## SALES AND PURCHASES OF SECURITIES BETWEEN CANADA AND OTHER COUNTRIES

FEBRUARY, 1959

Trading of outstanding securities between Canada and other countries led to a sales balance or capital inflow of \$19.7 million in February. This total compared with \$10.8 million in January and \$23.8 million in December. It was made up of \$18.5 million net sales of outstanding Canadian securities and \$1.2 million net sales of outstanding foreign securities.

Geographically, the balance was made up of \$16.7 million net sales to the United States, \$1.6 million net purchases from the United Kingdom and \$4.6 million net sales to other overseas countries. In January, net sales to the United States were \$6.6 million, net purchases from the United Kingdom totalled \$2.5 million, and there were net sales of \$6.7 million to other countries.

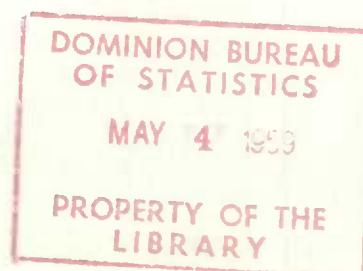

The sales balance from trade in outstanding Canadian securities was made up of \$9.5 million net sales of bonds, debentures, etc., and \$9.0 million net sales of common and preferred stocks. These figures compared with \$7.4 million and \$4.0 million in January. The sales balance in outstanding Canadian bonds and debentures was represented almost entirely by net sales of Government of Canada direct issues to the United States and overseas countries other than the United Kingdom.

The sales balance of \$1.2 million from trade in outstanding foreign securities reflected mainly net sales by Canadians of United States common and preference stocks.

Statistics in this bulletin cover transactions in outstanding securities reported by investment firms, stock exchanges, and other security dealers in Canada. Not included are sales of new issues and retirements of called or matured securities, security transactions of a short-term character analogous to changes in bank balances, and some transactions by other than reporting agencies. More complete statistics of capital movements will be found in the annual and quarterly reports on The Canadian Balance of International Payments.

Prepared in the Balance of Payments Section, International Trade Division.
