FARM IMPLEMENT AND EQUIPMENT SALES

First Quarter, 1960

This report shows estimates of farm implement sales for the first three months of 1960. These are based upon the data reported by a panel of major-line companies whose portion of the 1958 total is known. The estimates are subject to revision since the factor used in the blow-up is based on 1958 operations and may change when 1959 annual totals for all firms are known later this year.
