Indian-Eskimo Program
Information Center
Room 792,
400 Laurier Ave. W.,
Ottawa 4, Ontario.
Canada.

Dear Reader:

February, 1971.

The need for a comprehensive inventory of programs and services available to Canada's Indian people has been recognized and efforts are underway to satisfy this need.

This is a large task and the initial phase has been to determine and pursue information needs about the programs and services available to Indian people through the Department of Indian Affairs and Northern Development. The second and third phases will be to expand and refine the material obtained in the initial phase and to secure information on programs and services provided by other agencies both public and private, federal and provincial.

The information obtained so far has been produced in a series of three basic reports - one for each of the Department's activities in Community Affairs, Economic Development and Education. There are seven sets of three - one for each Region. Each report, in its final form, will form a source of information on all relevant programs and services available to native people. Inside the Department it could form a link to communicate policy, procedures and operational variations. It would also provide a useful body of information required in briefing and training of staff. The information will also be used as basic data for public presentations.

This report presents the results of initial efforts to satisfy the above-mentioned information needs derived from discussions with activity specialists. The information is not final, complete, or up-to-date. Before using any of the information for public purposes, it is being distributed to our staff to obtain their suggestions for changes. Any resulting amendments will be forwarded as revisions, which can be inserted with ease because of the loose-leaf format.

Your comments are invited at any time; however, any information received by July 1, 1971, could be included in the material made available for public purposes.

Charles F. Kerr,
Chief,
Indian-Eskimo Program,
Information Centre.

B.1.a	Education				
B.1.	<u>Background - National</u>				
B.1.a	<u>History</u>				
	<p>Prior to Confederation, a small but significant body of legislation had been passed which indicated acceptance of responsibility for Indian education by the provincial or local governments. Several legislatures had made provision for the attendance of Indians at schools serving non-Indian children, including the payment to local authorities for tuition and board. There was authority in both Upper and Lower Canada for the incorporation of Indian reserves into established school districts or school sections and some provision had been made in the statutes for the financing of Indian education.</p> <p>The B.N.A. Act vested in the Parliament of Canada jurisdiction to legislate with respect to Indians and the lands reserved aside for their use. The existing legislation, which provided a basis for the extension of provincial services to the Indian people, was superseded by the Indian Act of 1876 which provided the legal basis for federal administration of Indian Affairs.</p> <p>After 1871, most Indian treaties contained a commitment "to maintain schools for instruction on the reserve.....whenever the Indians of the reserve shall desire it" or "to make such provision as may from time to time be deemed advisable for the education of the Indian children". As a result of such provisions and their interpretation, until the end of the second World War education for the Indian was, in effect, education in isolation.</p> <p>During this period, schools and hostles for Indian children were established, but scant attention was paid to developing a curriculum geared to either their language difficulties or their sociological needs. A few Indian bands established schools for their children on the reserves, but the majority of them had neither the financial nor leadership resources to establish and operate their own schools. Provincial governments were too preoccupied with their own priorities to become involved in Indian education. Missionaries provided a modicum of services, but their 'noble savage' philosophy effectively</p>		Senate Brief on Poverty 1970	Dept. Dir. Educ. Branch.

B.1.a.	<u>History (Cont'd)</u>				
	<p>insulated the Indians from the mainstream of society.</p> <p>After the Second World War, Canadians became concerned about the immense educational gap between Indian and non-Indian youth.</p> <p>In line with the recommendation made by the Special Joint Committee of the Senate and House of Commons in 1948 the policy of having Indian children educated in association with non-Indian children has been given prominence in educational planning. Wherever possible after consultation with, and agreement of, the Indian parents, arrangements are made to have children attend non-Indian schools. By 1958, 22% of the total Indian school population were in non-Indian schools. By the end of the period the figure was 55%. This has been accomplished by having Indian children enrolled in local and private schools and by agreement with provincial school boards for the establishment of joint schools for Indian and non-Indian pupils with the Federal Government contributing to the cost of construction on a pro rata basis. These joint schools have increased from 52 in 1958 to 379 in 1968 and have been a significant development in broadening the outlook of Indian children and in fitting them to participate actively in the life of the greater community of which their reserves form a part. It should be noted that in line with this policy the administration of Indian education in the Northwest Territories was transferred in 1955 to the Northern Administration Branch of the Department of Indian Affairs and Northern Development (in 1966) which provides an integrated school system for all children in the Territories.</p> <p>An increasing population of school age, with more sophisticated methods of teaching and a steady advancement in the program, has resulted in a proportionate rise in educational costs. The cost has risen from \$5,403,012 in 1948 to \$17,456,353 in 1958 to \$58,654,000 in 1968, and the cost estimate for 1969 is \$67,574,000.</p>	1948-68 Review	Dept. Dir. Educ. Branch.

GUIDE	PROGRAM Education	REGION Ontario	FIN. CODE 2200-50	DATE Feb. 1971.	UPDATE Annually, April 1.
CODE	SUBJECT General Administration			FILE REF.	SOURCE ADDRESS
B.1	<u>Background - National</u>				
B.1.a.	<p><u>History</u></p> <p>Prior to 1951 there was only one Inspector of Schools who was located in British Columbia performing supervisory functions. In the other provinces, supervision of the educational program was carried out largely by the Agency Superintendents and directed from Headquarters. With the increasing amount of administrative detail involved in school administration, it was virtually impossible for Agency or Headquarters staff to provide the effective supervision that was required. With the establishment of regional offices, the problem was met by appointing Superintendents of Schools to each region. Approximately forty Districts have been established in the seven regions, each under the supervision of a District Superintendent of Schools. In addition to general administrative and supervisory duties, their work involved negotiations with local school authorities for the admission of Indian children to non-federal schools, which had increased from 1,426 in 1948 to 36,804 in 1968. They were also required to advise students and their parents with respect to the selection of courses, and the assistance which was made available by the government to enable students to take post elementary school education. Superintendents of Schools were assisted in their work at regional and district level by Counsellors, Adult Education Specialists, Language Art Specialists and support staff.</p> <p>In 1948, there were 383 teachers employed by the Department. In the 1967-68 school year there were 1,600, including counsellors, language arts supervisors and adult educators. Prior to 1954, teachers at residential schools were employed by Church authorities who operated these schools on behalf of the Department, but in that year arrangements were made to have these teachers employed by the Department. Since that time the number of untrained teachers in residential schools has decreased from 40.2% in 1952/53 to approximately 7% in 1967/68. The reduction in untrained teachers has been brought about, in part, by making salaries comparative with those prevailing in the particular region or province, improving living accommodation and by bringing the teachers under the Public Service Superannuation plan. It is of interest to note that there were</p>			Review 1948-68	Dept. Head, Educ. Serv.

