### DOMINION BUREAU OF STATISTICS, OTTAWA GENERAL STATISTICS BRANCH

Dominion Statistician: Chief, General Statistics Branch: Assistant on Business Statistics: R. H. Coats, B.C., F.S.S., (Hon.) F.R.S.C. S. A. Cudmore, M.A., F.S.S.

Sydney B. Smith, M.A.

#### BANK DEBITS TO INDIVIDUAL ACCOUNTS

or

## Amount of Cheques Charged against Bank Accounts at the Clearing House Centres, June, 1930

Financial transfers in Canada, denoted by bank debits at the clearing house centres, showed after adjustment for seasonal tendencies, a moderate gain in June over the preceding month. The aggregate in June was \$3,397,700,000, an increase after adjustment over May of 4.5 p.c. Gains in this comparison were fairly general in the Prairie Frovinces, where absolute gains over May were shown in eight centres and in the branches of the weyburn Security Bank. After seasonal adjustment, debits in winnipeg were 23.5 p.c. greater in June than in May, and the aggregate for the three provinces was 18.5 p.c. greater. Six centres out of the thirteen in Ontario showed absolute gains in June over May, and after adjustment for seasonal tendencies the decrease in the province was limited to 1.2 p.c. Owing to gains in Montreal and Quebec city, the total for June in the province of Quebec was greater than for May. Adjustment for seasonal tendencies changed the apparent gain into a decrease of 1.4 p.c. Decreases in the Maritime Provinces and in British Columbia, after seasonal adjustment, were 4.4 p.c. and 9.5 p.c., respectively.

#### Bank Debits in the First Half of 1930

Bank debits in Canada during the first half of the present year amounted to \$19,025,000,000, compared with \$22,036,000,000 in the same period of 1929, a decline of 16.6 p.c. The decrease in the province of Quebec was 15.0 p.c., while Ontario showed a decline of 18.4 p.c. Debits in the Prairie Provinces during the first six months of 1930 were in excess of \$3,006,000,000, a decline of 15 p.c. from the same period of 1929. The Maritime Provinces showed a decline of 10.6 p.c. in this comparison, while the cumulative total for British Columbia was down 20.3 p.c. (See Table 2)

#### Comparison with June, 1929

As debits in June last were \$3,397,700,000 compared with \$3,580,000,000 in the same month of last year, the decline was about 5 p.c. Quebec Province was the only one of the five principal economic areas showing a gain in this comparison. Declines were shown in Halifax and Saint John, the aggregate for the three centres of the Maritime Provinces showing a decline of 3.4 p.c.

Debits in Montreal at \$1,145,000,000 showed a gain of 3 p.c. over the same month of last year. Quebec city also showed a gain, the net result for the province being an increase of 3.3 p.c.

Only two of the twelve centres of Ontario for which 1929 figures are available showed gains in this comparison, London and Kingston exhibiting increases of 2 p.c. and 3 p.c., respectively. The decline of 8.6 p.c. in Toronto contributed to the drop of 10.5 p.c. in the total for the province.

Regina, Saskatoon, Moose Jaw and Prince Albert, among the centres in the Prairie Provinces, showed gains in June compared with the same month of 1929. The total for the three provinces was down 3 p.c., Winnipeg showing a decline of 4.2 p.c.

Bank debits in Vancouver were 20 p.c. less than in June, 1929, and the total for the three centres of the province was 16.0 p.c. lower.
