CANADIAN NATIONAL RAILWAYS 1923 - 1953

REVENUES, EXPENSES, ETC. 1923-1953

The current report continues the series in which statistics of the Canadian National Railways are presented on a System basis. The report gives data for the thirty-one years 1923 through 1953 and includes the lines which were amalgamated and operated as one System from January 1, 1923.

The Canadian Lines of the Canadian National Railways include the railways formerly operated as the Canadian Northern System, the Grand Trunk Railway of Canada, the Grand Trunk Pacific, and the Canadian Government Railways, the last consisting of the Intercolonial, Prince Edward Island, National Transcontinental, several small lines in the eastern provinces and Newfoundland Railway, which was added April 1, 1949. Effective January 1. 1950, the Canadian National was entrusted with the management and operation of the Temiscouata Railway which had been purchased by His Majesty in right of Canada (P.C. 5186 October 14, 1949). On November 30, 1951 the properties of the Quebec Railway, Light and Power Company were acquired to integrate rail operations between Quebec City and Nairn's Falls on the north shore of the St. Lawrence River. On January 1, 1953, the Canadian National acquired the National Harbours Board Terminal Railway facilities in the Greater Vancouver area and effective November 1, 1952, leased with the option to purchase the Second Narrows Bridge (excluding the highways thereon) from the Burrard Inlet Tunnel & Bridge Company. The United States lines include the lines known as the Canadian National Lines in New England, the Grand Trunk Western and the Duluth, Winnipeg and Pacific. Control of the Central Vermont Railway, which had been operated by a receiver from 1927 to January 1930, was purchased by the Canadian National Railways and, from February 1, 1930, has been included as one of the United States lines. The New London Northern Railroad company was acquired on Dec. 19, 1951 in order to effect a saving in rentals and taxes to which the Central Vermont Railway was obligated by virtue of a 99 year lease. The Hudson Bay Railway is being operated for the Government by the Canadian National as a separate railway; from 1923 to 1926 its accounts were included with those of the Canadian National and adjustments for the transfer to the Government of Canada were made in the 1926 accounts. The profit or loss of all ancillary operations is included in the income accounts, but the data of the Trans-Canada Air Lines, Canadian Government Merchant Marine, and Canadian National (West Indies) Steamships, Limited, are not included in these statements. Investment in capital stock of Trans-Canada Air Lines, all of which is owned by the Railway, is included in column 4, Table 4. Financing of this investment is included in Table 3.

The Maritime Freight Rates Act, effective July 1. 1927, provided that the Canadian National Railways east of Levis and Diamond Junction (designated as the Eastern Lines) should reduce the freight rates on local and certain other traffic by 20 per cent. This freight rate reduction was extended to embrace Newfoundland under the terms of Union. Other railways operating in this eastern territory were allowed to reduce their rates by the same percentage and all railways were authorized to bill the Government of Canada for the difference between the normal and the reduced tolls. All the railways have treated such items as revenue earned and they are so treated in this report. Eastern lines deficits since July 1. 1927, have been paid by the Government of Canada and the amounts have not been added to the debt of the Canadian National System. The amount of the Government contribution to meet the deficits of the Eastern Lines is not included in the loans and advances as given in Table No. 2, but the amounts so contributed are included in Table No. 3. The "Duff Report" (1931-2) recommended that the deficits of the System each year be met by special appropriations of the Government of Canada and consequently deficits for 1932 and subsequent years are also excluded from Table No. 2 and are included in Table No. 3 for the respective years.

