REGISTRATIONS

INTRODUCTION

The present publication represents one volume of a set of four which comprise "The Motor Vehicle" report. These volumes are sub-titled as follows:

	Catalogue number
Part I—“Rates and Regulations”	53-217
Part II—“Motive Fuel Sales”	53-218
Part III—“Registrations”	53-219
Part IV—“Revenues”	53-220

Part I—“Rates and Regulations” contains all information available regarding commercial motor vehicle regulations; tax and licence fee rates, reciprocal highway agreements; size, weight and safety regulations and a historical review of gasoline and other motive fuels, by province.

Part II—“Motive Fuel Sales” contains gross and net sales of gasoline and net sales of diesel oil, by province.

Part III—“Registrations” includes provincial registrations of the main classes of motor vehicles; a historical table of total registrations and registrations by county and municipality.

Part IV—“Revenues” shows provincial government revenues from the main classes of motor vehicles and from motive fuel taxes together with a historical table of these revenues as well as unsatisfied judgment fund data.

Registrations

Table 1 is a historical summary showing the increase in registrations since 1903 when Ontario became the first province to require the registration of motor vehicles.

All motor vehicles which are licensed to operate on public highways and streets are included in

Table 3 “Registrations of Motor Vehicles, Drivers, etc.” Motorcycles, including motor bicycles, are classified as motor vehicles. Trolley coaches are registered as motor vehicles in Nova Scotia, Quebec and Ontario, but for licensing purposes Quebec does not distinguish them from motor buses. In other provinces, trolley coaches do not require provincial motor vehicle licences. “New” registrations are defined as vehicles registered for the first time in the reporting province and include used, as well as new vehicles.

Provincial licensing laws vary considerably on the definition of gasoline stations and garages. These refer not only to service stations which sell gasoline and garages which engage in the task of repairing motor vehicles but also to other outlets. For example, Ontario lists as a retail outlet any place having (a) a gasoline pump and (b) a licence to sell gasoline, while British Columbia includes new car dealers selling gasoline. In Ontario and British Columbia, the group “Garages” includes establishments which do not perform automotive repair work, such as used car lots, storage facilities for vehicles, parking lots, etc.

Motor vehicles licensed during the 1962 registration year increased 4.7 p.c. to 5,774,810 from 5,517,023 in 1961. Passenger car registrations were 4,531,384, 4.8 p.c. higher than the 4,325,682 licensed in the previous year, while registrations of commercial vehicles increased 4.6 p.c. to 1,210,325 from 1,156,979. Motorcycles, including motor bicycles, decreased to 33,101 from the 34,362 reported in 1961.

At the end of the 1962 registration year, there were ten motor vehicles registered for every 32 Canadians. Saskatchewan and Alberta had the largest number of motor vehicles in relation to population, with ten for every 25 and 26 persons respectively. For passenger cars only, there were ten for every 41 Canadians. British Columbia and Ontario had the largest number of passenger cars in relation to population at ten per 34 and 35 persons respectively. All regions showed increases

over the previous year in the number of vehicles per capita except Nova Scotia, Ontario and Alberta which remained unchanged from 1961.

Gains in total registrations, which occurred in all provinces except Nova Scotia, ranged from a low of 2.4 p.c. in Ontario to a high of 13.6 p.c. in Newfoundland.

In table 4, the totals represent the number of vehicles registered in each of the cities, counties, etc. according to the home address of the owner.

except for British Columbia where totals are given both for place of residence and according to issuing office in the particular areas listed.

The data contained in this table covering Newfoundland, Prince Edward Island, Manitoba, Saskatchewan, Alberta, and registrations by place of residence in British Columbia have been made available through the courtesy of R.L. Polk and Co. (Canada) Ltd. of Toronto while the remaining information has been provided by provincial motor vehicle registration authorities.
