P R E F A C E

This edition, the third and largest revision of the original January 1955 publication, is now published every two years, alternating with editions of its companion volume, Awards for Graduate Study and Research. The increase in entries has resulted from a more concerted attempt being made to include more complete coverage of awards given by professional and service organizations, and by business and industry.

The awards listed are limited to entrance scholarships and bursaries valued at \$100 or more. Most of the institutions included have, in addition, various loan funds and in-course awards, of which details can be found in the calendars of the respective universities and colleges.

No attempt has been made to list awards tenable at United States institutions, although in many cases Canadian applicants may be considered along with United States candidates.

This publication was prepared in the Education Division of the Bureau by Miss Helen F. Delahaye and Mr. Alex Officer, under the supervision of Ralph D. Mitchener, Chief of the Higher Education Section.

P R É F A C E

La présente édition, la troisième et la plus importante révision depuis la première publication en janvier 1955, paraîtra désormais tous les deux ans, alternant avec la publication annexe Awards for Graduate Study and Research. Le nombre des bourses inscrites a augmenté par suite d'un effort méthodique pour fournir une liste plus complète des bourses données par les associations professionnelles et sociales et par le commerce et l'industrie.

Ne sont énumérées que les bourses d'admission de \$100 ou plus. La plupart des institutions mentionnées ont, en outre, des caisses de prêt et des bourses qu'elles accordent durant le cours dont on peut trouver les détails dans les annuaires des universités et collèges.

On n'a pas cherché à énumérer les bourses valables aux institutions des États-Unis, même si dans bien des cas la bourse est accessible autant aux Canadiens qu'aux Américains.

La présente publication a été rédigée à la Division de l'éducation du Bureau par Mlle Helen F. Delahaye et M. Alex Officer, sous la direction de M. Ralph D. Mitchener, chef de la Section de l'enseignement supérieur.

INTRODUCTION

METHOD OF COMPILATION OF MATERIAL

In addition to notices of awards that have come to the attention of the Education Division since the publication of the previous edition, the following procedure was used for this edition:

1. All entries in the 1958 edition were sent to the awarding agencies for additions and alterations.
2. Over 3,000 associations, service groups, and the like, were circularized directly by the Bureau.
3. Over 14,000 business and industrial organizations were contacted by the Bureau.

METHOD OF LISTING AWARDS

The awards are listed in three main parts, as follows:

I. Awards open to residents of more than one province at institutions in more than one province.

II. Awards open to residents of single provinces (exclusive of awards tenable only at one institution).

III. Awards tenable at single institutions only. These awards, listed by province and institution, are classified for each institution in the following manner:

A. NATIONAL: Awards open to students throughout Canada.

B. PROVINCIAL: Awards open to students from one province only (usually the province within which the institution is located, although some awards, as for example at certain Maritime institutions, are for students in more than one Maritime province).

C. OTHER: Awards open either to students from specific localities within a province or to certain specific groups of students.

Information in Part III is printed in the language of instruction (English or French) of the institution under which it appears. Parts I and II are bilingual.

In order to explore fully all available sources of awards tenable at any institution, the prospective student should consult all three parts. Awards tenable at more than one institution are not included in the listings in Part III, but appear in either Parts I or II.

Two indexes appear in this publication. The first groups the awards in the three main parts, and includes a listing of awards open to students from outside Canada. The second index is designed to facilitate the location of information when only the name of the awarding agency, the name of the award, or the institution where the award is tenable (if specific institutions are named), is known.

RÉUNION DES MATÉRIAUX

En plus des avis de bourses qu'elle a reçus depuis la publication de l'édition précédente, la Division de l'éducation a préparé la présente édition de la façon suivante:

1. Toutes les inscriptions de l'édition de 1958 ont été envoyées aux organismes qui les attribuent pour les faire mettre au point.