	<p>Incorporated in the program is a staff-training process to improve the instructional capabilities, in relation to the needs and desires of the Indian people served.</p> <p>As an incentive to students, a system of scholarships was established on a regional basis in 1957. The scholarships, ranging in value from \$400 to \$1,000, according to the type of course chosen, were awarded to outstanding students in nursing, teacher training, technical, agricultural and university courses. In 1959 the program was broadened to include cultural as well as academic training, and scholarships were made available to students with demonstrated ability in art, music and drama.</p> <p>Originally, students who were the recipients of scholarships received no further educational assistance. In 1964, it was decided that the scholarship funds would be in addition to those provided through educational assistance; consequently, scholarships were reduced to amounts varying from \$100 to \$300.</p> <p>In 1957, fourteen scholarships were awarded. By 1967, funds for 210 students in academic or occupational courses had been provided as well as special funds for 32 students interested in developing their particular cultural talents.</p>			Review 1948-68	
B.1.b.	<u>Present Situation</u>				
	<p>There are now 151 teacher-aides all of whom are of Indian status. It is expected that 70 scholarships will be given each year from 1970-71 fiscal year onwards.</p> <p>Staff training is being accelerated to raise the qualifications of employees.</p> <p>The funds for Educational Research are being increased at about 10% per year from the level of approximately \$100,000 in 1969-70.</p>

C.1	<u>Method of Operation - Departmental</u>				
C.1.a.	<u>Purpose</u>				
<p>The purpose is to provide Staff Training, Education Studies & Research, Travel, Leases, Property Acquisition and Transfer, Audio-Visual Aids, and Office facilities. To these can be added the administration of Pupil Transportation for all regions, including obtaining authority for contracts and processing applications for Band Grants, as well as the Student Scholarship Program.</p>					
C.1.b.	<u>Procedure</u>				
<p>The Program is carried out in accordance with an annual Program Forecast and Annual Financial Estimates with a maximum degree of decentralization to Regional and District Education Offices. The basic structure is threefold - Administration, In-School and Post-School Program components, all co-ordinated through the General Administration activity.</p>					
<p>Administration of programs is the responsibility of each District. Total Education programs are under the administration and supervision of the District Superintendent of Education. Education field staff are directly responsible to the District Superintendent of Education. Regional Education staff provide program guidelines and interpretation of policy where necessary.</p>

B.1.	<u>Background - National</u>				
B.1.a.	<u>History</u>				
	<p>Prior to the Second World War education for the Indian was, in effect, education in isolation. Schools and hostels for Indian children were established, but the curriculum was not geared to their language difficulties nor to their sociological needs. A few bands had established schools on reserves, Provincial Governments were not really involved, and services were provided by missionaries. There was little or no Indian involvement in educational decision making.</p> <p>Since the War, there has been a concerted effort regarding the education of Indians with a gradual shift from Federally operated schools to the use of Provincial facilities. In 1948/49, 94% of Indian school students were in Federal schools; in 1967/68, only 46%. Originally Federal schools provided education for the primary and secondary levels, but gradually the secondary level has been left to provincial schools. The curriculum changed to follow the appropriate provincial one and Regional Language Supervisors were appointed to attempt to overcome the language difficulties of Indian children. In 1968, a survey was made to help identify textbooks that were offensive to Indian people, and steps were taken to remove them from the schools.</p> <p>In 1948 there were 285 day schools with supervision carried out largely by Agency Superintendents and directed from Headquarters. In 1953, 45 of the teachers were Indian.</p> <p>School Committees were organized on a few selected Indian reserves in 1956 to stimulate parental and community interest, and to provide experience for further involvement of Indians in educational administration and management. By 1968, there were 76 such committees and two Provinces - Ontario and New Brunswick - had amended their legislation to recognize the rights of Indians to sit on school boards.</p>		Senate Brief on Poverty 1970 Review 1948-68	Dept. Chief, Educ. Dev. Div.

CODE	SUBJECT Education in Federal Schools		2300-40	FILE REF.	SOURCE ADDRESS
B.1.	<u>Background - National (Cont'd.)</u>				
B.1.a.	<u>History (Cont'd.)</u>				
<p>In 1959/60 there was only one kindergarten teacher. This program has been extended as a major step to eliminate dropouts and age-grade difficulties of former years and, on the basis of standardized reading tests, considerable improvement has been noted. By 1968 there were 151 teachers teaching over 4,000 children in Federal schools. Another 1,000 children were in the Provincial program.</p>					
B.1.b.	<u>Present Situation</u>				
<p>There are 300 Federal schools employing 1,282 teachers. Approximately 40% of the Indian pupils are in these schools which provide for education to the grade 8 level (maximum), after which pupils proceed to provincial schools. The schools are located chiefly in isolated areas where integrated education is difficult to achieve. This situation is especially so in Manitoba and Quebec. About 12% of the teachers do not have recognized teacher qualifications, while another 20% have at least one university degree. By 1969 there were 158 teachers of Indian status.</p>					
<p>By 1969 there were 5,752 children in the two-year kindergarten program.</p>					
<p>There are 165 school committees which assist in the operation of Federal schools serving Indian children. On reserves where the children attend the local provincial school, the committee has a liaison function. Band Councils appoint the members of the committee who, in turn, have authority in</p>

