

# TELEPHONE STATISTICS

OF THE

DOMINION OF CANADA

FOR THE

YEAR ENDED JUNE 30

1912

A. W. CAMPBELL,

Deputy Minister of the Department of Railways and Canals

*PRINTED BY ORDER OF PARLIAMENT*

OTTAWA

PRINTED BY C. H. PARMELEE, PRINTER TO THE KING'S MOST  
EXCELLENT MAJESTY

TO FIELD MARSHAL, HIS ROYAL HIGHNESS PRINCE ARTHUR WILLIAM PATRICK ALBERT, Duke of Connaught and of Strathearn, Earl of Sussex (in the Peerage of the United Kingdom), Prince of the United Kingdom of Great Britain and Ireland, Duke of Saxony, Prince of Saxe-Coburg and Gotha; Knight of the Most Noble Order of the Garter; Knight of the Most Ancient and Most Noble Order of the Thistle; Knight of the Most Illustrious Order of Saint Patrick; a Member of the Most Honourable Privy Council; Great Master of the Most Honourable Order of the Bath; Knight Grand Commander of the Most Exalted Order of the Star of India; Knight Grand Cross of the Most Distinguished Order of Saint Michael and Saint George; Knight Grand Commander of the Most Eminent Order of the Indian Empire; Knight Grand Cross of the Royal Victorian Order; Personal Aide-de-Camp to His Majesty the King; Governor General and Commander-in-Chief of the Dominion of Canada.

MAY IT PLEASE YOUR ROYAL HIGHNESS:

The undersigned has the honour to present to your Royal Highness the Annual Report of the Comptroller of Statistics in relation to the telephone interests of the Dominion of Canada for the year ended June 30, 1912.

F. COCHRANE,

*Minister of Railways and Canals.*

To the Honourable F. COCHRANE,  
Minister of Railways and Canals.

SIR,—I have the honour to submit the annual report of the Comptroller of Statistics in relation to the telephone interests of the Dominion of Canada for the year ended June 30, 1912.

I have the honour to be, sir,  
Your obedient servant,

A. W. CAMPBELL,  
*Deputy Minister of Railways and Canals.*

## OFFICE OF THE COMPTROLLER OF STATISTICS,

OTTAWA, January 10, 1912

A. W. CAMPBELL, Esq., C. E.,  
Deputy Minister of Railways and Canals.

SIR,—I have the honour to submit herewith Telephone Statistics for the year ended June 30, 1912.

The number of companies which made a return of statistical data for 1912 was 683, which was an increase of 146 over 1911.

It is not probable that the Department has a complete list of telephone companies operating in the Dominion, and there seems to be no means by which such a list can be got from official sources. For example, incorporation is conferred in a large majority of instances by the Provincial Legislatures, and they have not required the incorporators to report the commencement of operations nor subsequently to file an annual statement of statistical facts. It has therefore been difficult to get the names and addresses of all telephone organizations. It is believed, however, that the annexed report gives a reasonably full account of telephone interests in Canada.

In the Provinces of Manitoba and Alberta all telephone companies have practically been absorbed by the Provincial Governments. In Saskatchewan the process of absorption is in progress, although there are several hundred distinct and separate corporations still operating on an independent footing. An arrangement has been made with the Department of Railways, Telegraphs and Telephones under which telephone companies in that Province will hereafter report only to the Local Government, and copies of these reports will be forwarded to Ottawa. This will avoid confusion, and make for completeness.

It is intended for the year 1913 to prescribe an exceedingly simple form of report for rural companies. Two years of experience has clearly demonstrated that the reporting forms thus far used have not been easily understood. The difficulty has arisen chiefly over the interpretation of what is income and what are operating expenses. The secretaries of small rural corporations are seldom familiar with accounting methods, and they have in many instances misunderstood the requirements of the department. In future a form so elementary in character will be sent out that it is hoped the trouble which has occurred during the past two years, and which led to a great deal of correspondence, will be entirely avoided.

