FARM IMPLEMENT AND EQUIPMENT SALES,  
January to October, 1965

This report shows estimates of farm implement sales for the first ten months of 1965. These are based upon the data reported by a panel of major-line companies whose portion of the 1964 total is known. The estimates are subject to revision since the factor used in the blow-up is based on 1964 operations and may change when 1965 annual totals for all firms are known next year.
