VOL. 51

OPERATING REVENUES, EXPENSES & STATISTICS RAILWAYS IN CANADA

WITH ANNUAL OPERATING REVENUES OF

\$500,000 OR OVER

SEPTEMBER, 1951.

Railway revenues for September registered a minor gain of \$546,452 or 0.6 p.c. over the same month last year to reach a new all time record of \$91,370,423 compared with \$90,823,371 in 1950 and \$79,455,281 in September of 1949. Expenses of operation continued to rise much more sharply, up 12.9 p.c. or \$9,155,409 over the previous September to total \$80,217,870. Tax accruals eased from \$6,226,117 to \$4,339,405 but hire of equipment debits increased \$594,387 to \$1,240,362 and joint rents were \$9,659 heavier at \$149,577. The resulting operating income dropped from \$12,749,500 last year to \$5,423,209 and was under September, 1949 when \$5,763,334 was reported.

Despite gains in revenue tonnage and ton miles, freight earnings declined 1.7 p.c. or \$1,215,119 to \$72,204,937.

A larger percentage of traffic carried was represented by grain and pulpwood, the former moving to a large extent on 1898 rates. Passenger revenues improved 4.4 p.c. or nearly \$330,000 to \$7,760,326 from \$7,430,337 for the previous September.

Mail receipts were \$295,000 lighter at \$1,032,146 due mainly to credits received on back pay one year ago. Express rose 6.9 p.c. or \$242,695 to \$3,748,830 while other passenger earnings were up 2.9 p.c. or \$30,896. Water line increased 6.6 p.c. Miscellaneous earnings produced \$5,044,219 for a gain of \$1,422,262 or 39.5 p.c. This group includes switching. hotels, restaurants, grain elevators, etc.

All expense accounts were considerably heavier reflecting increased wage rates, higher material prices and a shorter work week. Maintenance of way and structures advanced 16.8 p.c. or \$2,315,350 over September of 1950 to total \$16,114,662 while equipment maintenance required \$18,092,066, up \$1,980,016 or 12.3 p.c. Traffic charges rose 8.1 p.c. and transportation increased 12.4 p.c. or \$4,307,939 to \$38,950,735. Miscellaneous items were 11 p.c. greater while general expenses were up 7.7 p.c.

Revenue tons at 14,403,164 posted a gain of 179,650 tons or 1.3 p.c., and ton miles rose 1.6 p.c. Passengers were 96,157 fewer this September at 2,224,923 but longer average journeys produced an increase of 0.7 p.c. in revenue passenger mileage. Loaded freight car miles dropped 5.9 p.c., while empty mileage rose 6.8 p.c., reflecting in part the heavier wheat movement.

Total payroll, including \$891,838 of back time, rose to \$51,571,389 from \$44,210,197 in September of 1950, up 16.7 p.c., while employment increased 10.2 p.c. with employees numbering 18,932 more at 204,274. Average loading per freight car at 50.8 tons compares with 28.5 tons a year earlier, but average receipt per revenue ton mile eased from 1.403 to 1.557 cents due to the larger percentage of primary products carried.

For the first three quarters, all railways reported operating income of \$38,997,837 against \$44,409,171 to the end of September last year, \$6,208,311 in the corresponding period of 1949 and \$6,460,593 in 1948.

CANADIAN NATIONAL RAILWAYS: Operating revenues totalled \$46,738,600 on Canadian lines in September exceeding those earned one year earlier by 2.6 p.c. or \$1,180,200, with advances shown in all accounts except freight which declined 0.5 p.c. or \$184,000. Expenses continued their steady rise to reach \$43,833,736, up 14.5 p.c. or \$5,469,331 in a similar comparison with each account heavier. Taxes eased \$208,585 to \$462,185 but equipment and rental charges increased \$131,718 and \$11,127 respectively. Operating income which had been \$6,420,069 for September, 1950 dropped to \$2,196,718. Freight tonnage was slightly lower this September but revenue ton miles were up 2.8 p.c. Passengers numbered 3.5 p.c. less but journeyed 6.5 p.c. farther. Payroll to 117,887 employees totalled \$29,536,930 including \$891,838 backtime, compared with \$25,147,779 paid to 106,766 one year earlier.

Operating income on U.S. lines of the System was \$148,593 for September, down from \$819,800 a year earlier. System income was thus \$2,545,311 for September against \$7,239,869 in 1950.

In the first nine months the all-inclusive operating income was \$16,488,940 compared with \$20,959,884 for the System in the similar period of 1950 and e loss of \$6,314,376 to the end of September in 1949.

CANADIAN PACIFIC RAILWAY COMPANY: Operating revenues retreated below the corresponding month of 1950 for the first time in September and amounted to \$35,970,028 against \$36,711,912, a decline of 2 p.c. or \$741,884. The preceding September time in September and amounted to \$55,970,028 against \$56,711,912, a decline of 2 p.c. or \$741,884. The preceding September had benefitted to some extent from the backlog of higher revenue freight and passenger travel accumulated during the late August strike. Expenses marched steadily forward to \$50,312,266, up 12.3 p.c. or \$3,320,252 over September of 1950. Tax accruals, despite higher rates, reflected lowered net earnings and eased \$1,497,000 to \$3,433,000. Hire of equipment and rentals were increased. Operating income shrank from \$4,926,268 in the previous September to \$1,943,001 and compares with \$2,215,636 in 1949, \$2,500,673 in 1948 and \$959,951 for September of 1947. In the first nine months operating income of \$15,026,309 was reported by the C.P.R. against \$20,611,024 last year and \$8,053,245 to the end of September in 1949.

Revenue freight carried totalled 4,951,176 tons compared with 4,912,923 tons one year earlier but a much larger percentage was primary products which reduced freight earnings 3.5 p.c. under the previous September. Ton miles were up 0.34 p.c. Passenger traffic declined 7.2 p.c. in numbers and 5.5 p.c. in miles travelled. Payroll rose 15.8 p.c. and employment 11.5 p.c. over the previous September, with 75,945 employees receiving \$18,924,316 or an average of \$249.20 per month against \$239.50 one year earlier (for a longer work-week).
