FARM IMPLEMENT AND EQUIPMENT SALES, Second Quarter, 1965

This report shows estimates of farm implement sales for the first six months of 1965. These are based upon the data reported by a panel of major-line companies whose portion of the 1963 total is known. The estimates are subject to revision since the factor used in the blow-up is based on 1963 operations and may change when 1964 annual totals for all firms are known later this year.
