BANK DEBITS TO INDIVIDUAL ACCOUNTS

or

Amount of Cheques charged against Bank Accounts at the Clearing
House Centres, January, 1927.

Bank debits to individual accounts at the clearing house centres of Canada were greater in January than in the corresponding month of any year since the statistics were first collected in 1924. The total in January, as reported to the Dominion Bureau of Statistics by the Canadian Bankers' Association, was \$2,618,800,000, as compared with \$2,368,200,000 in January, 1926, an increase of \$250,600,000 or 10.5 p.c. After adjustment for seasonal variation, the increase over December, 1926 was more than 14 p.c.

Bank clearings in January were \$1,514,200,000, as compared with \$1,360,527,147 in the same month of 1926, an increase of 11 p.c.

Comparison by Areas with January 1926.

Active speculation, especially in mining shares, probably had its influence on the dollar volume of business in January. Increases were almost general in the 12 centres of Ontario, the largest gain being shown at Toronto. A substantial gain was also recorded in Quebec province. Decreases were shown in the Maritime provinces and the Prairie provinces, while debits were slightly more than maintained in British Columbia.

Maritime Provinces.- The debits in the Maritime provinces were \$47,300,000 as compared with \$51,600,000 in January 1926, a decrease of 8 p.c. Halifax and St. John each showed declines, while a gain was recorded at Moncton.

Quebec.- The increase in Montreal debits was \$107,500,000 or 16 p.c., the total amount in January being \$798,700,000. Sherbrooke also showed an increase, while a decline occurred at Quebec city. The net result for the province was a total of \$854,000,000, as compared with \$752,400,000 in January 1926, an increase of 14 p.c.

Ontario.- Eleven of the centres in Ontario showed increases, while the debits of Ottawa declined. A large increase of 28 p.c. was recorded at Toronto, where the debits in January were \$839,200,000, as compared with \$654,600,000 in January, 1926. The debits of London increased by 21 p.c., or from \$22,400,000 to \$27,000,000; the debits of Hamilton were \$53,000,000, representing an increase of \$3,200,000 or 6 p.c. over January 1926. The total for the province was \$1,120,600,000, as compared with \$925,000,000 in the same month last year, an increase of 21 p.c.,

Prairie Provinces.- Three centres and the branches of Weyburn Security Bank showed increases over January, 1926, while seven centres experienced declines. The debits of Winnipeg were \$272,800,000, as compared with \$295,000,000, a decline of \$22,700,000 or 8 p.c. The aggregate decrease in the centres of the three provinces was \$42,700,000 or 9 p.c.

British Columbia.- The large increase of \$800,000 or 15 p.c. at New Westminster counterbalanced the slight declines at Vancouver and Victoria. Consequently the debits in British Columbia, amounting in January to \$163,970,000, were slightly more than maintained as compared with the same month of 1926. (See Table 1).

Comparison with December after Seasonal Adjustment.

Based on the experience with bank clearings in the twelve year period from 1913 to 1924, an adjustment of the statistics of bank debits was effected for the purpose of facilitating short-term comparisons. Comparing the adjusted debits of January with those of the preceding month, a decrease was shown in Vancouver, while the three remaining large centres recorded increases. The gain at Toronto amounted to 22 p.c.; Winnipeg showed an increase of 19 p.c., while the moderate increase of 4 p.c. was attained at Montreal. (See Chart 2).

Turnover of Bank Debits.

The turnover of bank debits in January was much greater than in the corresponding month of last year. The percentage of bank debits to the demand and notice deposits was 132, as compared with 123.4 in January 1926. The increase in the turnover of bank deposits was due to the bank debits increasing faster than the deposits. The increase in the debits was 10.5 p.c., while the increase in the deposits was about 3.4 p.c. (See Table 4).

Statistical Tables.

In Table 1 will be found the bank debits in each of the clearing house centres in Canada during January, 1927, with the comparative figures for December and January, 1926. Table 2 gives the debits in the five economic areas by months from January 1926 to the month under review, and shows the relation of bank clearings to bank debits during the same period. Table 3 presents bank debits in millions of dollars in economic areas and principal clearing centres of Canada in January 1927, with the comparative statistics for the corresponding months of the two preceding years. Table 4 shows the relation of bank debits to deposits for each month from January 1925 to the month under review.

February 22, 1927-KHH.