There has also in some instances been confusion over the matter of jurisdiction. Incorporation having been conferred by the provinces, the statistical requirements of a department at Ottawa has created the impression here and there that it would answer all purposes to report only to the provincial authorities. Let it be said at once that the jurisdiction of the Dominion Government in all matters relating to statistics should not be questioned. This explanation is made, not because there has been serious conflict over the question, but because it has been necessary in several cases to point out the legal conditions under which a return of schedules has been asked.

3 GEORGE V., A. 1913

## NUMBER OF COMPANIES.

The number of companies or telephone organizations which submitted reports in 1912 is shown in the following tabular statement:—

Province.	Government.	Municipal.	Stock.	Co-operative.	Partnership.	Private	Total.
Ontario.....		27	133	97	28	84	369
Quebec.....			23	12	3	24	62
New Brunswick.....			15			2	17
Nova Scotia.....			12				12
Alberta.....	1	1	1				3
Saskatchewan.....	1	4	174	24		3	206
Manitoba.....	1	2					3
British Columbia.....	1	1	9				10
P. E. Island.....			1				1
Total.....	3	35	368	133	31	113	683

Following is a comparison of numbers, by provinces, as between the reports received in 1911 and 1912:—

	1911.	1912.
Ontario.....	319	369
Quebec.....	32	62
New Brunswick.....	16	17
Nova Scotia.....	14	12
Alberta.....	4	3
Saskatchewan.....	143	206
Manitoba.....	3	3
British Columbia.....	5	10
P. E. Island.....	1	1
Total.....	537	683

It will be observed that stock companies predominate. Sixty more such companies reported in 1912 than in 1911. For the most part these are rural corporations, have a small capital liability. Co-operative companies increased by 30, and municipal organizations by 10. The organization and operating methods of these rural companies follow simple lines; yet a service of great and growing value is provided.

## CAPITAL AND COST.

The capital liability reported for 1912 aggregated \$46,276,851.74—an increase of \$6,232,869.45 over 1911.

The division of this capital liability in 1912 was as follows:—

	1911	1912
	\$	\$
Stocks.....	21,527,374.55	21,533,605.09
Funded debt .....	18,516,607.74	24,743,246.65
	<u>40,043,982.29</u>	<u>46,276,851.74</u>

SESSIONAL PAPER No. 20d

This distribution of capital liability by provinces, in 1911 and 1912, was as follows:—

Province.	Stocks.	Funded Debt.	Total 1912.	Total 1911.
	\$	\$	\$	\$
Nova Scotia.....	1,527,339 14	1,182,600 00	2,709,939 14	2,597,380 00
New Brunswick.....	1,307,810 24	107,850 00	1,415,660 24	1,313,781 00
P. E. Island.....	100,000 00		100,000 00	165,000 00
Quebec.....	13,675,467 00	5,525,230 46	19,200,697 46	18,981,630 37
Ontario.....	1,428,257 81	1,344,540 38	2,772,798 19	1,755,628 36
Manitoba.....		9,919,723 18	9,919,723 18	8,315,000 00
Saskatchewan.....	532,808 40	3,522,635 01	4,055,443 41	1,959,511 37
Alberta.....	90,000 00	2,440,667 62	2,530,667 62	2,432,801 84
British Columbia.....	2,871,922 50	700,000 00	3,571,922 50	2,523,249 35
Total.....	21,533,605 09	24,743,246 65	46,276,851 74	40,043,982 29

The capitalization attached to the province of Quebec calls for explanations. The Bell Telephone Company, which is the chief telephone organization of the Dominion, has its headquarters in Montreal. The capital liability of that company is assigned wholly to the province of Quebec, although it is actually invested to a large extent in the province of Ontario. It is not, of course, practicable to make a separation as between the two provinces.

The aggregate capitalization in 1912 was equal to an average of \$124.75 per telephone in use.

