In the May 1967 issue of Trade of Canada, Imports by Commodities it was reported that delays in the receipt of customs documents from a major Customs Port required a revision to import trade statistics for the period back to April 1966. The last of the delayed documents was received in time to be included in statistics reported for the month of July.

The retention of the documents at the port for unusually long periods resulted in documents being credited as trade pertaining to subsequent months.

Had there been no delay in the submission of documents a detailed study indicates that the import totals for each of the affected months would have been as follows:

Dans la livraison de mai 1967 de Commerce du Canada, Importations par marchandises, on a dit qu'étant donné le délai dans la réception des documents douaniers d'un des principaux ports, il avait fallu rectifier la statistique des importations à partir d'avril 1966. Les derniers de ces documents qui ont subi un retard sont arrivés assez tôt pour figurer dans la statistique de juillet.

Ce retard extraordinaire dans l'envoi des documents douaniers explique le fait que des documents ont été attribués aux échanges commerciaux des mois suivants.

Voici ce qu'aurait été la répartition des importations pour chaque mois en cause, s'il n'y avait pas eu de retard dans l'envoi des documents.