2. Plus de 3,000 associations, groupes sociaux et autres, ont reçu des circulaires directement du Bureau.

3. Plus de 14,000 entreprises et industries ont été questionnées par le Bureau.

GROUPEMENT DES BOURSES

Les bourses sont groupées sous les trois grandes rubriques que voici:

I. Bourses accessibles aux résidents de plus d'une province et valables aux institutions de plus d'une province.

II. Bourses accessibles aux résidents d'une seule province (à l'exclusion des bourses valables à une institution).

III. Bourses valables dans une seule institution. Groupées par province et institution, ces bourses sont classées, pour chaque institution, de la façon suivante:

A. NATIONALES: Bourses accessibles à tous les étudiants canadiens.

B. PROVINCIALES: Bourses accessibles aux étudiants d'une seule province (habituellement la province où est située l'institution, bien que quelques bourses, par exemple dans certaines institutions des Maritimes, s'adressent à plus d'une province Maritime).

C. AUTRES BOURSES: Bourses accessibles, soit à des étudiants d'une localité déterminée dans une même province, soit à certains groupes déterminés d'étudiants.

Les renseignements donnés sous la III^e rubrique sont rédigés dans la langue d'enseignement (anglais ou français) de l'institution sous laquelle ils sont donnés.

Afin d'explorer à fond toutes les sources de bourses pour chaque institution, le futur étudiant doit consulter les trois rubriques. Les bourses valables à plus d'une institution ne figurent sous la III^e rubrique mais plutôt sous les I^e ou II^e.

La présente publication contient deux index. Le premier groupe les bourses en trois grandes parties et comprend un répertoire des bourses accessibles aux étudiants venus de l'étranger. Le deuxième index vise à faciliter la recherche des renseignements quand on ne connaît que le nom de l'organisme donateur, celui de la bourse, ou celui de l'institution où la bourse est valable (quand l'institution est nommée).

Information that was received after the main parts were compiled is included in an addenda at the end of this publication. Where possible, they are included in the second index.

GENERAL NOTES ON AWARDS LISTED

The closing date for application means the date by which completed application forms, official reports of standing, and other supporting documents must be in the hands of the awarding bodies. Initial contact should be made as early as possible before the closing dates in order to allow a sufficient interval for any exchange of correspondence and for the collection and forwarding of the necessary documents. As in most cases no personal interview is possible prior to the granting of the awards, applications and other material should be as complete as possible.

AWARDS OPEN TO STUDENTS FROM ABROAD

The index on page 12 lists those awards that are open to students from other countries.

LIST OF GRADUATE AWARDS

The D.B.S. publication Awards for Graduate Study and Research, 1959, gives information on awards open throughout the world to Canadian university graduates, and on awards from Canadian sources open to graduates from other countries. It is revised every two years, alternating with this publication so that new editions of both appear biennially. A 1960 Supplement has also been issued.

FURTHER INFORMATION ON CANADIAN INSTITUTIONS OF HIGHER EDUCATION

A listing of institutions and faculties of study, together with general information on entrance requirements and fees, appears in D.B.S. Reference Paper, Canadian Institutions of Higher Education, 1958-1959, Catalogue No. 81-502. It is out of print and a 1960-1961 edition is being prepared for release in the fall of 1960. The Canadian Universities Foundation (77 Metcalfe St., Ottawa, Ontario) issues a biennial publication Canadian Universities and Colleges which gives more detailed information on most of the Canadian institutions. A new 1960 edition will be available in the fall of 1960.

ADDRESSES OF INSTITUTIONS IN THIS PUBLICATION

The names and addresses of the Canadian institutions included herein appear below. They are in the language used for instruction in the university or college named.

Memorial University of Newfoundland, St. John's, Newfoundland.

Prince of Wales College, Charlottetown, Prince Edward Island.
St. Dunstan's University, Charlottetown, Prince Edward Island.

Acadia University, Wolfville, Nova Scotia.
Dalhousie University, Halifax, Nova Scotia.
University of King's College, Halifax, Nova Scotia.

Les renseignements reçus après la rédaction des grandes parties sont portés à l'addenda à la fin de la publication. Là où la chose a été possible, on les a indiqués dans le second index.

