## FARM IMPLEMENT AND EQUIPMENT SALES, Third Quarter, 1964

This report shows estimates of farm implement sales for the first nine months of 1964. These are based upon the data reported by a panel of major-line companies whose portion of the 1963 total is known. The estimates are subject to revision since the factor used in the blow-up is based on 1963 operations and may change when 1964 annual totals for all firms are known next year.
