FARM IMPLEMENT AND EQUIPMENT SALES

January 1 to October 31, 1967

This report shows estimates of farm implement sales for the first ten months of 1967. These are based on the data reported by a panel of major-line companies whose portion of the 1965 total is known. These estimates are subject to revision since the factor used in the blow-up is based on 1965 operations and may change when 1966 annual totals for all firms are known later this year.
