### RAILWAYS IN CANADA

WITH ANNUAL OPERATING REVENUES OF

#### \$500,000 OR OVER

For the Twelve Months ended December 31, 1950

A new all-time high was reached in railway operating revenues for the twelve months of 1950 when the total exceeded \$948,534,000 and registered an increase of 7.1 p.c. or \$65,181,000 over the previous record attained in 1949. Indeed, rith the addition of the earnings of the smaller lines that do not report monthly and Canadian National lines in the United States, this great and essential industry had its first Hillion Dollar year with a total of some \$1,035,000,000. While current dollars may be of questionable worth for comparative purposes, total reilway earnings at the turn of the present century were only \$72 millions annually and the total cepital invested but 80 p.c. of the revenues earned last year - truly a prodigious and spectacular growth within a half century. In 1940 operating revenues were \$424,821,000 and the advance in the past decade was thus 121 p.c.

Operating expenses for 1950 were hald to a very minor increase over 1949 and totalled \$824,259,750 against \$822,704,286 one year earlier, up only \$1,555,444. The nine day strike at the end of August affected both revenues and expenses but its short duration precluded important changes to either account. Not operating revenues were nearly double those for 1949 and reached \$124,294,758. Eailway tax accruals rose from \$17,508,644 to \$50,691,191, up 75.5 p.c. Debits for hire of equipment were reduced \$2,006,567 to \$10,007,285 while joint rents were increased \$250,767 to \$2,035,255. The resulting operating income for the year was an encouraging \$81,497,049, a betarment of \$50,700 ver that for 1949 and indicated that the industry as a whole earned more than sufficient to meet all interest and other committenents. This reversal of the trend follows two consecutive deficit years in net income and resulted primarily from the granting of higher freight rates and mail pay coupled with a good volume of business. However, the average level of freight rates in Canada still remains one of the lowest of any nation in the world.

Freight revenues for the year advanced 0.7 p.c. or \$60,757,450 over 1949 to a new peak of \$761,859,502. Volume carried was increased only 0.85 p.c., while revenue ton miles declined 1.6 p.c. Passenger fares produced \$78,003,509, a drop of 7.6 p.c. or \$6,588,134 from 1949 levels. Mail pay augmented by retroactive payments grossed \$14,080,860, an advance of \$4,748,659. Express receipts were up fractionally to \$35,871,761. Other pessenger train revenues and water line were lower, showing decreases of 7.4 p.c. and 4.7 p.c., respectively. The "all other" account produced \$4,889,806 or 12.1 p.c. more to gross \$45,345,549 for the year.

The expense items moved within narrow range. Maintenance of ways and structures at \$161,211,941 eased \$874,584 under 1949 expenditures while equipment maintenance required \$188,024,417 or \$3,313,355 above the previous year. Traffic expenses moved up to \$18,528,052 against \$17,561,532 one year earlier. Transportation charges were \$400,021,227, down \$2,647,468 from the revised total of \$402,668,995 for 1949. Miscellaneous charges were 4.8 p.c. lighter while general expenses rose 3.8 p.c.

Mileage operated at 43,319 miles increased some 272 miles with the addition of the Temiscouata to the National report. Revenue passengers carried totalled 28,819,527, down 11.2 p.c. or 3,632,130 from the preceding year. The rail strike plus diversion to airlinee, buses and private cars cut into passenger volume. Average journey was 97 miles against 98 in the previous year. Loaded freight car miles increased 1.2 p.c., while empty mileage was reduced 2.7 p.c.

Total pay roll, including some retroactive amounts not debited to monthly accounts, was \$498,753,327 for 179,189 employees. This compares with \$498,971,667 paid to 180,826 employees during 1949. Pay roll and employment were affected by the strike. Pay roll chargeable to railway operating expenses increased from \$464,002,746 in 1949 to \$467,167,732. Average freight receipt per revenue ton mile was 1.379 cents against 1.249 cents in 1949 and 1.176 cents in 1948, while passenger receipt per mile rose to 2.796 cents compared with 2.567 cents in 1949 and 2.404 cents one year earlier.