DATA COLLECTION SYSTEM

GUIDE	PROGRAM Education	REGION Ontario	FIN. CODE	DATE Feb. 1971	UPDATE Annually, April 1
CODE	SUBJECT Education in Federal Schools		2300-40	FILE REF.	SOURCE ADDRESS
C.1.	<u>Method of Operation - Departmental</u>				
C.1.a.	<u>Purpose</u>				
<p>To operate Federal schools only in those areas where acceptable provincial schools are not available, or where Indian people do not choose to use provincial educational services. This includes all aspects of the program including instruction, inspection, school facilities and school committees. The objective is to ensure that the level of pupil achievement in Federal schools is on a par with that in provincial schools so that, should the parents wish to place their children in provincial schools, the changeover can be made with a minimum of difficulty for the pupils.</p>					
C.1.b.	<u>Procedure</u>				
<p>In general, this program is carried out along the lines followed by provincial school authorities. The physical facilities, where possible, are in line with provincial standards. The curriculum followed is that of the province in which the school is located with <u>special provision</u> for Indian culture content and for other special needs.</p>					
<p>Teachers recruited must meet provincial qualifications. Kindergarten instruction is supplied for all Reserves where pre-school population warrants.</p>					
<p>The Department employs a staff of Regional and District School Superintendents who are responsible for the supervision of the program offered in the Federal schools. The Superintendents make use of provincial supervision service.</p>					
<p>Although there are no school boards for these schools, there are, in many cases, education committees made up of Band members, chosen either by appointment by Chief and Council or by Band election. Within limited areas, these committees perform functions similar to those of a provincial school board. Their requests are passed to the District Superintendent of Education for approval. The operating budget is presented annually by the School Committee to the District Superintendent of Education.</p>

B.1.	<u>Background - National</u>				
B.1.a.	<u>History</u>				
	<p>In line with the recommendation made by the Special Joint Committee of the Senate and House of Commons in 1948, the policy of having Indian children educated in association with non-Indian children has been given prominence in educational planning. Wherever possible after consultation with, and agreement of, the Indian parents, arrangements have been made to have children attend non-Indian schools. In 1948, 6% of the total Indian school population was in non-Indian schools. By 1967/68 the figure was 55%. This has been accomplished by having Indian children enrolled in local and private schools and by agreement with provincial school boards for the establishment of joint schools for Indian and non-Indian pupils with the Federal Government contributing to the cost of construction on a pro-rata basis. These joint schools have increased from 52 in 1958 to 379 in 1968, and have been a significant factor in broadening the outlook of Indian children. In line with this policy, the administration of Indian education in the Northwest Territories was transferred to the Northern Administration Branch of the Department of Northern Affairs and National Resources in 1955, (this became the Department of Indian Affairs and Northern Development in 1966) and provides an integrated school system for all children in the Territories.</p>			1948-1968 Review	Dept. Chief, Educ. Dev. Div.
	<p>As the number of Indian students entering provincial and other schools began boarding in urban centres while following academic or occupational courses, it was recognized that these pupils required special guidance and counselling. Consequently, in 1956 guidance services were introduced for the first time by means of a guidance manual for the use of all teachers instructing Indian students. In addition, a systematic and coordinated testing program was begun. The guidance manual was revised, enlarged, and up-dated in 1967.</p>

	Education in Non-Federal Schools				
B.1	<u>Background - National (Cont'd)</u>				
B.1.a	<u>History (Cont'd)</u> Teacher-Counsellors were appointed to the staffs of residential schools in 1960 and a special "Guide" prepared for them. To help the increasing number of counsellors to carry out their duties effectively, a new "Guide for Counsellors" was prepared in 1966 outlining their basic terms of reference. In addition, a training program was developed. By 1968 there were 100 Guidance Counsellors and 50 Vocational Counsellors with responsibilities basically: (i) To help guide students into suitable courses, (ii) To help students adjust to new courses and educational institutions; and (iii) To help students adapt to urban life and to gain the most benefit from their experiences in it.				
B.1.b.	<u>Present Situation</u> All high school students attend provincial schools. In 1968/69, 53% of the total Indian population in the provinces was enrolled in provincial schools; Joint schools had increased to 380; and 176 counsellors were counselling Indian students and communities. General agreements have been negotiated with the provinces of British Columbia, New Brunswick and Manitoba.			Senate Brief on Poverty 1970	Dept. Chief, Educ. Dev. Div.

GUIDE	PROGRAM Education	REGION Ontario	FIN. CODE 2400-20	DATE Feb. 1971.	UPDATE Annually, April 1.
CODE	SUBJECT Education in Non-Federal Schools			FILE REF.	SOURCE ADDRESS
B.2	<u>Background - Regional</u>				
B.2.a	<u>History</u> Attendance at Provincial highschoools in southern Ontario by Indian students has been traditional. Integrated schooling began in 1954 in Sarnia and moved through different communities through the 1950's . In 1967, approximately 1,500 students attended Provincial high schools.			401/25-16	Reg. Supt. Educ.
B.2.b	<u>Present Situation</u> As of 1969-70, 50% of Indian students were in the provincial system; there are 4,730 elementary school pupils and 2,238 high school students. The Department has entered into 96 joint agreements, for a total capital participation of \$6,535,380.00. We are continuing to meet with School Boards for the purpose of extending current joint agreements or establishing new ones. Negotiations are in progress to extend Provincial Supervisors and Specialists' services into the Federal system.			401/25-16	Reg. Supt. Educ.
B.2.c	<u>Special Situations</u> The Federal Government is providing Education services in some communities where Indian people reside in fairly large numbers (e.g., Moosonee, Hornpayne, Armstrong, Aroland). This situation is likely to continue for some time. When and if the Provincial Government is prepared to offer these services to Indians, they will be used only if the Indian people agree.			401/25-11	Reg. Supt. Educ.

