FARM IMPLEMENT AND EQUIPMENT SALES

PROPERTY OF THE LIBRARY

January 1 to June 30, 1968

This report shows estimates of farm implement sales for the first six months of 1968. These are based on the data reported by a panel of major-line companies, members of the Canadian Farm and Industrial Equipment Institute, whose portion of the 1966 total is known. These estimates are subject to revision since the factor used in the blow-up is based on 1966 operations and may change when 1967 annual totals for all firms are known later this year. Because of delinquent response the estimate for Quebec for 1967 was probably understated. It is not possible to revise the figure.
