## Introduction

The Canadian Radio-television and Telecommunications Commission (CRTC) is pleased to present to Parliament, in accordance with section $72^{1}$ of the Privacy Act (the Act) its Annual Report. The report describes the activities that support compliance with the Act for the fiscal year commencing April 1, 2016 and ending March 31, 2017.

## The Purpose of the Privacy Act

Section 2 of the Act sets out its purpose, which is to protect the privacy of individuals with respect to personal information about themselves held by a government institution, and to provide individuals with a right of access to that information.

It also protects against unauthorized disclosure of that personal information. In addition, it strictly controls how the government will collect, use, store, disclose, and dispose of any personal information.

## CRTC Mandate and Responsibilities

The CRTC is an administrative tribunal within the Government of Canada that is responsible for regulating and supervising Canada's communication system in the public interest.

The CRTC operates under a number of legislative authorities and Acts of Parliament. These include the following: the CRTC Act, the Bell Canada Act, the Broadcasting Act, the Telecommunications Act, Canada's Anti-Spam Legislation (CASL) and the Canada Elections Act, which includes provisions that established the Voter Contact Registry (VCR).

At the heart of our mandate is the duty to serve the public interest by putting Canadians at the centre of the communication system. To this end, our role encompasses consulting Canadians on communication issues of importance to them, dealing with the many applications we receive by making decisions and rules, responding to enquiries and complaints, as well as reporting to Canadians on the progress and outcomes of our work. The CRTC promotes and enforces compliance with its regulatory policies and decisions. It encourages and facilitates industry co-regulation and self-regulation through consultations, committees and working groups with various industry stakeholders. The CRTC also plays a key role in resolving industry disputes. Finally, in the current dynamic and evolving communication environment, the CRTC collaborates with various domestic and international stakeholders to leverage capacity and intelligence on a host of interrelated policy issues and questions.

The CRTC delivers its mandate from offices in the National Capital Region and regional offices throughout Canada.

## Administration

The CRTC's Access to Information and Privacy (ATIP) Office is located within the Information Management section of the Information Management and Information Technologies Directorate.

[^0]The activities of the ATIP Office include:

- receiving and processing requests in accordance with the Act;
- promoting awareness of the Act within the Commission;
- preparing the annual report to Parliament, the annual statistical report and maintaining the Department's Info Source chapter;
- monitoring Commission compliance with the Act; and
- providing professional advice and guidance to senior management and all Commission staff on the Act.

The ATIP Office uses the AccessPro Case Management system and an imaging and electronic redaction software solution, AccessPro Redaction. In addition, the ATIP Office works closely with 13 departmental ATIP Liaison officers who are appointed by the sectors. The liaison officers are responsible for ensuring that requests tasked to their groups are handled promptly and that relevant records are forwarded to the ATIP Office on time.

## Delegation Order

Decision-making responsibility for the application of the various provisions of the Privacy Act has been formally established and is outlined in the Delegation Order approved by the Chairman and CEO of the CRTC on June 10, 2013. A copy of the delegation order is in Appendix A of this Report.