<u>CODE</u>	<u>SUBJECT</u>			<u>FILE</u> <u>REF.</u>	<u>SOURCE</u> <u>ADDRESS</u>
	Education in Non-Federal Schools				
C.1	<u>Method of Operation - Departmental</u>				
C.1.a	<u>Purpose</u>				
	To provide an educational opportunity for Indian children which is on a par with that enjoyed by all other Canadian children. To assist in enabling Indian and non-Indian people to live and work together on equal terms, and to encourage Indian children to participate actively in the life of the provincial communities of which their reserves are a part.			Senate Brief 1970	Dept. Chief, Educ. Dev. Div.
C.1.b	<u>Procedure</u>				
	This program is carried out through negotiations between the Department and individual school boards or districts in most cases - in others, provincial departments of education. When an Indian Band has agreed that the school aged pupils of the Band should attend a provincial school, the District and Regional School Superintendents open negotiations with the appropriate provincial school authority. Through these negotiations, provision is made for the school facilities and program which would meet the needs of the Indian pupils; an estimated cost of such a program is calculated, and a cost sharing arrangement is worked out based on the ratio of the Indian enrolment to the total enrolment. In these negotiations, attention is given to special program needs which the socially disadvantaged Indian pupils may require.				Dept. Chief, Educ. Dev. Div.
	Instruction, extra curricular activities, school texts and basic supplies are made available to the Indian students by the Provincial school in the same manner as for non-Indian pupils. Costs for these services are then claimed, together with tuition, through the local District office which also provides general assistance, liaison and counselling services on request.

C.1	<u>Method of Operation - Departmental (Cont'd)</u>				
C.1.b.	<u>Procedure (Cont'd)</u>				
	Guidance services are provided by Departmental Guidance Counsellors and Counsellor Aides who are on the staff of the District Superintendent of Education. Services include assistance in educational planning, adjustment to the school environment, teacher-pupil relationships, boarding home arrangements, and the development of social skills.				
C.1.c.	<u>Publications</u>				
	(i) Departmental - annual statistical reports on non-federal enrollments and attendance.				
	(ii) Other - Cassi Handbook 1965				
C.1.d.	<u>Future Plans</u>				
	Departmental plans will only be implemented as agreement on the individual components of them is reached through consultation with the appropriate Indian Bands and associations, as well as with Church and other organizations and provincial school authorities. With the appropriate agreement, all Indian children could be enrolled in the provincial system. It is also planned to increase academic achievement and lower the drop-out rate by ensuring counselling service is available to all Indian students. Special orientation, extra-curricular and tutorial services will be purchased as required from provincial agencies to assist high school students.

B.1.	<u>Background - National</u>				
B.1.a.	<u>History</u>				
	<p>In 1948 federal legislation first gave recognition of the need to provide annuity or interest moneys for the maintenance of Indian school children (ages 6-17 years). Not much was done in this regard until after the 1951 Indian Act was passed.</p>				Dept. Chief, Guid. & Spec. Serv.
	<p>Educational Assistance provides funds to enable Indian students to continue their education when they may have to leave their own homes to do so. Historically, the time came when the increase in both the numbers and the educational advancement of the students meant that the reserve schools were unable to meet the total school requirements for Indian students. Thus, in November 1958, authority was granted for the provision of educational services and facilities to Indian children by the government of a province, the council of the Northwest Territories, the council of the Yukon Territory, a public or separate school board or a religious or charitable organization. At this time authority was also granted to pay on behalf of Indians in training:</p>				
	<p>the cost of tuition, books and supplies;</p>				Dept. Chief, Guid. & Spec. Serv.
	<p>the cost of transportation for the student from his place of residence to the school and return;</p>				
	<p>the cost of partial or total board and room while attending an institution of learning;</p>				
	<p>the cost of providing the student with a monthly personal allowance to cover carfare, laundry, and other incidental expenditures in connection with his educational training. Subsequently, the cost of providing necessary clothing was also added to this list.</p>

	Transportation & Maintenance of Pupils				
C.1.	<u>Method of Operation - Departmental</u>				
C.1.a.	<u>Purpose</u>				
	To ensure comparable services to Indian students attending non-Federal Schools through the provision of:				Dept. Chief, Guid. & Spec. Serv.
	(i) Maintenance of pupils in private homes				
	(ii) Mid-day lunches				
	(iii) Student Allowances				
	(iv) Seasonal transportation				
	(v) Daily transportation				
C.1.b.	<u>Procedure</u>				
	Maintenance of pupils in private homes is the major part of the Educational assistance program and constitutes a vital part of the counselling function. Boarding home requirements are determined jointly between the Indian parent and Federal Education personnel. The School Committee often plays an important role. The boarding student receives adequate assistance regarding board and room, clothing, travel, and personal spending. Choosing the Boarding home ideally is the prerogative of the parent, however, in most cases selection of homes is done by Counselling staff. Efforts are made to orient both the boarding home parents and the Indian student to the program with adequate follow-up by Counsellors throughout the year.				Reg. Supt. Educ.
	The mid-day lunch program is organized and carried out by Indian people either on a voluntary or business basis, or organized through some existing private enterprise at an agreeable rate. Funds for the program are included in the District Education budget.				Reg. Supt. Educ.

	Transportation & Maintenance of Pupils				
C.1.	<u>Method of Operation - Departmental (Cont'd)</u>				
C.1.b	<u>Procedure (Cont'd)</u> Daily Transportation is provided through public tender. One and three year contracts are drawn up. "Renewal of contract" procedure of up to three years is widely used. A few contracts are with School Unit Boards.				Reg. Supt. Educ.
C.1.c	<u>Publications</u> Nil.				
C.1.d	<u>Future Plans</u> The Educational assistance program, which encompasses the Boarding Home program, mid-day lunches and Student Allowances, will continue to expand as Indian students take greater advantage of higher education opportunities, and Indian parents emphasize the educational pursuits of their children. Contracts for daily transportation will continue to be tendered according to need. Increasing effort will be made to have 100 per cent Indian participation in these contracts by giving Indian contractors a 10% preference in tenders. Moreover, Indian Bands are being encouraged to take over awarding of contracts under the Grants to Bands Program. The Department will continue to strive for the best vehicle and operation standards to ensure safe daily transportation of Indian children.				Reg. Supt. Educ. Reg. Supt. Educ.

