COMPARATIVE SUMMARY OF CARGO LOADED AND
UNLOADED AT CANADIAN PORTS IN
INTERNATIONAL SHIPPING FOR
1971, 1972 AND 1973.

The attached tables provide comparative totals for tons loaded and unloaded in international shipping at all Canadian ports over a three-year period. The figures represent short tonnages (i.e. 2,000 lbs.) and the 1973 figures must be considered preliminary. Statistics are compiled from reports submitted by operators to the collector of Customs and Excise.

The ports listed are those included in the annual publications, "Shipping Report", Part II and Part III, Catalogues 54-203 and 54-204.

Excluded are transshipments (cargo moved from one vessel to another within a port) and intra-port movements (movements of cargo within port boundaries).

If there are any queries about this or any other service bulletin please contact Mr. D. Chartrand, Chief, Water Transport Section (613-996-9274).

SOMMAIRE COMPARATIF DE MARCHANDISES EMBARQUÉES ET
DÉBARQUÉES AUX PORTS DU CANADA. TRANSPORT
MARITIME INTERNATIONAL DE 1971, 1972 et 1973.

Les tableaux ci-joints donnent les totaux comparatifs pour les tonnages de marchandises embarquées et débarquées aux ports du Canada pour une période de trois ans dans le cadre de la navigation internationale. Les données sont présentées en tonnes courtes (c.-à-d. 2,000 livres) et il est à noter que les chiffres de 1973 sont provisoires. Ces statistiques sont fondées sur les déclarations des exploitants aux receveurs des douanes et accise.

La liste des ports est identique à celle des bulletins annuels, "Transport Maritime": partie II et partie III aux catalogues 54-203 et 54-204.

Sont exclus les transbordements (c.-à-d. les mouvements de marchandises d'un navire à un autre dans un même port) ainsi que les mouvements de marchandises à l'intérieur d'un même port.

Si vous avez des questions concernant ce bulletin ou d'autres sur le transport par eau, veuillez vous adresser à M. D. Chartrand, Chef de la Section du transport par eau (613-996-9274).
