 Chief, Transportation and Public Utilities Branch, G.S. Wrong, B.Sc.

SUMMARY OF CANAL TRAFFIC

SEPTEMBER, 1946

Historical File Copy 20-4300

Sault Ste. Marie Canals - Canadian and United States Locks: Traffic during September amounted to 14,314,161 tons, compared with 14,021,330 tons in August and 15,404,596 tons in September, 1945. The westbound soft coal traffic continued above last year's levels at 2,683,758 tons, compared with 2,007,750 tons, as did that of oil and gasoline at 207,755 tons against 106,375 tons. Eastbound traffic was lower due to decline in wheat and iron ore shipments. Wheat shipments dropped from 1,467,731 to 778,915 tons, and iron ore from 11,015,677 to 9,914,764 tons.

Welland Ship Canal: Traffic amounted to 1,449,252 tons during September, compared with 1,605,285 tons in August and 1,769,017 tons in the same month last year. Declines in wheat, iron ore and miscellaneous freight more than offset an increase in soft coal traffic over last year.

St. Lawrence Canals: Traffic, which amounted to 960,265 tons was greater than in August by 56,181 tons, but 23,917 tons less than a year ago. Wheat traffic dropped from 253,737 tons in 1945 to 17,988 tons, but soft coal increased from 417,098 tons to 515,161 tons, gasoline from 26,763 tons to 83,804 tons and corn from nil to 17,656 tons.
