FARM IMPLEMENT AND EQUIPMENT SALES

January 1 to August 31, 1966

This report shows estimates of farm implement sales for the first eight months of 1966. These are based on the data reported by a panel of major-line companies whose portion of the 1964 total is known. These estimates are subject to revision since the factor used in the blow-up is based on 1964 operations and may change when 1965 annual totals for all firms are known later this year.
