BANK DEBITS TO INDIVIDUAL ACCOUNTS

or

Amount of Cheques Charged Against Bank Accounts at the Clearing House Centres, March, 1929

The dollar volume of Canadian business showed considerable expansion in March last, bank debits being 24 p.c. greater than in March, 1928. The increase over February, after adjustment for seasonal tendencies was 4 p.c., and bank debits in Montreal and Vancouver reached very high levels in March, gains over March, 1928 being 41 p.c. and 54 p.c. respectively. The increase in Toronto over the same month last year was nearly 19 p.c. Statistics of bank debits to individual accounts at the clearing house centres are published by the Dominion Bureau of Statistics under an arrangement with the Canadian Bunkers' Association.

Comparison of Bank Debits in March, 1929 and March, 1928

Increases in March last as compared with the same month of 1928 were shown in Halifax and Saint John, while debits were practically maintained in Moncton. The increase in the three centres of the Maritime Provinces was 5 p.c.

Bank debits in the Province of Quebec showed an increase of 39 p.c., the gain in Montreal being 41 p.c. Increases were also shown in Quebec city and Sherbrooke.

Ottawa and Fort William were the only centres in Ontario to show decreases in this comparison. The gain in Toronto was nearly 19 p.c., while the aggregate in the province showed an increase of 16 p.c.

All centres in the Frairie Provinces, except Winnipeg and the Branches of the Weyburn Security Bank, showed gains, the net result for the area being an increase of 8.5 p.c. The decline in Winnipeg was about 3 p.c.

greater. An increase was shown at New Westminster, contributing to an increase of 39 p.c. in the aggregate for the three centres of British Columbia.

Bank Debits in the First Quarter of 1929

The high level of bank debits in March contributed to produce a favourable showing for the first quarter of 1929, as compared with the same period of 1928. The total bank debits in the first quarter of 1929 were \$11,505,000,000, an increase of 18.4 p.c. over the same period of last year. The largest percentage gains were shown in Quebec and British Columbia, where the increases were 25.6 p.c. and 26.5 p.c., respectively. The gain in Ontario was 16.4 p.c., while an increase of 14.4 p.c. was shown in the Maritimes. The gain in the Prairie Provinces was 6.5 p.c.
