RESTAURANT, CATERER AND TAVERN STATISTICS

JUNE 1983

Receipts for June 1983 were \$915.0 million, an increase of 5.8% over the June 1982 total of \$865.2 million.

Only Saskatchewan (- 0.4%) and the Yukon (- 11.7%) failed to report increases, which ranged from 0.6% in Alberta, through 13.4% for Quebec to 17.1% for the Northwest Territories.

Unlicensed restaurants continued to show increased sales at the Canada level (16.1%) and at provincial and territorial levels with the exception of Northwest Territories. Licensed restaurants made a smaller gain of 2.9% overall but increased sales in Quebec (10.6%) and British Columbia (17.0%) especially, were offset by a decline of 5.2% in Ontario receipts.

Take out sales rose by 5.3%, Taverns by 9.9% but Caterers continued to report lower revenues in most provinces with a decrease of 14.1% at the Canada level.

Licensed restaurants were asked to estimate the percentage of their June sales which came from the sale of alcoholic beverages. Table I below provides these percentages obtained in June 1982 and in June 1983, by province and territory, in the first two columns. The third column shows the percentage change in total sales of licensed restaurants of June 1983/June 1982 while the fourth column indicates the contribution or market share of each province and territory to total licensed restaurant receipts.
