DOMINION BUREAU OF STATISTICS

OTTAWA - CANADA

Published by Authority of the Hon. Gordon Churchill, Minister of Trade and Commerce

SUMMARY OF CANAL STATISTICS

September, 1958

Freight traffic on Canadian canals totalled 4,462,996 tons in September compared with 4,425,331 in September 1957, the rise of 0.8 per cent being the first recorded this year. Tonnage for the year to date was down 9.5 per cent to 25,555,025 tons from 28,232,953 in the like period of 1957. Increased freight traffic on the Welland Ship, St. Lawrence and Canso canals was offset in part by a decrease on the Sault Ste. Marie Canal. Small increases were recorded for a number of commodities with grains predominating. Vessel passengers numbered 3873 against 3,692 in September 1957 and registered net tonnage 3,974,000 tons versus 3,948,000. The number of passengers in vessels locked through the canals rose to 19,464 from 11,153.

Sault Ste Marie Canals - Canadian and United States Locks:

Cargoes shipped through the combined system decreased 21.5 per cent this September to 12,045,182 tons from 15,335,098 in September 1957. Freight traffic through the Canadian lock registered a sharp decrease to 174,907 tons from 278,235. The combined drop of 3,289,916 tons was due mainly to a decline in east bound shipments of iron ore to 9,135,845 tons from 12,178,266 and in west bound shipments of bituminous coal to 1,237,845 tons from 1,349,849. Vessel passages fell to 2,273 from 2,833 and registered net tonnage of vessels to 9,400,879 tons from 12,160,675.

Welland Ship Canal:

The volume of freight carried through the Welland Ship Canal totalled 2,678,406 tons, 2.0 per cent above the 2,624,726 tons carried in September 1957. Shipments of corn rose to 84,842 tons from 10,513, barley to 93,555 tons from 65,232, sand, gravel and stone to 105,094 tons from 26,290 and other manufactured products to 124,110 tons from 58,677. A total of 1,133 vessels of 2,374,129 registered net tons moved through the canal as compared with the September 1957 total of 1,089 vessels of 2,269,224 net tons.

St. Lawrence Canals:

Total freight carried through the St. Lawrence Canals in September amounted to 1,481,244 tons compared with 1,421,773 in September 1957, a gain of 59,471 tons or 4.2 per cent. Among commodities transported in greater volume were wheat, up 55,459 tons to 209,756; corn, up 46,440 tons to 57,504; barley, up 35,352 tons to 61,042; and other freight, up 29,459 tons to 219,796. Iron ore declined 40,384 tons to 255,000; iron and steel, 47,869 tons to 7,338 and bituminous coal 26,144 tons to 167,407. Vessel passages rose to 1,633 from 1,408 and registered net tonnage to 1,092,593 tons from 1,018,489.

Prepared in the Transportation and Public Utilities Section,
Public Finance and Transportation Division.