Table 1 shows the operating revenues, expenses and net operating revenues of the Canadian lines, the United States lines, and the System on the same basis as in previous reports. The second part of the table conforms with the changes effected by the Canadian National Capital Revision Act, chapter 22 of the 1937 Statutes. Under this Act the Canadian National Railways Securities Trust was created as a medium for maintaining in perpetuity the Government's claims against the railways for loans made, amounting to \$643,860,558, and accrued and unpaid interest of \$574,781,637. This total of \$1,218,642,195 includes \$43,949,039 interest the railway had disputed and had not included in its accounts, but does not include any interest on the deficits which the Government had paid for the Eastern Lines since July 1, 1927, and for the entire system since January 1, 1932. Since this interest on Government loans has been cancelled it has been omitted from this table for each year. "Net corporate income before deducting interest," shown in reports previous to 1937, has been replaced with "Income available for fixed charges." The fixed charges include in addition to interest on funded debt held by the public, (1) rent for leased road and equipment. (2) interest on unfunded debt. (3) amortization of discount, and (4) interest on Government loans. Deducting these fixed charges leaves "Net income or deficit"shown in reports previous to 1937, as "Net income or deficit excluding Government interest." Interest on Government loans in the fixed charges is interest on temporary loans for redemption of funded debt pending refunding and, from 1937, also interest on loans for capital purposes made since January 1, 1932, but no interest on these latter loans has been included in fixed charges for 1932 to 1936 inclusive.

The capital Revision Act, 1937, which is explained more fully under Table 2, eliminated the Profit and Loss balance as at January 1, 1937. Profit and Loss balances from 1937 to 1951 are also eliminated by (1) The Government contributing cash for cash deficits, (2) Crediting to "Government of Canada Proprietor's Equity" the amount of cash surpluses, and (3) Crediting or charging to "Government of Canada Proprietor's Equity" capital gains or losses which do not involve the payment of cash at the time the items are accounted for. Cash surpluses and deficits are shown in the last column of the table; for the years 1923-1936 they had been met by loans by the Government, by direct payment as stated above, and by reduction of working capital.

Changes in the Income Tax Act made the Canadian National Railways (along with other Government-owned enterprises) subject to the Act for the first time in 1952; however, no Canadian income tax was payable by the Company on its 1952 and 1953 earnings.

Under terms of the Capital Revision Act, 1952, which is explained in greater detail under table 2, earnings available after income tax must be paid to the Federal Government as dividends on the Company's 4 p.c. preferred stock. These dividends are non-cumulative and amounted to \$244,017 in 1953.

Table 2 shows for each year 1922 through 1953, (1) Shareholders' Capital, (2) Funded Debt held by Public, and (3) Government Loans and Appropriations. The Share Capital consisted of \$165,627,739 stock of the Grand Trunk Railway held by the Government of Canada and \$100,000,600 of the Canadian Northern Railway stock similarly held. There was also outstanding on December 31, 1922, \$4,591,975 stock of constituent lines held by the public; this figure at December 31, 1953, is \$4,514,490 a decrease of \$77,485. In the 1923-45

report the table showed the adjustments of the capital liabilities of the System made effective January 1, 1937, under the Capital Revision Act. This act provided for cancellation of capital stocks and certain indebtedness of the Canadian National Railway System to His Majesty and for adjustment of the accounts of the System. The previously outstanding capital stock of the Canadian National Railway Company (Formerly Grand Trunk Railway Company of Canada) was surrendered by the Government and cancelled. \$82,000,600 of the outstanding stock of the Canadian Northern Railway Company was also surrendered by the Federal Government and cancelled. The remainder of the outstanding stock of the Canadian Northern Company, amounting to \$18,000,000, was transferred from the Government to the Canadian National Railway Company in exchange for one million no par value shares of the latter company, being its entire issued capital stock. Government loans for deficits and interest accruals were eliminated from the System balance sheet. Government loans to and including the 1931 requirements were transferred by the Government to The Canadian National Securities Trust in exchange for the Capital Stock of the Trust, at an initial stated value equal to the loans for Capital purposes. The new Capital Stock of the Canadian National Railway Company, the Capital Stock of the Trust and the investment by the Crown in Canadian Government Railways were transferred to a shareholders' account styled "Government of Canada Proprietor's Equity." Adjustment of the Balance Sheet accounts of the System was made as at January 1, 1937. The effect on the balance sheet of the System is shown on page 3 of the report for 1923-41.

