PREFACE

This schedule contains an alphabetical list of Indian Reserves in the Province of British Columbia. Part I of the schedule lists the Indian Reserves and Settlements in the rest of Canada. There are no Indian Settlements in the Province of British Columbia.

The "Location" column gives the approximate geographical location of the reserves. The map co-ordinates are also listed under this column. The "N.T.S." abbreviation means the "National Topographic System" of maps covering the reserves and adjacent lands. The N.T.S. sheets quoted in this schedule are mainly at the scale 1:50,000 (approx. 1 mile to the inch), however, not all maps at this scale are published as of this printing. Where these sheets are not available the next best map coverage will be provided. These maps can be obtained by writing to the Map Distribution Office, Department of Mines and Technical Surveys, Ottawa, Ontario. When requesting maps the complete N.T.S. designations should be quoted.

It is hoped that a revised schedule may be published every five years or sooner, depending on the changes and needs. The changes (additions, deletions, amalgamations, creation of new reserves, etc.) will not be reported to the holders of the schedule. Any questions respecting Indian lands should be directed to the Indian Affairs Branch, Department of Indian Affairs and Northern Development, Ottawa, Ontario.

Note

A number of Indian Reserves formerly designated as Burial Ground, Fishery, Fishing Station, Graveyard, Island, Meadow and Timber Reserve have recently been renamed according to names submitted by the various Band Councils. A listing of these reserves is attached as Appendix A. Column 1 lists the old designations, Column 2 lists the Bands owning the reserves and Column 3 lists the approved new names. These reserves are listed in the schedule under the new names only.
