This bulletin presents the origin and destination of containerized freight in international shipping by port for 1974 and 1975.

The provincial totals given are for the ports of Halifax, Saint John (N.B.), Quebec, Montreal, Toronto and Vancouver and covers international trade only. Cargo is stated in short tons (2,000 pounds) and the weight of the container is excluded from the tonnage reported.

Information regarding the dimension and type of container used in international trade in 1975 may be found in service bulletin, Vol. 6, No. 8, and for 1974 in service bulletin, Vol. 5, No. 10.

If you have any questions concerning this or any other water transport service bulletin, please telephone Mr. D. Chartrand, Water Transport Section.