The cost of real property returned for 1912 was \$56,887,799.15, as compared with \$34,737,529.95 in 1911. While this is in excess of capital liability, it must be remembered that the telephone interests of several of the provincial governments are not represented by either stocks or bonds, and there are many co-operative companies in a similar position. The total cost was distributed among the provinces as follows:—

Nova Scotia.....	\$ 3,120,452.21
New Brunswick.....	1,564,231.95
Prince Edward Island.....	135,817.82
Quebec.....	27,480,159.90
Ontario.....	3,426,761.15
Manitoba.....	9,621,968.31
Saskatchewan.....	3,997,931.74
Alberta.....	3,439,515.21
British Columbia.....	4,100,960.86
Total.....	\$ 56,887,799.15

Here again the case of the Bell Telephone Company had very greatly exaggerated the cost of telephone interests in the province of Quebec. The cost in Alberta and Manitoba is accepted as being the cost to the provincial government in each case, rather than the outlay by primary owners.

## EARNINGS AND OPERATING EXPENSES.

The gross earnings returned for the year amounted to \$12,273,626.66. In 1911 they were \$10,068,220.03. This increment of \$2,205,406.63 was in part due to larger business, and also in part to the fact that a greater number of companies reported in 1912.

Operating expenses were reported as having been \$9,094,688.82, as compared with \$6,979,045.06 in the preceding year.

Net earnings, as representing the difference between gross earnings and operating expenses, totalled \$3,178,937.84.

Operating expenses were equal to 74.0 per cent of gross earnings. In 1911 the ratio was 69.32

It has not been found possible to publish an analysis of either gross earnings or operating expenses, because of the absence of uniform methods of accounting. As has been explained, many of the rural companies are conducted in such a way as to make the gathering of comparable details quite impracticable.

Gross earnings were equal to \$33.09 per telephone in use, and \$13.79 per mile of wire.

Operating expenses represented an average of \$24.52 per telephone, and \$10.22 per mile of wire.

Gross earnings, operating expenses and net earnings were distributed among the provinces as follows:—

Province.	Earnings.	Operating Expenses.	Net Earnings.
Nova Scotia.....	434,711 18	308,126 88	126,584 30
New Brunswick.....	355,624 38	195,451 74	160,172 64
Prince Edward Island.....	75,929 89	30,968 74	4,961 15
Quebec.....	7,242,056 72	5,567,880 15	1,674,176 57
Ontario.....	649,515 76	377,261 42	272,254 34
Manitoba.....	1,360,042 67	1,096,998 41	263,044 26
Saskatchewan.....	517,559 18	299,588 66	217,970 52
Alberta.....	482,796 46	286,183 21	196,613 25
British Columbia.....	1,195,390 42	932,229 61	263,160 81
Total.....	12,273,626 66	9,094,688 82	3,178,937 84

## EQUIPMENT.

The reports received for 1912 showed 889,572.17 miles of wire in use for telephone purposes throughout the Dominion. This was an increase of 201,843.67 over the mileage reported for 1911.

In 1912 there were 370,884 telephones returned as being in use—an increase of 68,125 as compared with the preceding year.

SESSIONAL PAPER No. 20d

The total of wire mileage was distributed among the provinces as follows:—

Province.	Urban.	Rural.	Total.
	Miles.	Miles.	Miles
Nova Scotia.....	20,445	6,297	26,742
New Brunswick.....	14,458.61	7,659.05	22,117.66
Prince Edward Island.....	1,175	1,300	2,475
Quebec.....	143,875	44,142	188,017
Ontario.....	249,822.28	126,111.15	375,933.43
Manitoba.....	83,417	44,162	127,579
Saskatchewan.....	19,290	17,983.24	37,273.24
Alberta.....	24,941	65	25,006
British Columbia.....	79,537.84	4,891	84,428.84
Total.....	636,961.73	252,610.44	889,572.17

The foregoing figures cannot be compared with those for 1911, except as to the total. As was explained last year, the mileage of the Bell Telephone Company was assigned wholly to the province of Quebec, the headquarters being in Montreal. This year a separation was secured.

It will be observed that the urban mileage considerably exceeds the rural, and yet great significance attaches to the fact that there were on June 30 last 252,610 miles of telephone wire distributed throughout the villages and country districts of the Dominion.

On 30th June last there was one mile of telephone wire in use for every 8.1 of the total population of the Dominion, and one telephone for every 19.3.

