INTRODUCTION

The Office of the Administrator of the Ship-source Oil Pollution Fund (SOPF) is pleased to submit to Parliament its annual report on the administration of the *Privacy Act (PA)* for the fiscal year commencing on April 1, 2014 and ending March 31, 2015. This report is submitted in accordance with section 72 of the Act.

The *Privacy Act* took effect on July 1, 1983. The *PA* extends to individuals the right of access to information held by the government, about themselves, subject to specific and limited exceptions. The Act also protects individuals' personal information and gives individuals substantial control over its collection, use and disclosure.

WHO WE ARE

The rules governing the SOPF are contained in Part 7 of the *Marine Liability Act*, Chapter 6, Statutes of Canada, 2001, as amended by Chapter 21, Statutes of Canada, 2009.

Initially the SOPF and its predecessor, the Maritime Pollution Claims Fund, were established on the basis of a levy on oil transported by ship, paid by oil companies, power generating authorities, pulp and paper manufacturers and other heavy industries. The levy was stopped in 1976 and currently the Fund is largely financed by monthly interest credited to the Fund by the Minister of Finance.

OUR MISSION

Canada's national SOPF may pay claims for oil pollution damage or anticipated damage, and costs and expenses incurred in respect of measures taken with respect thereto, at any place in Canada, or in Canadian waters including the exclusive economic zone, caused by the discharge of oil from a ship.

The SOPF is intended to pay claims regarding oil spills from ships of all classes - it is not limited to sea-going tankers and persistent (heavy) oil.

New provisions in Chapter 21, referred to above, implemented two international instruments, which entered into force for Canada as of January 2, 2010, namely, the *International Convention on Civil Liability for Bunker Oil Pollution Damage, 2001 (Bunkers Convention)* and the *Protocol of 2003 to the International Convention on the Establishment of an International Fund for Compensation for Oil Pollution Damage, 2003, (Supplementary Fund Protocol)*. The SOPF is also available to provide additional compensation (a fourth layer) in the event that compensation under the international regime, with respect to persistent (heavy) oil spills in Canada from oil tankers, is insufficient to meet all established claims for compensation.

OUR MANDATE

Effective August 8, 2001, the SOPF is governed by Part 6 of the *Marine Liability Act* (MLA) as modified by Statutes of Canada, 2009, chapter 21.

The Administrator, appointed by the Governor-in-Council:

- Holds office during good behaviour and, as an independent authority, must investigate and assess all claims filed with the Ship-source Oil Pollution Fund (SOPF), subject to appeal to the Federal Court of Canada if the claimant disagrees with the Administrator's assessment;
- Offers compensation to claimants for whatever portion of the claim the Administrator finds to be established and, where a claimant accepts an offer, the Administrator directs payment to the claimant out of the SOPF;
- Has the power of a Commissioner under Part 1 of the *Inquiries Act* for the purpose of assessing claims;
- May take recourse action against third parties to recover the amount paid out of the SOPF to a claimant and may also take action to obtain security from the shipowner, either prior to or after receiving a claim;
- Becomes a party by statute to any proceedings commenced by a claimant against the owner of a ship, its insurer, or the International Oil Pollution Compensation (IOPC) Funds, as the case may be, after having been served with the document commencing the proceedings;
- Has the responsibility under the *Marine Liability Act* (MLA) to direct payments out of the SOPF for all Canadian contributions to the IOPC Funds (such contributions are based on oil receipts in Canada reported by the Administrator to the Director of the IOPC Funds);
- Participates with the Canadian delegation at meetings of the Executive Committee and the Assembly of the IOPC Funds;
- Prepares an annual report on the operations of the SOPF, which is laid before Parliament by the Minister of Transport.

PRIVACY ACTIVITIES

The Administrator of the SOPF is the designated head of the Fund for the *Privacy Act*. Due to the very small size of the organization, the Director of Corporate Services has been designated the Access to Information and Privacy (ATIP) Coordinator and retains all authorities in relation to the Act. An ATIP Consultant is hired to address any ATIP requests or related issues. There are no regional ATIP staff.

