INTRODUCTION

Data on benefits paid, weeks of benefits, claims and beneficiaries are received monthly from the Canada Employment and Immigration Commission. The beneficiaries data represent a count of all claimants receiving unemployment insurance benefits during a specific week of the month, all other data relate to the duration of the entire calendar month. For this reason, as well as accounting practices to pay claims, the benefits paid cannot be directly related to the number of beneficiaries over the short term.

For beneficiaries, preliminary data are shown for the two most recent months. All other data are final and, generally, are not subject to revisions.

Information about the unemployment insurance program, definitions, references and historical data are published in a separate Annual Supplement (Catalogue No. 73-202S), included with a subscription to the monthly report.

Additional information may be obtained by calling or writing to:

Unemployment Insurance Statistics Section
Labour Division
Ottawa, Ontario
K1A 0T6
Tel.: 613-990-9900

Monthly unemployment insurance statistics are also available on CANSIM (Matrix No. 5700 to 5717). In addition, annual data, showing unduplicated counts of contributors and beneficiaries, are available in the publication Benefit Periods Established and Terminated Under the Unemployment Insurance Act (Catalogue No. 73-201), on CANSIM (Matrix No. 5718 to 5727 and 5729 to 5730) and on request.

Les données sur les prestations versées, les semaines de prestations, les demandes et les bénéficiaires sont reçues mensuellement de la Commission de l'emploi et de l'immigration du Canada. Les données sur les bénéficiaires représentent un dénombrement de toutes les personnes qui ont reçu des prestations d'assurance-chômage durant une semaine spécifique du mois. Toutes les autres séries se rapportent au mois entier. Pour cette raison et aussi en raison des méthodes employées pour comptabiliser les prestations, on ne peut pas établir de rapport direct entre le nombre de bénéficiaires et les prestations servies pendant un mois donné.

Dans le cas des bénéficiaires, les deux derniers mois sont préliminaires. Toutes les autres données sont finales et ne font généralement pas l'objet d'une révision.

De l'information supplémentaire à propos du programme de l'assurance-chômage, que ce soit des définitions, des références et des données historiques sont publiées dans un Supplément annuel (no 73-202S au catalogue) séparé, compris dans le prix de l'abonnement au rapport mensuel.

De l'information supplémentaire peut être obtenue en appelant ou en écrivant à:

Les statistiques mensuelles sur l'assurance-chômage sont aussi disponibles sur CANSIM (Matrices no 5700 à 5717). Par ailleurs, des données annuelles produites sans double compte sur les cotisants et les bénéficiaires sont disponibles dans la publication Périodes de prestations établies et terminées aux termes de la loi sur l'assurance-chômage (no 73-201 au catalogue), sur CANSIM (Matrices 5718 à 5727 et 5729 à 5730) et par requête.

FOOTNOTES

- (1) The average weekly payment excludes work sharing and job creation benefits to maintain comparability with previous data.
- (2) "Persons Covered by Unemployment Insurance" include all persons for whom there exists an employer-employee relationship, excepting workers who are 65 years of age or over and low earners. The monthly estimates are derived by adding to the "employed paid workers", as measured by the Labour Force Survey, the strength of the Armed Forces and the number of beneficiaries. The annual data are estimates of persons who, during the year, contributed towards the unemployment insurance program.
- (3) The number of beneficiaries shown in this report include all claimants who received benefits through the Commission's computer pay system. Excluded, in the main, are year-round fishermen and persons receiving adoption benefits.
- (4) The annual estimates represent unduplicated counts of all persons who, during the course of a calendar year, received unemployment insurance benefits through Commission's computer pay system.
- (5) Includes claims with disqualifications and disentitlements and claims previously not allowed.
- (6) Trainees on courses approved by the Canada Employment and Immigration Commission.
- (7) Includes "Outside Canada".

NOTES

- (1) Afin de faciliter la comparaison avec les données antérieures, les prestations hebdomadaires moyennes excluent les prestations pour travail partagé et pour création d'emplois.
- (2) "Les personnes contribuant à l'assurance-chômage" comprend toutes les personnes pour lesquelles il existe une relation employeur-employé, sauf les travailleurs de 65 ans et plus ainsi que ceux à faible revenu. Les estimations mensuelles sont dérivées en ajoutant aux "travailleurs rémunérés occupés" tel que mesuré par l'enquête de la Population active, les membres des Forces Armées et le nombre de bénéficiaires. Les données annuelles sont des estimations du nombre de personnes qui ont versé des cotisations au régime d'assurance-chômage durant l'année civile.
- (3) Le nombre de bénéficiaires comprend toutes les personnes qui ont reçu des prestations par le biais du système de paiement électronique; il ne comprend pas les pêcheurs à longueur d'année et les personnes qui reçoivent des prestations pour adoption.
- (4) Les estimations annuelles sont fondées sur une énumération sans double compte de toutes les personnes qui ont reçu des prestations d'assurance-chômage durant l'année civile par le biais du système automatisé de paiement de la Commission.
- (5) Comprend les demandes exclues du bénéfice des prestations, les inadmissibilités et les demandes non acceptées auparavant.
- (6) Personnes qui suivent un cours de formation approuvé par la Commission de l'emploi et de l'immigration du Canada.
- (7) Comprend "l'extérieur du Canada".