B.1.	<u>Background - National</u>				
B.1.a.	<u>History</u>				
	<p>The Indian Act in 1951 provided for the extension of educational facilities to include secondary and university education. As the expanded education program developed, the adult education programs evolved around the emerging needs of adult Indians across Canada.</p>			1948-68 Review	Dept. Chief, Adult Educ.
	<p>A preliminary survey in 1956 indicated that on approximately one half of all Indian reserves, over 25 per cent of the adult population was either illiterate or semi-literate. As a result, a four point program was initiated in 1957, which included:</p>				
	(i) literacy courses in basic language and computational skills;				
	(ii) continuation classes for those who had had some schooling but wished to raise their educational standing;				
	(iii) trade and vocational short courses to increase the earning power of men and improve homemaking standards of women; and				
	(iv) community improvement, through organized recreation, home beautification, improved sanitation facilities, etc.				
	<p>Classes conducted by local teachers or instructors employed on a part-time basis were held two or three evenings a week, or at times convenient to the participants. The duration of such courses was often contingent upon the availability of staff. In 1957, 146 adult Indians enrolled in literacy programs.</p>

CODE	SUBJECT Adult Education			FILE REF.	SOURCE ADDRESS
B.1.	<u>Background - National (Cont'd)</u>				
B.1.a.	<u>History (Cont'd)</u>				
	<p>The period of 1958-1964 saw many new developments in adult education. As adult Indians became aware of the opportunities available, enrolment increased from 798 in 1958 to 3,482 in 1964. The Department assisted adult Indians financially to participate in federal and provincial programs, Services of provincial governments and other agencies were purchased, where feasible, to meet emerging needs and increased demand for programs.</p>				
	<p>In 1958, policy was expanded to include upgrading programs aimed at helping out-of-school adolescents and unmarried adults between the ages of 16 and 25 years to prepare for permanent employment off the reserves. Classes were conducted on a full-time basis for a period of six-to-eight months, and included social and vocational orientation training and individual guidance.</p>				
	<p>In May 1962, the Department hired an Adult Education Specialist to assist in the development of a more comprehensive program and to co-ordinate regional efforts.</p>				
	<p>In 1963-64, 71 different courses were organized and operated in 50 Indian communities across Canada, involving 1,070 participants. Courses ranged in content from practical home economics to guiding, fish camp operation, arts and crafts, carpentry, welding and auto mechanics, with a small minority in literacy and continuation classes.</p>				
	<p>The value of the training is reflected in the growth and development of health, welfare and education committees. The number of active school committees had gradually increased from 11 in 1957 to 51 in 1964. In many areas these organizations are a dynamic force for good in the community.</p>				
	<p>The Indian Affairs Branch, through its Social Programs Division, encouraged the establishment of Homemaker Clubs which provide Indian women with the opportunity to meet socially, to increase their homemaking skills, and to take an active part</p>				
CENT. STAT. No.	in the solution of community problems. During 1963-64, there were 136 homemaker clubs.			D. C. S. No.	2600/4

	Adult Education						
B.1.	<u>Background - National (Cont'd)</u>						
B.1.a	<u>History (Cont'd)</u>						
	<p>In 1965 the Adult Literacy or Basic Education Program was announced. The objective of this program was to provide all adult Indians with a minimum level of education equivalent to Grade 8 in elementary schools.</p> <p>The period from 1965-69 saw further developments in adult education services. As the need arose adult educators and eventually district and regional supervisors of adult education were appointed to assist with the planning, programming and evaluation of programs.</p> <p>The amalgamation of the Indian Affairs Branch with the Northern Administration Branch in December 1968 resulted in an expansion of the adult education staff at Headquarters.</p> <p><u>Libraries</u></p> <p>During the last twenty years, funds, in increasing amounts, were provided for the purchase of library books, for Indian children in federal schools, reaching the sum of \$6.00 per student in 1967/68. In 1967/68, the selection list of books was completely revised and expanded to include a broad choice of materials related to the curricula used in our schools, with special emphasis on books about the native peoples of the Americas. The list was printed by the Queen's Printer on the computer, so that catalogue cards could be run off from the same entries and supplied to the schools. This process enabled the teachers and librarians to organize, circulate and make better use of the books purchased.</p> <p>Opportunities are now being opened for training for school librarians and it was expected that in the fall of 1968 schools of 15 rooms and over will have full-time school librarians and those of 10-15 rooms part-time librarians.</p>

B.1.	<u>Background - National (Cont'd)</u>				
B.1.a.	<p data-bbox="208 483 478 516"><u>History (Cont'd)</u></p> <p data-bbox="208 548 1527 893">A librarian was hired from 1960-1964, to take books to various Indian communities. In 1967/68 an expanded program of library development was launched. With the co-operation of provincial library agencies and officials, arrangements were made for Indian bands to be included in regional public library systems in the Maritimes, Quebec, Ontario and Saskatchewan. In each case, the band was required to take the initiative in requesting library service, and to contribute a minimum of 10 cents per capita per annum towards this service. The Department, on application, provided a grant of \$1.00 per capita to the band from the Grants to Band Fund (Development Directorate) and these combined funds enabled the Indian band to join the regional or county library in its area, similar to other communities.</p> <p data-bbox="208 925 1457 1149">In the summer of 1967, a pilot project was launched in which five Indian, university students were employed in on-the-job training programs at regional and provincial libraries to give them an opportunity to explore careers in library services and to carry out field work with Indian bands. The program was expanded the following year, and 20-30 Indian, university students were employed in public libraries where their Indian backgrounds were an asset in the development of services to their own people.</p> <p data-bbox="208 1182 1506 1339">One band in Ontario and five bands in Saskatchewan had contracted for library services from regional libraries by 1968, and several other contracts were under negotiation. Changes were also being considered in provincial legislation in Manitoba, Alberta and British Columbia so that library services might be made available to Indian Bands.</p>

