INTERNATIONAL BRIDGE, FERRY AND TUNNEL COMPANIES

1 9 3 3

During 1933 international bridge, ferry and tunnel companies operating between Canada and the United States, all operating from Ontario points, reported 5,314,392 motor vehicles crossing the border as against 6,278,062 in 1932. In addition, 109 horse-drawn vehicles and 15,000,485 pedestrians and motor vehicle passengers crossed which, added to the drivers of vehicles, brought the total up to 20,314,986 persons, as against 23,165,782 persons in 1932. A return trip is counted as two crossings.

Revenues of these companies amounted to \$2,450,433 and operating expenses to \$2,134,321, as against \$3,282,948 and \$2,710,257 respectively in 1932. The number of employees was only one less than in 1932, viz., 615, but the pay roll decreased from \$852,279 in 1932 to \$708,509.

The Bureau's report, "The Tourist Trade" shows the persons entering Canada from the United States by railway and boat, the tourist automobiles entered and the average number of persons per car. Using these data the approximate total number of crossings was computed as follows:
