## EXPLANATORY TEXT

A total of 212,293 initial and renewal claims for Unemployment Insurance benefit were filed in local offices of the Unemployment Insurance Commission during the month of January. In comparison with the previous month, when 175,040 claims were recorded, the January figures reflect a general increase in new cases of recorded unemployment among insured persons. However, the 21 percent increase in the number of claims filed in January over December was less than for the same period in 1950-51 (28 percent) and 1949-50 (31 percent). Claims filed in January 1951 numbered 172,269.

Total claimants on the live unemployment register increased from 287,819 (213,657 males and 74,162 females) on December 31 to 358,091 (273,834 males and 84,257 females), on January 31, 1952. Of the claimants on the register as at January 31, 1952, 287,811 (228,216 males and 59,595 females) were ordinary, 39,554 (22,863 males and 16,691 females) were on short time and 30,726 (22,755 males and 7,971 females) were claiming supplementary benefit.

Of the 226,771 decisions recorded for initial and renewal claims, 165,759 granted entitlement to benefit. Claims disallowed through lack of sufficient contributions numbered 45,842 while disqualifications were imposed in 18,812 cases (of which 3,642 on revised claims). Chief reasons for disqualification were : "not unemployed", 5,746 cases; "voluntarily left employment without just cause", 5,200 cases and "loss of work due to a labour dispute" 2,929 cases.

The number of persons commencing the receipt of benefit on either initial or renewal claim increased sharply from 87,739 in December to 154,294 in January. During January 1951, 104,667 persons commenced the receipt of benefit payments.

The amount of \$13,433,917 was paid in respect of 5,036,971 proven unemployed days during January 1952, compared to \$6,923,194 and 2,680,987 unemployed days in December 1951. One year ago, benefit payments amounted to \$9,367,276 in respect of 3,788,241 unemployed days.

During the week of Jan. 26 to Feb. 1, 216,882 beneficiaries received \$3,238,244 as compensation for 1,195,557 unemployed days, in comparison with 152,269 beneficiaries, \$2,232,209 and 852,687 days for the week Dec. 29, 1951 to Jan. 4, 1952, while during the week of Jan. 27 to Feb. 2, 1951, \$2,195,606 were paid to 149,816 beneficiaries in compensation for 885,092 unemployed days.

The average daily rate of benefit paid during the week of Jan. 26 to Feb. 1 was \$2.71, compared to \$2.62 for the week of Dec. 29, 1951 to Jan. 4, 1952, and \$2.48 for the week of Jan. 27 to Feb. 2, 1951.

1. - In order to prepare estimates of the number of persons insured at other intervals during the year, the count at book renewal (April) is projected forward using indexes, for the nine leading industries, compiled by the Employment and Payrolls Section, D.B.S. The number of insured persons employed in each major industry group at April 1st, is projected on the monthly index of employment for that industry. These totals, together with the number of persons who are signing the Unemployment register at local offices of the Unemployment Insurance Commission provide estimates of the insured population at the beginning of each month. Allowance is made for any increase of Unemployment Insurance coverage during the year and the figures projected in the usual manner. Estimates subsequent to April 1950 have been revised as a count covering the book renewal in April 1951 is now available. The count of insured persons at April 1, 1951 exceeded the published estimates by a little less than 6 percent. As a result the revisions of the more recent estimates have been larger than usual, averaging a difference of slightly under 5 percent for the period since April 1950.
2. - Ordinary claimants on the Live Unemployment register on the last working day of the preceding month.
3. - Includes supplementary benefit claimants.
4. - Count of the insured population at book renewal April 1951.

APPENDIX - SUPPLEMENTARY BENEFIT

Of the 45,842 claimants unable to establish the right to regular benefit during the month, 45,270 had their claims considered under the supplementary benefit provisions of the Act. (Since the supplementary benefit provisions relate only to claims filed since Dec. 1, the remaining 572 claims were not considered.) In addition, 372 renewal claims were received from claimants who had previously established the right to supplementary benefit. 29,967 claimants became eligible for these benefits while 13,857 were refused through failure to prove that since March 31, 1951, either their benefit rights had terminated or contributions had been made on their behalf for a period of at least 90 days. Disqualifications were imposed in an additional 1,071 cases. A total of 23,002 persons received compensation amounting to \$543,507 for 268,982 unemployed days.

## TEXTE EXPLICATIF

Un total de 212,293 réclamations initiales ou renouvelées de prestations d'assurance-chômage ont été déposées en janvier aux bureaux locaux de la Commission d'assurance-chômage. Au regard du mois précédent, pendant lequel 175,040 réclamations avaient été inscrites, les chiffres de janvier reflètent une augmentation générale des nouveaux cas de chômage enregistrés parmi les personnes assurées. Cependant, cette augmentation de 21 p. 100 n'est pas aussi élevée que celle de 28 p. 100 durant la même période de 1950-1951 et celle de 31 p. 100 durant la même période de 1949-1950. Les réclamations déposées en janvier 1951, se chiffraient par 172,269.

Le total des réclamants inscrits au registre actif du chômage augmente de 287,819 (213,657 hommes et 74,162 femmes) le 31 décembre à 358,091 (273,834 hommes et 84,257 femmes) le 31 janvier 1952. Sur le total du 31 janvier 1952, 287,811 (228,216 hommes et 59,595 femmes) étaient des réclamants ordinaires, 39,554 (22,863 hommes et 16,691 femmes) étaient des réclamants à court terme, tandis que 30,726 (22,755 hommes et 7,971 femmes) réclamaient la prestation supplémentaire.

Sur les 226,771 décisions rendues relativement aux réclamations initiales et renouvelées, 165,759 sont considérées comme donnant droit à la prestation. Les réclamations rejetées à cause de l'insuffisance des contributions se chiffrent par 45,842, tandis que les réclamations exclues sont au nombre de 18,812, dont 3,642 revisées. Les principales raisons d'inadmissibilité sont : "non en chômage", 5,746 cas; "emploi quitté volontairement et sans juste cause", 5,200 cas; et "perte de travail due à un différend ouvrier", 2,929 cas.

Le nombre de personnes qui commencent à recevoir la prestation à la suite d'une réclamation initiale ou renouvelée augmente vivement pour s'établir à 154,294, en comparaison de 87,739 en décembre et 104,667 en janvier 1951.

Le montant de \$13,433,917 a été versé pour 5,036,971 jours de chômage prouvés en janvier 1952, contre \$6,923,194 et 2,680,987 jours de chômage en décembre 1951. Un an plus tôt, les prestations totalisaient \$9,367,276 pour 3,788,241 jours de chômage.

Durant la semaine du 26 janvier au 1er février, 216,882 prestataires ont reçu \$3,238,244 pour 1,195,557 jours de chômage, en comparaison de 152,269 prestataires qui ont reçu \$2,232,209 pour 852,687 jours de chômage durant la semaine du 29 décembre 1951 au 4 janvier 1952 et de 149,816 prestataires qui ont reçu \$2,195,606 pour 885,092 jours de chômage durant la semaine du 27 janvier au 2 février 1951.

La moyenne du taux quotidien de la prestation est de \$2.71 durant la semaine du 26 janvier au 1er février, en comparaison de \$2.62 durant la semaine du 29 décembre 1951 au 4 janvier 1952 et de \$2.48 durant la semaine du 27 janvier au 2 février 1951.

1. - Afin d'établir le nombre estimatif des personnes assurées en d'autres périodes de l'année, le nombre calculé lors du renouvellement des livrets (en avril), est projeté à l'aide d'indices établis par la Section de l'emploi et des salaires du Bureau fédéral de la statistique à l'égard des neuf principales industries. Le nombre de personnes assurées de chaque groupe industriel important au 1er avril est reporté à l'indice mensuel de l'emploi de l'industrie concernée. Au moyen des totaux ainsi obtenus, auxquels s'ajoute le nombre de personnes inscrites au registre actif de tous les bureaux locaux de la Commission d'assurance-chômage, on établit le nombre estimatif des personnes assurées au commencement de chaque mois. Il est tenu compte de toute extension, durant l'année, de l'assurabilité; les chiffres sont ensuite projetés de la façon habituelle. Le compte couvrant le renouvellement des livrets en avril 1951 est maintenant disponible et les estimations subséquentes à avril 1950 ont été révisées. Le nombre de personnes assurées le 1er avril 1951 excède d'un peu moins de 6 p.100 les estimations publiées. En conséquence, les rectifications apportées aux dernières estimations ont été plus fortes que d'habitude, s'établissant en moyenne à un peu moins de 5 p.100 pour la période à compter d'avril 1950.
2. - Réclamants ordinaires inscrits au registre actif le dernier jour ouvrable du mois précédent.
3. - Comprend les réclamants de prestations supplémentaires.
4. - Nombre de la population assurée en avril 1951 au renouvellement des livrets.

Tableau A. - Réclamations initiales et renouvelées déposées aux bureaux locaux dans chaque province.

APPENDICE - PRESTATION SUPPLEMENTAIRE

Sur les 45,842 réclamants qui n'ont pu établir leur droit à la prestation régulière durant le mois, 45,270 ont eu leurs réclamations considérées en vertu des dispositions de la loi relatives à la prestation supplémentaire. (Comme les dispositions relatives à la prestation supplémentaire ne s'appliquent qu'aux réclamations déposées depuis le 1er décembre, les 572 autres réclamations n'ont pas été étudiées.) En outre, 372 réclamations renouvelées ont été reçues de réclamants qui avaient déjà établi leur droit à la prestation supplémentaire. Un total de 29,967 réclamants sont devenus admissibles à la prestation tandis que 13,857 autres s'en sont vus refusés, parce qu'ils n'ont pu prouver que depuis le 31 mars 1951, leurs droits à la prestation avaient cessé d'exister ou que des contributions avaient été versées pour leur compte pendant une période d'au moins 90 jours. En plus, 1,071 autres cas ont été exclus. Un total de 23,002 personnes ont reçu \$543,507 pour 268,983 jours de chômage.