The 1923-52 report contains details concerning the Canadian National Railways Capital Revision Act, 1952. Major changes resulting from the Act were:

1. \$736,385,405 of interest bearing debt to the Federal Government was exchanged for Canadian National Railway Company 4 p.c. non-cumulative preferred stock.

2. Outstanding loans from the Federal Government to the amount of \$100 million were converted into a 3 5/8 p.c. twenty-year debenture which is to mature on January 1, 1972.

3. Capital stock of the Canadian National Securities Trust in the amount of \$378,518,135 was transferred to the Canadian National Railway Company in exchange for a like amount of the Companys' capital stock.

4. The Federal Government undertook to purchase 4 p.c. preferred stock in amounts equal to 3 p.c. of the annual gross revenues in each of the years 1952 to 1960.

Effect of the Act on the capitalization of the System is shown in tabular form on pages 4 and 5 of the 1923-52 report.

The Government has carried loans to the railway in two accounts, (1) non-active assets and (2) active assets, and when computing the net debt of Canada has deducted the second account, but not the first. from the gross debt. The Government loans in this table have been segregated into these two accounts. The difference in the fiscal years of the railway and the Government, however, prevents checking these loans against the published "Public Accounts" except where no transactions occurred during the first three months of the calendar years. If it is desired to combine the capital debts of the Canadian National Railways System with those of the Government of Canada, only the Funded debt of the System in the hands of the Public should be added to the Federal debt.

The Grand Trunk Western has assumed certain contingent liabilities, in conjunction with other tenant companies, guaranteeing the payment of interest and principal of bonds of the Detroit and Toledo Shore Line, Toledo Terminal, and Chicago and Western Indiana railways. It is not anticipated any of these will become actual liabilities. The Hudson Bay Railway is a direct liability of the Government of Canada and is being operated by the Canadian National for the Government, but is not included in the following tables.

Table 2 does not include subsidies granted by the Federal, Provincial and Municipal governments to the privately operated lines which later became part of the Canadian Government Railways and other constituent lines of the Canadian National Railways. Excluding grants to the Grand Trunk Pacific Development Company for the Prince Rupert dry dock and shipyard, payments of wages for unemployment relief labour during 1936, and subscriptions for stock, the grants were as follows:

	Cash Subsidies \$	Land Grants Acres
Federal Loan to Grand Trunk	49,261,220 15,142,633 ¹ 64,403,853	5,728,192
Provincial	16,698,208	1,815,141
Municipal	7,393,867	-
Total	88,495,928	7,543,333

Table 3 shows for each year, 1923-1953, the cash received from Funded Debt held by Public, Government Loans and Appropriations, as reflected in Table 2, also the Government contributions deficits comprising the deficit of the Eastern Lines from July 1, 1927, and the remainder of the System

 See Public Accounts, for year ended March 31, 1952, Part 1, Page 120 for detail. from January 1, 1932. Loans and debentures treated as active assets in Public Accounts totalling \$342,140,048 are as follows:

Table 4 gives for each year, 1923-1953, the expenditures for capital purposes and on deficit account.

Table 5 shows the principal operating statistics of the combined Canadian National Railways in Canada and the United States, Central Vermont statistics being included in this table as from January 1, 1930, and not February 1, as in the other tables. The average miles operated and number of employees are monthly averages. The total payroll covers all employees and includes pay roll charged to (1) operating expenses as labour, (2) stores department, which is charged to operation or to capital account as part of the cost of materials, (3) joint facilities for the years 1923-1930; this item is included in operating expense labour thereafter, and (4) capital account. The breakdown of the total pay roll for 1953 is as follows:

Pay Roll charged to Operating Ex-	
penses	\$402,445,520
Stores, Tie, Timber and Fuel Depart-	
ments, Capital and Other Items	45,298,318
Total Pay Roll (includes railway,	
express and telegraph and ex-	
cludes hotels and subsidiary	
companies employees)	\$447,743,838

^{1.} No interest was paid on this loan made prior to Confederation and it has been included with cash grants by the Bureau. It was cancelled by the Canadian National Capital Revision Act 1937 as a Canadian National Railway Liability.