RENSEIGNEMENTS GÉNÉRAUX SUR LES BOURSES ÉNUMÉRÉES

La date limite de demande signifie la date à laquelle les formules dûment remplies, les rapports scolaires officiels et autres documents à l'appui doivent parvenir aux organismes attributeurs. Les démarches initiales doivent être faites assez tôt pour permettre un échange de correspondance et pour recueillir et expédier les documents nécessaires. Comme dans la plupart des cas, il ne peut y avoir d'entrevue personnelle avant l'octroi des bourses, la demande d'admission et les autres documents doivent être aussi complets que possible.

BOURSES ACCESSIBLES AUX ÉTUDIANTS DE L'ÉTRANGER

L'index de la page 12 groupe les bourses accessibles aux étudiants d'autres pays.

LISTE DES BOURSES ACCESSIBLES AUX GRADUÉS

La publication du B.F.S. intitulée Awards for Graduate Study and Research, 1959, fournit des indications sur les bourses accessibles partout au monde aux étudiants diplômés des universités canadiennes et sur les bourses canadiennes accessibles aux gradués des autres pays. Elle est révisée tous les deux ans, en alternant avec la présente publication; ainsi une nouvelle édition de chaque publication paraît tous les deux ans. Un Supplément pour 1960 a également été publié.

AUTRES RENSEIGNEMENTS SUR LES INSTITUTIONS CANADIENNES D'ENSEIGNEMENT SUPÉRIEUR

Le Document du B.F.S. Institutions canadiennes d'enseignement supérieur, 1958-1959 (n° de catalogue 81-502) énumère les institutions et les facultés et donne un aperçu général des conditions d'admission et des droits. Cette édition est épuisée, mais on prépare une nouvelle édition 1960-1961 qui paraîtra à l'automne de 1960. L'Association des universités canadiennes (77, rue Metcalfe, Ottawa, Ontario) publie tous les deux ans, sous le titre de Universités et collèges canadiens, des renseignements plus détaillés sur la plupart des institutions canadiennes. On pourra se procurer l'édition de 1960 à l'automne de 1960.

24. THE ROY H. DAVIS SCHOLARSHIPS

Field of study: Metallurgical, Mechanical, Electrical and Chemical Engineering; or any course of study directly related to an intended vocation with the company.

Value: Individual awards up to a maximum of \$1,000 per year are made annually to successful applicants. An amount equal to one quarter of the student award is made annually to the university attended by the student.

Number: Variable. The Scholarship Committee plans to select at least one additional student for a scholarship award each year. R.H. Davis Scholarship awards for the academic year 1959-60 total \$3,500. There are 7 participants with an award of \$500 each. In addition, grants totalling \$850 have been made to Canadian Universities.

Duration: Scholarship awards are made for one year only, but normally they will be continued for the duration of the four year degree course if satisfactory grades as judged by the university officials, and other conditions of eligibility are maintained. Scholarship awards may be extended towards post-graduate work by special arrangement with the Scholarship Committee. To retain a scholarship award after the first university year, the recipient must re-apply annually to the Scholarship Committee.

24. BOURSES ROY H. DAVIS

Disciplines: génie métallurgique, mécanique, électrique et chimique, ou tout cours se rattachant directement à une carrière auprès de la société.

Montant: des montants allant jusqu'à \$1,000 par année sont accordés chaque année aux titulaires. Une somme égale au quart de la bourse est versée chaque année à l'université fréquentée.

Nombre: variable. Le comité d'attribution se propose d'attribuer au moins une autre bourse chaque année. Les bourses R. H. Davis pour l'année scolaire 1959-1960 font un montant total de \$3,500. Sept boursiers reçoivent chacun une bourse de \$500. De plus, des subventions au montant total de \$850 ont été versées aux universités canadiennes.