The ATIP Coordinator is accountable for the development, coordination and implementation of effective policies, guidelines, systems and procedures. This will ensure that the Fund's responsibilities under the *Privacy Act* are met and there is appropriate processing and proper disclosure of information. The Coordinator is also responsible for related policies, systems and procedures emanating from the Act.

The main activities of the ATIP Coordinator include:

- Processing requests under the Act;
- Developing and maintaining policies, procedures and guidelines to ensure the Act is respected by the Fund;
- Promoting awareness of the Act to ensure the SOPF's responsiveness to the obligations imposed on the government;
- Monitoring the SOPF's compliance with the Act, regulations and relevant procedures and policies;
- Preparing annual reports to Parliament and other statutory reports, as well as other material that may be required by central agencies;
- Representing the Fund in dealings with the Treasury Board Secretariat (TBS), the Privacy Commissioner and other government funds and agencies regarding the application of the Act as they relate to the SOPF;
- Supporting the Fund in meeting its commitments in relation to greater openness and transparency through proactive disclosure of information and the disclosure of information through informal avenues.

During the reporting period no privacy requests were received and there were no outstanding requests from the previous period. This is consistent with all previous years.

The SOPF did not receive any *Privacy Act* complaints during this reporting period.

There was no monitoring of the time to process privacy requests required.

There were no Privacy Impact Assessments (PIAs) done during this reporting period.

There were no new data sharing activities during this reporting period.

During the reporting period, the SOPF did not make any disclosures of personal information pursuant to subsection 8(2)(m) of the *Privacy Act*.

There were no ATIP awareness sessions conducted during this reporting period, nor did any individuals attend any training or awareness sessions. Continuous advice and recommendations were provided by a consultant on an as required basis to Management and staff.

No institution-specific privacy related policies, guidelines or procedures were implemented in the institution during the reporting period.

There were no material privacy breaches that occurred during the reporting period.

In fiscal year 2011-2012, the Ship-source Oil Pollution Fund acquired an electronic records and information management (RIM) application to assist in locating files and manage the SOPF record inventory to better address potential Access to Information requests and to ascertain that records containing personal information are dealt with in accordance with privacy laws and regulations.

Over the course of this fiscal year, an expert consultant was retained to maintain the application and oversee all necessary improvements to the system.

In addition to this work, the expert consultant has amended the existing RIM policy, procedures and standards manual to reflect the new electronic environment and developed guidelines on how to access and retrieve information from the application.

Governance and statutory obligations

The Ship-source Oil Pollution Fund is a special account established in the accounts of Canada. It is governed by the *Marine Liability Act*.

When the Ship-source Oil Pollution Fund was made subject to the *Access to Information Act* and the *Privacy Act* in 2006, the SOPF automatically became subject to the *Library and Archives of Canada Act*.

As a result, the SOPF has a statutory obligation to comply with sections 12 and 13 of the Act and the Records Disposition Authority 96/022 issued by Library and Archives Canada. The authority states that all records created or acquired by the deputy head of the SOPF are deemed of historical and archival importance and are required to be transferred to the care and control of Library and Archives of Canada upon the

expiry of their retention periods.

The new electronic records and information management system ensures that SOPF business records are disposed of according to approved records retention and disposition schedules and authorities.

The costs associated to records and information management of SOPF record holdings are reflective of policies, systems and procedures that emanate from the *Access to Information Act* and the *Privacy Act*.

For 2014-2015, the costs directly associated with the administration of the *Privacy Act* are estimated at \$ 33,780.

| | |
|-------------------------------|-----------|
| Staff | \$ 3,464 |
| Consultant fees | \$ 27,226 |
| Office Equipment and Supplies | \$ 3,090 |

The associated employee resources for 2014-2015 are estimated at 2 part-time FTEs and 2 part-time consultants for administering the *Privacy Act*.

Statistical Report on the *Privacy Act*

Name of institution: Ship-source Oil Pollution Fund

Reporting period: 2014-04-01 to 2015-03-31

Part 1: Requests Under the *Privacy Act*

| | Number of Requests |
|--|--------------------|
| Received during reporting period | 0 |
| Outstanding from previous reporting period | 0 |
| Total | 0 |
| Closed during reporting period | 0 |
| Carried over to next reporting period | 0 |

Part 2: Requests Closed During the Reporting Period