NOTES

Table 1

- Includes the Central Vermont Railway, Inc., from February 1, 1930; the Newfoundland Railway, Steamship and Telegraph Services from April 1, 1949; The Temiscouata Railway from January 1, 1950; and the Quebec Railway, Light and Power Company (Montmorency Division) from November 1, 1951.
- Revenues and Expenses, 1923-1927, adjusted to include Commercial Telegraph lines to be comparable with 1928 and subsequent years.
- 3. Net Income Deficit includes appropriations for Insurance Fund of \$9,980,381 and excludes interest on Government Loans eliminated by Capital Revision Act, 1937.
- 4. Columns P + Q and R + S are the Profit and Loss deficits which, with the interest on Government Loans, were eliminated December 31, 1936, by the Capital Revision Act, 1937, as follows:

	At Dec. 31, 1922	Fourteen Years 1923 - 1936	Adjustments; Dom. Govt. Ry. Accts. & Dom. Govt. Int.	In Dispute	Total	Pd. per Col. H. Table 3 1927 - 1936	Eliminated by Capital Revision Act 1937
Deficits		\$492,719,862 467,943,248		\$ - 43,949,039		\$284, 416, 593 —	\$373.823,120 574,781,637

- 5. Charged or credited to "Proprietor's Equity".
- 6. Contributed by or paid to the Government of Canada,
- 7. Paid to Government of Canada as a dividend on 4 p.c. preferred stock.

Table 2

- Annual report includes Central Vermont funded debt amounting to \$9,902,865 and capital stock of \$807,600 which
 are excluded here.
- 2. Current liabilities Loans and bills payable Minister of Finance are included for 1929, 1930 and 1933.
- Exclusive of \$14,529,707 for Hudson Bay Railway on March 31, 1919. Appropriation to December 31, 1922, included in total for 1922.
- 4. Deduction for Hudson Bay Railway \$15,245,889.
- 5. Dates constituent lines were taken over: Canadian Northern, Sept. 20, 1917; Grand Trunk Pacific, March 10, 1919; Grand Trunk, May 21, 1920; Canadian Govt. Rys., March 31, 1919; (Actual date of transfer Nov. 20, 1918).
- Reduced by purchase through the Governments of Canada and the United Kingdom of securities held in the United Kingdom and Canada.
- Acquisition of control of Atlantic and St. Lawrence Railroad and reduction of stock of other subsidiaries held by the
 public caused a net increase.
- 8. For a detailed explanation of the "Capital Revision Act" 1952 see pages 3 5 of the 1923-1952 report.

Table 3

- 1. Includes temporary Govt. loans shown in annual reports as "Loans and Bills Payable Minister of Finance" and Govt. loans exchanged for 4% preferred stock under Capital Revision Act, 1952.
- Excludes net credit for property transferred to or from Governmental departments \$53,459,940.
- 3. Includes deficits for Eastern Lines from July 1, 1927, and for entire system from January 1, 1932.
- System (less Eastern Lines) deficit for 1932 of \$53,422,662 was paid in 1933, the remaining \$783,220 being secured from working capital.

Table 4

1. Includes cost of acquiring control of Atlantic and St. Lawrence Railroad Company.

Table 5

- 1. Revenue and non-revenue freight.
- 2. Includes portion of mixed train miles.
- 3. Includes unit car miles.
- 4. Excludes ton miles on car ferries, etc.
- 5. Includes Railway, Express, Telegraph. Excludes Hotels and Subsidiary Companies.
- 6. Includes gross express revenue on Canadian Lines.
- 7. Does not include Newfoundland district.
