Product categories

The product categories to have the most beverage launches, were hot beverages, juice drinks, alcoholic beverages, other beverages (this includes beverage concentrates/mixes, nutritional, and meal replacement drinks), and ready-to-drinks (RTD).

Hot beverages

- 4,310 new hot beverage products were launched in China during the review period.
- Tea was the leading sub-category with a total of 3,120 beverage launches which accounted for 72% of the hot beverage category.
- Malt, other hot beverages, and coffee accounted for 27.6% of the hot beverage category.

Juice drinks

- 4,247 juice drinks were launched during the review period.
- Fruit/flavoured still drinks lead the category with 2,420 product launches, thus making up over 50% of the juice category.
- Nectars and juice only made up 43% of the category.

Alcoholic beverages

- 1,520 alcoholic beverages were launched during the review period.
- The beer sub-category saw the most significant launches with 804 product introductions.
- Flavoured alcoholic beverages, other spirits, and fortified and other wines made up 37% of the product launches in the category.

Other beverages

- 1,238 other beverages were launched during the review period.
- Meal replacements and other drinks saw the most launches and accounted for 48% of the categories launches with 657 product introduction.
- Beverage mixes and concentrates combined made up 52% of the category of launches.

Ready-to-drinks (RTD)

- 1,238 RTD products were launched during the 10 year review period.
- Most of the product launched came from RTD ice tea with 1,046 launches.
- RTD iced coffee launches only made up 16% of the category launches.

Water

- 999 water products were launched during the review period.
- Flavoured water only accounted for a slight portion of the category with 186 launches in the 10 year review period.

Carbonated soft drinks

- 755 carbonated products were launched in the review period.
- On average there were 69 carbonated product launches per year throughout the review period. However, 2015 saw significant increase in number of launches with a total 100 products occurring that year.

Sports and energy drinks

- 444 sports and energy drinks launched throughout the review period.
- Energy drinks saw a slight more in product launches with a total of 238 while sports drinks saw 206.
- Over the review period, the category saw significant increase in launches from 19 product launches in 2006 to 92 in 2015.