Durée: les bourses ne valent que pour un an, mais elles seront normalement continuées durant les quatre années du cours conduisant à un grade si l'université juge satisfaisant les progrès de l'étudiant et si d'autres conditions sont remplies. Les bourses peuvent s'étendre aux études post-scolaires en vertu de dispositions spéciales prises d'accord avec le comité d'attribution. Le titulaire doit formuler de nouveau sa demande chaque année.

Conditions: Scholarship awards are restricted to two classifications of students:

- (1) Sons of Atlas employees. Any boy who is high school senior and has the necessary grades for university entrance may apply for a scholarship, providing his parent or foster-parent has at least three years service and is an employee at the time of application.
- (2) Atlas Employees. Any Atlas employee of either sex eligible for university entrance may apply for a scholarship, providing he or she has one year's service with the Company prior to the date of application. Awards may be continued beyond the term of employment of the parent or employee by approval of the Scholarship Committee. Awards are made on the basis of the candidate's academic standing, qualities of leadership in school and community, moral character, future employment interest and need. No special competitive examination is required by the Scholarship Committee. To qualify for future scholarships, a student must continue his college course without interruption except for the usual summer vacation period, unless by special permission of the Committee.

Where tenable: At any accredited Canadian University offering a regular degree in Engineering for a four year course of study.

Apply: R. H. Davis Scholarship Committee, Atlas Steels Limited, Welland, Ont., prior to August 30.

Awarding agency: Atlas Steels Limited, Welland, Ontario.

Conditions: les bourses sont limitées à deux catégories d'étudiants:

- (1) les fils des employés de l'Atlas Steel Limited. Tout finissant de high school qui répond aux conditions d'entrée à l'université peut demander une bourse, à condition que son père ou père adoptif soit depuis au moins trois ans employé de la société au moment de la demande.
- (2) les employés de la société. Tout employé (homme ou femme) admissible à l'université peut demander une bourse, à conditions d'être à l'emploi de la société depuis un an au moment de sa demande. Les bourses peuvent s'étendre au delà de la durée de l'emploi du père ou de l'employé avec l'approbation du comité d'attribution. L'attribution se fonde sur les succès scolaires, l'esprit d'initiative (dans la vie scolaire et extra-scolaire), la personnalité, les projets d'avenir et le besoin des candidats. Le comité d'attribution n'exige pas de concours spécial. Pour continuer à bénéficier d'une bourse, l'étudiant doit poursuivre ses études universitaires sans interruption (sauf les vacances d'été), à moins d'une permission spéciale du comité.

Valables: à toute université canadienne agréée qui confère un grade régulier en génie après quatre ans d'études.

Demandes: R. H. Davis Scholarship Committee, Atlas Steels Limited, Welland, (Ont.), avant le 30 août.

Attribution: Atlas Steels Limited, Welland, Ontario.

Value: \$4,000; (\$1,000 per annum).

Number: 1. Duration: 4 years.

Conditions: Applicant must be a son or daughter of an employee who has been with the Fisher Scientific Company Ltd., or E. A. Building Corporation, for 3 years, as of January 1, 1959. The Scholarship is granted for the initial period of 1 year but will be continued from year to year for the full 4 years if high academic and personal standards are maintained.

Where tenable: At any accredited university in the United States or Canada.

Apply: Personnel Department of any plant of the Fisher Scientific Company Ltd., 8505 Devonshire Road, Town of Mount Royal, Montreal 9, Quebec. Applications must be filed before February 1.

Awarding agency: The Scholarship Committee which is composed of various American university officials and professors.

31. FLORISTS' TELEGRAPH DELIVERY ASSOCIATION SCHOLARSHIPS

Field of study: Floriculture.

Purpose: To assist those who are interested in pursuing a career in the fields of Floriculture and Horticulture.

Value: At present the scholarship is \$250. It is hoped to increase the amount to \$400 for the 1960-1961 term.

Number: 14.

Conditions:

- (1) The ability of the student will be considered, along with satisfactory background in floriculture.
- (2) The student must be sincerely and genuinely interested in making a career in the florist industry.
- (3) The scholarship will be made payable to the university or college, not the winner.

