## RAILWAY OPERATING STATISTICS

YEAR 1970

The financial and operating statistics presented in this report are based on cumulative monthly returns pertaining to the period January 1 to December 31, 1970. A number of retrospective revisions not appearing in figures published each month are reflected herein.

Data presented in this report covers the two major class 1 roads plus 22 other common carrier railways (class 2) whose revenues exceed \$500,000 annually. Excluded are statistics of class 3 and 4 roads whose operating revenues represent less than 1 % of all reporting lines.

### Financial Statistics

Railway operating revenues reported by these 24 railways for the year 1970 totalled \$1,671,402,228, up 5.9 % over the 1969 total. Operating expenses rose 4.8 % to \$1,568,758,534, leaving net operating income up 24.1 % at \$102,643,694. The major mining strikes which reduced traffic considerably in the summer of 1969 would be a significant factor behind these increases.

### Traffic and Operating Statistics

Revenue freight carried totalled 261,101,357 tons, a 12.7 % increase over 1969. Corresponding ton-miles were higher by 14.2 % at 108,170,719,000. Average revenue per freight ton-mile however was lower at 1.383 cents compared with 1.485 cents in 1969.

Revenue passenger carried totalled 23,835,815, up 0.6 % over 1969, however the corresponding passenger-mile figure was 5.0 % lower at 2,270,199,000. Average revenue per passenger-mile rose to 1.805 cents from 1.729 cents.

Freight ton-miles rose 4.1 % to 62,548,237. The per cent of freight car-miles run out empty rose to 40.5 % from 38.8 %.

The number of employees on railway payrolls eased 2.0 % to 116,053, while compensation showed a rise of 5.3 % to 928,594,111.

## STATISTIQUE DE L'EXPLOITATION FERROVIAIRE

ANNÉE 1970

### LIBRARY

### BIBLIOTHÈQUE

Les statistiques financières et d'exploitation ferroviaire contenues dans le présent rapport sont basées sur les données cumulatives des déclarations mensuelles visant la période du 1er janvier au 31 décembre 1970. Certaines révisions rétroactives qui ne sont pas indiquées dans les statistiques publiées chaque mois apparaissent dans le présent bulletin.

Les données contenues dans le bulletin ont trait aux deux réseaux principaux de chemin de fer, (1<sup>re</sup> classe) et à vingt-deux autres sociétés (2<sup>e</sup> classe) dont les recettes dépassent \$500,000 par année. Elles ne comprennent pas les statistiques des entreprises de 3<sup>e</sup> et de 4<sup>e</sup> classe dont les recettes d'exploitation sont inférieures à 1 % du total des recettes.

### Statistiques financières

En 1970, les recettes d'exploitation déclarées par ces 24 sociétés ferroviaires ont atteint \$1,671,402,228, soit 5.9 % de plus qu'en 1969. Les frais d'exploitation ont été de \$1,568,758,534 (+4.8; il en est résulté un revenu net d'exploitation de \$102,643,694 (+24.1%). Les grandes grèves des mines qui ont considérablement réduit le trafic ferroviaire au cours de l'été 1969 seraient la cause principale des augmentations de 1970.

### Statistiques du trafic et de l'exploitation

Le volume des marchandises payantes transportées par chemin de fer a été de 261,101,357 tonnes, soit 12.7 % de plus qu'en 1969, et le nombre de tonnes-milles correspondant a été de 108,170,719,000 (+14.2 %). Les recettes moyennes par tonne-mille de marchandises payantes a toutefois diminué, passant à 1.383 cent comparativement à 1.485 cent en 1969.

Le nombre de voyageurs payants transportés durant l'année a augmenté de 0.6 % (23,835,815) par rapport à 1969; toutefois, le nombre de voyageurs-milles (2,270,199,000) a diminué de 5.0 %. Les recettes moyennes par voyageur-mille sont passées de 2.729 cent à 2.805 cents.

Le nombre de trains-milles du service marchandises a augmenté de 4.1 %, en passant à 62,548,237. Le pourcentage de wagons-milles du (service marchandises) improductifs est passé de 38.8 % à 40.6 %.

Le nombre de personnes inscrites sur les listes de paye des entreprises ferroviaires a diminué de 2 % (116,053) alors que la rémunération s'est accrue de 5.3 % (\$928,594,111).
