased but transportation at \$12,862,109 was down \$555,466 or 4.1 p.c. General expenses were up considerably. Loaded freight car miles declined 2.4 p.c. or 1,995,185 miles but empties ran 7.6 p.c. or 2,870,258 more miles as compared with September last year. Total pay roll was \$16,550,517 for 70,975 employees as against \$16,419,589 paid to 69,085 in 1948. Pay roll chargeable to railway operating expenses was unchanged despite the decline in both freight and passenger business. For the first three quarters of the year operating income at \$8,505,245 shows an improvement of some \$2,688,420 over the same months of 1948, due to lower taxes.