The wire mileage was divided into the following classes:—

Class of Wire.	Urban.	Rural.	Total.
	Miles.	Miles.	Miles.
Galvanized.....	34,730.77	236,460.62	271,191.39
Copper.....	4,136.77	15,959.87	20,096.64
Cable—overhead.....	232,270.70	122.37	232,393.07
underground.....	364,855.49	20	364,875.49
submarine.....	968	47.58	1,015.58
Total.....	636,961.73	252,610.44	889,572.17

The number of telephones in use in 1912 was distributed among the provinces and divided as to method of operation, as follows:—

Province.	Central Energy.	Magneto.	Total.
Nova Scotia.....	8,782	5,738	14,520
New Brunswick.....	7,548	5,345	12,893
Prince Edward Island.....	572	636	1,208
Quebec.....	45,906	20,667	66,573
Ontario.....	89,875	82,631	172,506
Manitoba.....	23,750	15,785	39,535
Saskatchewan.....	5,401	11,209	16,670
Alberta.....	8,650	7,151	15,801
British Columbia.....	22,248	8,930	31,178
Total.....	212,732	158,152	370,884

Telephones operated by central energy are invariably connected with large exchanges, where the call is given by simply removing the receiver from its hook. Telephones operated by magneto power require the turning of a handle in order to give a call.

There was an increase in 1912 over 1911 of 37,738 in the number of telephones operated by central energy, and 30,387 in the number operated by magneto.

## EMPLOYEES

The number of employees returned for the year 1912 was 12,783, as compared with 10,425 in 1911.

The aggregate of salaries and wages paid during the year was \$2,659,641.63. This sum represented an increase of \$1,744,005.49 over the preceding year. It is probable that this large increment is partly attributable to a closer compliance in 1912 than in 1911 with the requirements of the schedule relating to employees.

Salaries and wages constituted 29.2 per cent of operating expenses, which is a relatively low proportion.

SESSIONAL PAPER No. 20d

The distribution of employees and their total remuneration, by provinces, was as follows:—

Province.	Number.	Remuneration.
		\$
Nova Scotia.....	225	45,532 67
New Brunswick.....	330	108,648 35
Prince Edward Island.....	64	21,756 00
Quebec.....	8,449	381,859 71
Ontario.....	968	189,473 96
Manitoba.....	1,307	878,856 48
Saskatchewan.....	347	362,410 70
Alberta.....	89	97,805 28
British Columbia.....	1,004	573,298 48
Total.....	12,783	2,659,641 63

The foregoing table discloses several anomalies. In Quebec—to which is assigned the total payments of the Bell Telephone Company—8,449 employees received a total of \$381,859.71; while in Manitoba, where the telephone interests of the province are almost wholly under government control, 1,307 employees are credited with receiving \$878,856.48. In Saskatchewan, where private and government telephone interests are divided, 347 employees represented an aggregate of \$362,410.70. The average for Quebec was \$45.19, which is so low as to cast doubt upon the facts reported, either as to numbers or total remuneration, while in Manitoba, it was \$671.66, and in Saskatchewan \$1,004.44. The explanation probably lies in this situation: The Bell Telephone Company has returned all the employees whom it has directly or indirectly in service, and, on the other hand, charges only the remuneration paid out as salaries. More than two-thirds of all such employees receive a commission. The provinces of Manitoba and Saskatchewan charge to salary account the entire administration of the Telephone Department, and do not count in the number of employees those who are paid commissions.

#### TELEPHONE TARIFFS.

Two years of experience has amply demonstrated that it is quite impracticable to present a classification of rates, tolls or rentals in connection with the telephone business of Canada. The charges for the use of telephones are reported by the various companies; but they have such wide variations and qualifications that a great deal of additional space would be required to set forth the facts in satisfactory form. All public purposes will perhaps be served by the placing of these tariffs in the records of the department.

I have the honour to be, sir,

Your obedient servant,

J. L. PAYNE,

Comptroller of Statistics

TABLE 1.—Statement of Capital, Cost, Revenue, Operating Expenses, Number of Telephones, Employees, &c.