	Adult Education																		
B.1.	<u>Background - National (Cont'd)</u>																		
B.1.b.	<u>Present Situation</u>																		
	<p>The development of meaningful adult education services in Indian communities must be suited to the needs of the community, and administered as far as existing legislation will permit, by Band Councils or by Band Council - sponsored Education Committees. Adult Education programs may be implemented on the reserves or through a negotiated arrangement with established educational agencies.</p> <p>At the field level, adult education comes under the guidance of Regional Superintendents of Vocational Education who have the overall responsibility for Adult Education, Vocational Education and Employment and Relocation Services. There are 16 adult education field positions within the Department. Where no adult educators have been appointed, vocational counsellors provide services directly to the Indian people.</p> <p>At Headquarters, a further amalgamation of divisions effective April 1, 1970 created an Adult Education Section with three staff members under the jurisdiction of the Division of Employment and Related Services.</p> <p><u>Adult Basic Education programs</u> are divided into the following levels:</p> <table> <tbody> <tr> <td>Level I</td> <td>Jr. Upgrading</td> <td>-</td> <td>Gr. 0-4</td> </tr> <tr> <td>Level II</td> <td>Sr. Upgrading</td> <td>-</td> <td>Gr. 5-8</td> </tr> <tr> <td>Level III</td> <td>Intermediate</td> <td>-</td> <td>Gr. 9-10</td> </tr> <tr> <td>Level IV</td> <td>Advanced</td> <td>-</td> <td>Gr. 11-12</td> </tr> </tbody> </table>	Level I	Jr. Upgrading	-	Gr. 0-4	Level II	Sr. Upgrading	-	Gr. 5-8	Level III	Intermediate	-	Gr. 9-10	Level IV	Advanced	-	Gr. 11-12		Dept. B.1	<u>Background - National (Cont'd)</u>				
B.1.b.	<u>Present Situation (Cont'd)</u>				
	<p>There has been a significant increase in the number of adult Indians enrolled in basic literacy programs over the past years indicating an increasing awareness of the value of academic education and of the best method of applying the benefits to particular needs and aspirations.</p> <p><u>Social Education and Other Services</u> is informal education for men and women as individuals and members of their communities with the object of ensuring for them a more useful and productive life. Programs cover five main categories:</p> <ul style="list-style-type: none"> - skill development - e.g., homemaking, sewing, cooking, carpentry, typing, welding, etc.; - citizenship and leadership training - for leaders involved in local government co-operative management, small business management, sewing, public affairs, Canadian law, etc.; - relocation - e.g. preparation or assistance of families in relocating; - support programs - e.g. Housing Education for Indian families; and - cultural education - e.g. native handicrafts, history, language, etc. <p>Social Education and Other Services' programs are held in co-operation with federal, provincial and university extension Departments and play an increasingly important role in the development of responsible adult Indians with the ability to participate actively in group or community affairs.</p>

GUIDE	PROGRAM Education	REGION Ontario	FIN. CODE 2600-40	DATE Feb. 1971.	UPDATE Annually, April 1.
CODE	SUBJECT Adult Education			FILE REF.	SOURCE ADDRESS
B.2	<u>Background - Regional</u>				
B.2.a.	<u>History</u> Follows the National Pattern.				
B.2.b.	<u>Present Situation</u> The Ontario Region does not have Regional or field staff designated as Adult Education Officers. This function is performed by the District Superintendents of Education and all counsellors. Every effort is made to utilize provincial services, where feasible, by purchasing services from the Community Colleges of Applied Arts and Technology. The greatest portion of Adult Education Programs are sponsored by Canada Manpower, with only a limited number of clients sponsored by the Department of Indian Affairs and Northern Development where clients do not meet the criteria as established under the terms of the Occupational Training Act for Adults. A limited number of part-time evening programs and classes in home management are sponsored by this Department.				Reg. Supt. Voc. Educ.
B.2.c.	<u>Special Situations</u> Nil.

C.1.	<u>Method of Operation - Departmental</u>				
C.1.a.	<u>Purpose</u> Adult Education's major goal is to have all adult Indians functionally literate. In order to be functionally literate, i.e., to be able to cope with the problems encountered in a fast developing technological society, an adult Indian would need to: (i) be literate in English or French; (ii) be qualified to take vocational training or further education; and (iii) be able to participate in the socio-economic and political development of the community in which he lives.			Program Review	Dept. Chief, Adult Educ.
C.1.b.	<u>Procedure</u> While Headquarters staff are available to interpret federal policy and procedures as requested, and to act in a consultative capacity with respect to program development, Field staff are responsible for initiating, organizing and supervising these programs geared to the needs and interests of adult Indians.				Dept. Chief, Adult Educ.

F.	<u>Problem Areas (Cont'd)</u>				
F.1.	<u>Operational (Cont'd)</u>				
	<p>Commercially - prepared adult basic education teaching and learning materials have limitations as to their use with adult Indians because of foreign or urban content. Teachers should have the ability to adapt existing materials, or produce materials better suited to the needs and interests of adult Indians.</p> <p>No suitable system for placement or achievement testing of adult Indians has been developed. This is of vital importance as the adult Indian will drop out of programs if not properly placed and kept aware of his progress.</p> <p>Incentives in the form of allowances or promise of employment in the foreseeable future are strong motivational factors in recruiting and holding adult Indians in Adult Basic Education courses, although both will add considerably to the cost of the program.</p>

B.1.	<u>Background - National</u>				
B.1.a.	<u>History</u>				
	<p>Vocational training programs in the period following 1948 show a steady student increase from 41 to just over 2,081 in 1968, exclusive of 225 who were enrolled in universities, colleges of technology, teacher training and nursing training.</p> <p>In 1956, the Department began organizing special courses in cooperation with various Provincial Departments of Education, using provincial vocational facilities.</p> <p>In 1966, the Department of Indian Affairs determined that the training and employment of adult Indian people warranted additional emphasis, and the new Division of Vocational Training and Special Services was created. Previously, the vocational training function was performed on an ad-hoc basis by a variety of people, primarily employed in the field of education. The Placement officers were transferred from the Economic Development Division to the Vocational Training Division. Additional staff were recruited from the teaching ranks and given the title of Vocational Counsellors. In the new Division, the Vocational Counsellors were given responsibility for motivational counselling on reserves, enrollment of adult people in training programs and, to the extent time permitted, involvement in job placement work on a local basis, particularly in summer when training activities ceased.</p> <p>The Placement Officers who are now referred to as Employment Relocation Counsellors have generally been confined to employment activities, however, they have, in some specific instances, become involved in training as well.</p> <p>The Vocational Training and Special Services Division was charged with the prime responsibility for Adult Education, Vocational Training and Employment, which has led to the development of present Post-School Programs.</p>			Dept. Chief, Voc. Educ.

