FARM IMPLEMENT AND EQUIPMENT SALES, First Quarter, 1963

PROPERTY OF THE LIBRARY

This report shows estimates of farm implement sales for the first three months of 1963. These are based upon the data reported by a panel of major-line companies whose portion of the 1961 total is known. The estimates are subject to revision since the factor used in the blow-up is based on 1961 operations and may change when 1962 annual totals for all firms are known later this year.