CANADIAN MATIONAL RAILWATS: Operating revenues reached a record at \$478,872,047 for the year against \$438,407,729 in 1949 and \$422,544,983 in 1948. The advance over 1949 was \$40,464,518 or 9.2 p.c. Expenses were held to a rise of 2.7 p.c. or \$11,259,528 to total \$436,022,547 despite increased freight traffic, higher wage rates and material costs. Taxes rose \$572,220 to \$7,659,261. Hire of equipant charges vere up \$21,528 while the credit on rents improved \$6,815. Operating income showed a splendid betterment from \$3,521,047 in 1949 to \$32,138,904 for Canadian lines in 1950. The addition of \$8,305,426 from United States lines of the System produced operating income of \$40,444,530 compared with \$5,546,817 one year earlier and \$10,175,650 for 1948. The Income Deficit for the System's 1950 operations was pared from \$42,043,026 in 1949 to only \$5,261,255, or lest than the overall deficit on the Newfoundland and Temiscounta lines. Freight haulage produced revenues of \$579,599,415 during the year reflecting higher rates and heavier traffic handled. This is a gain of 11.8 p.c. or \$40,125,001 over 1949 and is an all time high. Tonnage carried rose 1.9 p.c. and revenue ton miles 0.6 p.c. Passenger fares were down 8,4 p.c. or by \$3,575,940 to \$36,718,754 as numbers carried dropped 10.5 p.c., and passenger miles 13.5 p.c. Express receipts were hearly maintained. Other passenger train revenues were off 7.6 p.c. All expresse taxes except miscellaneous were heavier. Maintenance of way and structures incressed \$2,126,102 to \$79,426,416 and equipment maintenance was up \$6,259,147 or 6.5 p.c. over 1949 to \$102,211,357. Traffic charges advanced 4.1 p.c., while transportation took \$219,620,584 against \$217,571,177 one year earlier. General expenses totalled \$21,293,658, up 4.1 p.c. Total pey roll required \$278,169,500 for 101,936 employees compared with \$273,495,882 going to 101,397 workers during 1949. Payments were thus up 1.7 p.c. and employment 0.5 p.c.

<u>CANADIAN PACIFIC FAILWAY COMPANY</u>: The Company reported their best year since 1944. Operating revenues were at a new high of \$778,576,588, up \$15,324,594 or 4.2 p.c. over 1949, while operating expenses were reduced by 5 p.c. or \$9,934,459 to \$525,711,955. Bailway taxes jumped \$10,511,147 to total \$17,225,607. Hire of equipment produced a credit of \$1,641,031 against a debit of \$1,356,326 over the \$20,551,968 for 1949 and compares with \$18,419,166 in 1948. With income from other sources the company had \$44 million available for dividends and surplus against \$26 million in the previous year. Freight receipts increased 4.8 p.c. or some \$13,973,000 over 1949 to \$306,055,749, despite a drop of 4.5 p.c. in volume carried and 5.4 p.c. in revenue ton miles. Passenger fares slipped 7.2 p.c. or \$2,859,851 to \$6,537,965. Express business rose 2.4 p.c. but other passenger train and water line receipts sagged 7.2 p.c. and 14.9 p.c., respectively. "All other" account gained \$2,452,650 rol to \$2,986,050 to \$3,927,810 with numbers declining 1.9 p.c. Maintenance charges were reduced 4.1 p.c. on ways and structures to total \$67,954,988 wile equipment was pared 3.9 p.c. or \$2,986,650 to \$3,927,845,986,007 to \$72,986,067,969. Traffic expenses rose 5.5 p.c. to \$18,001,459. Total pay roll, including retroactive payments, was \$190,057,456, down 2.7 p.c. Employees numbered 67,252; this was 2,288 or 5.5 p.c. less than in 1949. The net earnings for the year of \$36,020,557 represent a return of 3.5 p.c. on the net investment of the company in rail property. Subject to Revision