C.1.a.	<u>Purpose</u>				
	<p>To assist individuals who are enrolled in any training, including university, which will improve their employability. The program enables the Department to assist those candidates who are not eligible for the Occupational Training Assistance program. These include:</p> <ul style="list-style-type: none"> (i) Candidates who do not meet the one year gap for training eligibility or the after-school gap for allowance eligibility; (ii) Candidates who do not have a clearly defined vocational goal; (iii) Candidates whose training program extends over 52 weeks; and (iv) Students who are involved in a continuing education program such as university or professional training. 				Dept. Chief, Voc. Educ.
C.1.b.	<u>Procedure</u>				
	<p>For those persons not eligible for Occupational Training Assistance, the Department purchases available training from the province or from private institutions. Assistance consists of payment of tuition fees, books and supplies, transportation to and from the course, and a training allowance equivalent to that paid by OTA while the trainee is on course. Where the course is in excess of four months, assistance is provided for the family to accompany the trainee supplemented by a clothing allowance based on need.</p>				Dept. Chief, Voc. Educ.

	<p>A need exists at present, and is likely to continue for some time, for special and enriched post-school programs for adult Indian people. Provision has to be made for the continuance and expansion of such programs. This is particularly imperative if the Indian people are to be prepared to make important decisions and assume the increased responsibilities which are anticipated.</p> <p>The Department of Indian Affairs and Northern Development offers a very comprehensive service to Indian people through the post-school division. Continuation of such a program at a level comparable to the present service will require that any agency assuming the responsibility either:</p> <p>(i) Assume it as a continuing special service to Indian people, or,</p> <p>(ii) broaden its present programs to provide the same level of service to its total clientele as is presently being provided to Indian people through the post-school division of this Department.</p>			Dept. B.1.	<u>Background - National</u>				
B.1.a.	<p><u>History</u></p> <p>This program was initiated in 1957 under the jurisdiction of the Welfare Division, with the appointment of a Placement Officer in each of the four cities of Vancouver, Edmonton, Winnipeg and Toronto. In 1959 a Senior Placement Officer position was established at Headquarters and Placement Officers were employed in each region.</p> <p>The initial focus of the program was the selection and establishment of suitably qualified young Indians in the centres where the regional placement specialists were located.</p> <p>In early 1960, the placement function was transferred to the newly formed Economic Development Division. The job title was changed from Placement Officer to Development Officer with added responsibilities in the development areas. The original idea of restricting activity to carefully selected qualitative placements was considerably diluted, and Placement Officers became increasingly engaged in a wider variety of programs, including seasonal group movements, winter works programs and other activities not related to selective employment.</p> <p>On April 1, 1967, the placement program was consolidated with Vocational Training under the Education Directorate to form the Vocational Training and Special Services Division. Development Officer titles were changed to Employment Relocation Counsellors.</p> <p>The number of placements in jobs other than those of a seasonal nature, has increased from about 100 in 1957/58 to over 2,760 in 1967/68. In connection with seasonal employment, which is chiefly agricultural, the number reached over 9,300 in the same year. By September 1967, 107 families with 417 dependents had been relocated.</p>				Dept. Head, Employ. & Reloc.

B.1.	<u>Background - National (Cont'd)</u>					
B.1.b.	<u>Present Situation</u>					
	At the present time, there is a Supervisor of Employment for each region, except Ontario, and 46 Employment Relocation Counsellors in the field. At Headquarters, there is one person who heads up this program.					Dept. Head, Employ. & Reloc.
	In 1969-70, the employment relocation service placed 5,697 in regular employment and 6,292 in short-term employment. Business school graduates requiring office experience prior to placement in permanent positions are employed in government offices and paid an allowance of \$43.00 per week as in-service trainees. There were 218 trainees under this program in 1969-70. A total of 269 persons received training under a similar program in which the Department contributes up to 50 per cent of the wages for a period of up to 52 weeks. Relocation assistance enabled 502 families living in areas of marginal opportunity to move and find permanent employment. Included in the assistance provided, is a \$1,000 furniture grant for those moving to urban areas under the Off-Reserve Housing program.					Senate Brief on Poverty 1970

C.1.	<u>Method of Operation - Departmental</u>				
C.1.a.	<u>Purpose</u>				
	The purpose of the Employment and Relocation Operation is:				
	(i) <u>Placement</u> To assist Indians to move into regular or seasonal employment through referrals to Canada Manpower Centres or through direct placement, and by providing them with financial assistance and supportive counselling.				Dept. Head, Employ. & Reloc.
	(ii) <u>Relocation</u> To resettle Indian families from reserves to centres of training or employment and to assist them in becoming permanently established in the new community.				
	(iii) <u>In-Service Training</u> To provide students who have graduated from business or commercial schools with work experience in order to enable them to compete for employment.				
	(iv) <u>On-the-Job Training</u> To assist Indian graduates from vocational schools who require some work experience to enable them to obtain permanent employment. It is also intended to assist Indians who do not have higher academic qualifications to obtain employment in semi-skilled areas of industry.				
C.1.b.	<u>Procedure</u>				
	When employment is not available through the Manpower Centre, the Employment Relocation Counsellor conducts an intensive job search by contacting employers, unions, and other community resources and interpreting to them the special needs of the Indian workers.				Dept. Head, Employ. & Reloc.