Where tenable: The scholarships are available to any man or woman attending or planning to attend an accredited junior college, college or university which provides a full degree course or a two-year course with sufficient background in floriculture. The scholarships are applicable only to colleges in the United States, since no accredited college in Canada offers a complete floriculture course. Any Canadian student meeting the admission requirements of the college concerned will be accepted.

Apply: Foundation for Future Florists, Florists' Telegraph Delivery Association, 200 Lafayette Building, Detroit 26, Michigan, U.S.A. (For further information concerning colleges, courses, etc. apply to Mrs. Alma G. Value: Full tuition and academic fees, books, and essential student activity fees plus 80 per cent of the cost of room and board up to a maximum of \$1,000, if living away from home. If the student lives at home, an additional amount of \$300 is paid to him to be applied to the cost of room and board. When a scholarship winner is attending a private college or university, the school receives a direct unrestricted contribution annually equal to the basic tuition of the student. This is in addition to the tuition and fees paid on behalf of the student.

Number: 5 were granted in 1958, 5 in 1959 and it is expected that 5 will be awarded in 1960.

Duration: If scholarship winner maintains satisfactory personal and scholastic standards, it is planned that the scholarship will be renewed each year for the normal number of years of college attendance required to receive the bachelor's degree, or until the requirements for the bachelor's degree are completed, whichever is earlier.

Conditions: Available to sons and daughters of regular full-time employees in the United States and Canada. Provision is also made for sons and daughters of deceased or retired and temporarily laid-off employees. Deceased or retired parents must have been continuously in the service of the Company for not less than 3 years immediately prior to death or retirement. Children of employees who are Officers or Directors of the Company or of the Fund are ineligible. Applicants must be high school seniors who graduate at the end of the current school year and who have a scholastic standing in the top third of their class. Candidates are required to take the scholastic Aptitude Test given by the College Entrance Examination Board. Selection is on the basis of academic records and personal qualifications.

Where Tenable: Any approved college or university in North America.

Apply: The Timken Roller Bearing Company Educational Fund, Inc., 1835 Dueber Avenue, S.W., Canton 6, Ohio, U.S.A. (Attention: Mr. B. R. Powell, Secretary). Completed application forms must be received not later than the end of the first week of December.

Awarding agency: The Timken Roller Bearing Company. Winners are selected by a Scholarship Board composed of educators from colleges and universities located in the general areas in which the company operates plants.

899. KOEHRING-WATEROUS LIMITED CO-OPERATIVE SCHOLARSHIPS

Field of study: Mechanical or Civil Engineering.

Value: \$500.

Number: 2.

Duration: 1 year.

Conditions: Awarded to Brant County residents, 16-21 years of age, who have completed Grade XII or Grade XIII matriculation with at least 75% in mathematics and science, and 66% in other courses. Awards based on scholastic performance, extra-curricular activities and aptitude and ability

test (given at Koehring-Waterous plant). Special consideration will be given sons of Koehring-Waterous employees.

A full-time job in an industrial concern is shared by 2 students, 1 of whom works while his partner or alternate attends the University of Waterloo. At the end of a 3 month period the 2 change places. Thus the job is kept continuously filled, and each student spends about half of his time in college. During the 3 month employment period at Koehring-Waterous, the student receives regular rates of pay, which should be sufficient to pay tuition and living for the following school period. The co-operative course requires 5 years from Grade 13 standing and 6 years from Grade 12 standing.

These scholarships for the Co-operative Engineering Course at the University of Waterloo are designed to defray the bulk of expenses during the first quarter of the course. Through employment with Koehring-Waterous Limited, during the work periods at regular rates of pay, the student will earn enough to finance the rest of his course.

The \$500. scholarships will be paid at the beginning of the first 3 month period.

It is intended that scholarship students with Koehring-Waterous Ltd., graduate either in mechanical or civil engineering, and upon graduation become regular employees of Koehring-Waterous Limited. However, there would be no legal liability on either party to continue or to provide employment.

Apply: School Principal.

Awarding agency: Koehring-Waterous Limited.