B.1.	<u>Background - National</u>				
B.1.a.	<u>History</u>				
	<p>Early education of Indians was given in Residential Schools administered largely by the various churches. From 1892 to April 1, 1969, the churches operated the residence program on the basis of a per-pupil grant. In 1968, the Department of Justice ruled that residence employees, though recruited and nominally employed by the Church organizations were, in effect, Crown employees. For this reason, the management and administration of all except four residences were transferred to the Department on April 1, 1969.</p> <p>During the initial two year period of the Department's management of student residences, administrators and child care workers, though public employees were exempt from the provisions of the Public Service Employment Act. In this first two year period, the Department contracted with the Churches to continue their responsibility for the recruitment and nomination of administrators and child care workers.</p> <p>In 1948, 45 percent of the 20,161 Indians attending school, resided in 73 student residences, whereas in 1968, only 9,071 or 14% of the 66,217 Indian students lived in 62 student residences.</p> <p>The need for the residential schools has diminished as a result of additional day school facilities, improved roads and housing, increased provincial welfare services for orphan and neglected children and boarding home services for high school students.</p> <p>Increasingly, the residential schools are becoming hostels which will provide boarding facilities only for pupils enrolled in either provincial or federal day schools. At those residential schools which continue to operate classroom facilities, the classrooms are being separated from the dormitory accommodation and will be administered in the same manner as Federal Day Schools.</p>		Review 1948-68.	Dept. Head, Student Res. Serv.	

DATA COLLECTION SYSTEM

GUIDE	PROGRAM	REGION	FIN. CODE	DATE	UPDATE																									
CODE	SUBJECT				FILE REF.	SOURCE ADDRESS																								
	Education	Ontario	2900-90	Feb. 1971.	Annually, April 1.																									
	Student Residences																													
B.1.	<u>Background - National (Cont'd)</u>																													
B.1.b.	<u>Present Situation</u>																													
	<p>There are 50 student residences in use, 47 operated by the Department, and three continuing to be operated by the Roman Catholic Church by means of per-pupil grants from the Department. Regional breakdown of residence enrollment is as follows:</p> <table border="1" data-bbox="212 714 1489 1039"> <thead> <tr> <th><u>Region</u></th> <th><u>No. of Residences</u></th> <th><u>Total Enrollment</u></th> </tr> </thead> <tbody> <tr> <td>British Columbia</td> <td>14</td> <td>2,023</td> </tr> <tr> <td>Alberta</td> <td>8</td> <td>827</td> </tr> <tr> <td>Saskatchewan</td> <td>8</td> <td>1,330</td> </tr> <tr> <td>Manitoba</td> <td>8</td> <td>860</td> </tr> <tr> <td>Ontario</td> <td>6</td> <td>851</td> </tr> <tr> <td>Quebec</td> <td><u>6</u></td> <td><u>1,035</u></td> </tr> <tr> <td>Total</td> <td>50</td> <td>6,926</td> </tr> </tbody> </table> <p>Approximately one-third of all admissions to school residences are for reasons of problems in the home. As a result of careful screening, larger numbers of children are now attending nearby schools. The ratio of admissions of children from problem homes is, however, on the increase, and one immediate effect is the pressure on the residence program for greater child care expertise in terms of trained child care workers and program supervisors.</p> <p>There is concern therefore, that the residence services be appropriately staffed and directed. There are approximately 450 child care workers, most of whom require further training in this line of work. Since the transfer to the Department in April 1969, a recruitment policy was developed which emphasizes hiring of child care workers with proper qualifications.</p> <p>The per-pupil grants for church operated residences are determined in agreement with the churches and are approved by the Assistant Deputy Minister.</p>					<u>Region</u>	<u>No. of Residences</u>	<u>Total Enrollment</u>	British Columbia	14	2,023	Alberta	8	827	Saskatchewan	8	1,330	Manitoba	8	860	Ontario	6	851	Quebec	<u>6</u>	<u>1,035</u>	Total	50	6,926	Dept. C.1.	<u>Method of Operation - Departmental (Cont'd)</u>				
C.1.b.	<u>Procedure (Cont'd)</u>				
	The operation of student residences is carried out by the residence administrator and his staff of child care workers, domestic and maintenance staff.				
	Students are in the residence from September to June, and some may return home weekends, Christmas, or Easter. Some residences have classrooms attached which are used by resident students and others living in the locality, and the administration of the school is independent of the residence operation. Where there are no classrooms attached to the residence, students will travel to the local Federal or Provincial school. Greater responsibility for the requisitioning of supplies is being assumed by District Offices. Residence Administrators are responsible to the District Supervisor, the District School Superintendent or to the Regional Superintendent of Education.				
C.1.c.	<u>Publications</u>				
	Indian Residential School Study; Canadian Welfare Council 55 Parkdale Avenue Ottawa 3, Ontario.				
C.1.d.	<u>Future Plans</u>				
	It is anticipated that student residences will be operated as long as the Indian people want the residence and there is a need for this type of service. There probably will be a reduction in the number of students accommodated.

D.	<u>Relevant Relationships</u>				
D.1.	<u>With Other Departmental Activities</u> To be completed by December 31, 1972.				
D.2.	<u>With Indian and Other Organizations</u> To be completed by December 31, 1972.				
E.	<u>Existing Agreements</u> Child Care Worker Collective Agreement - Public Service Commission Current contracts with Anglican and Roman Catholic churches for liaison and recruitment duties in the period 1969-71.				Dept. Head, Student Res. Serv.
F.	<u>Problem Areas</u>				
F.1.	<u>Operational</u> Any alternative accommodation arrangements would have to be equally advantageous to the educational progress of the students, and to the desires of their parents. If a residence which is to be closed, is on or near a reserve, the Indian community may wish to use the buildings for other purposes and their proposals may have program and financial implications for the Department.				Dept. Head, Student Res. Serv.
F.2.	<u>Legal</u> Nil.

F.	<u>Problem Areas (Cont'd)</u>				
F.3.	<u>Attitudinal</u>				
	<p>The residential schools have a significant place in the history of Indian people and none of these institutions is going to disappear without some serious questioning. It can be expected that proposals to close residences will be attended by some anxiety on the part of the Indian communities served by the residences. Thus, in proposing the closing of any residence, a period of time will have to be planned for consultation and to allow parents and Indian communities to consider and make recommendations on alternative proposals which may be more suited to the needs of today's children.</p> <p>Indian communities can also have an interest in the residence as an institution which reinforces cultural identity; where Indian children may continue in school with little or no conflict about their identity, and less concern about the way they see and do things than they might have in a non-Indian setting. Contemplated closure of a residence must recognize that Indian people are deeply concerned that their young people are enabled to share in and preserve their heritage.</p>
